GENERAL.

Proceedings of the Government of Mysore.

READ :—

Letter No. 8006—357, dated 6th April 1897, from the Inspector General of Education in Mysore, requesting to be informed if Hospital Assistants are not empowered to grant physical fitness certificates under Section 40 of the Mysore Service Regulations to persons newly entering Government service, and stating that in his opinion the expression "Medical Officer in charge of a station" as defined in Government Proceedings No. 1821-55—G. 533, dated 26th July 1893, strictly applies only to Section 293 of the Mysore Service Regulations.

2. Letter No. 350, dated 24th July 1897, from the Senior Surgeon and Sanitary Commissioner with the Government of Mysore, reporting, with reference to this Office No. 263—Ed. 13, dated 7th July 1897, that Hospital Assistants in Madras are not empowered to grant certificates of physical fitness to persons newly entering Government service, and that he is of the same opinion that such important duty should not be entrusted to Hospital Assistants.

No. 2026-59—Ed. 55, DATED, BANGALORE, 6TH AUGUST 1897.

ORDER THEREON.—The Government concur in the view expressed by the Senior Surgeon and are accordingly pleased to lay down that the expression "Medical Officer in charge of a station" as used in Article 40 of the Mysore Service Regulations, must be understood to refer to a Medical Officer at the head-quarters of a district, not inferior in rank to an Assistant Surgeon.

Docket No. 96—92, dated 30th July 1897, from the Deputy Commissioner, Chitaldrug district, requesting that grants of Rs. 5,000 and Rs. 2,000 be sanctioned from Local Funds General for the construction of drinking water wells and for works of village sanitation, respectively, for the current official year.

Docket No. 103—99, dated 30th July 1897, from the same officer, submitting a statement showing the expenditure already incurred out of the grants sanctioned in past years and, as the unexpended balance has lapsed, requesting fresh sanction to a sum of Rs. 14,000 for bringing the works to completion during the current official year.

Letter No. 104—100, dated 1st August 1897, from the same officer, stating that on a report from the Amildar of the Molakalmuru taluk to the effect that 13 persons in two villages of that taluk were in need of gratuitous relief under Section 60 of the Famine Code, he has sent an Assistant Commissioner to the spot to make the necessary enquiries and to give the help required, and placed a sum of Rs. 100 at the disposal of the Amildar for expenditure as occasion arises, and requesting that his application for funds made in his two communications above cited be sanctioned at an early date.

Letter No. 108—104, dated 1st August 1897, from the same officer, stating that owing to the failure of the rains, some signs of distress have commenced to appear in the Molakalmuru taluk, that he has in consequence started four works from District Funds at a cost of Rs. 796 to find employment for the sufferers near their homes, and requesting that early sanction may be given for the restoration of the Dasaredhalli tank which will be suitable as a relief work, if the present unfavorable season does not soon improve.

No. 100—D, DATED, BANGALORE, 10TH AUGUST 1897.

ORDER THEREON.—In the Proceedings of Government No. 4—D, dated 13th November 1896, No. 41—D, dated 8th February 1897 and No. 59—D, dated 31st March 1897, grants were sanctioned for the Chitaldrug district, amounting to

Rs. 17,250 for the construction of drinking water wells, and to Rs. 3,000 for works of village sanitation, to be utilized where such works were most urgently required and with special reference to the present prospects of the season.

It is reported that, out of these allotments, well works at an estimated cost of Rs. 16,388 and sanitation works at a cost of Rs. 2,730, were sanctioned, but only Rs. 4,027 and Rs. 1,145, respectively, were actually expended before the close of the year 1896-97 and the balances lapsed to Government. The Deputy Commissioner now asks for sanction for a sum of Rs. 10,969 required for the completion of the well works started last year and of Rs. 1,168 for similar incomplete works of the year 1895-96 (total Rs. 12,137 for wells), together with a sum of Rs. 1,863 for expenditure on works of sanitation. These sums aggregating Rs. 14,000 are sanctioned from Local Funds General, as also further fresh allotments of Rs. 5,000 for wells and Rs. 2,000 for improvement of village sanitation, making a total of Rs. 21,000* for expenditure during the current official year.

	Rs.
* For drinking water wells	17,137
For village sanitation	3,863
	21,000

The action taken by the Deputy Commissioner as regards the persons reported to be in need of gratuitous relief in the Molakalmuru taluk and the starting of a few works to provide labor for immediate requirements, are approved. Early orders will be passed as regards the Dasareddihalli tank, in consultation with the Government of Madras, but meanwhile the Deputy Commissioner should start and push on other works wherever required with the funds now sanctioned.

Letter, dated 21st July 1897, from Rai Bhadur A. Narainswami Mudaliar.

I have much pleasure in reporting for your information that the orphanage which I have for a long time been desirous of establishing for the benefit of the poor orphans of the Hindu community has now been completed and I intend opening it before the end of next month.

I beg to take this opportunity of offering my sincere thanks to the Mysore Government for the liberal concession shown in granting timber at prime cost for the construction of this building. There is accommodation for 50 orphans, 25 of whom I expect from the Civil and Military Station and the City of Bangalore and the remainder from the various districts of Mysore. This institution will, for the present, be confined to that community who have no religious or social scruple to take meals prepared by a Mahratta cook, and it will be managed by a committee of gentlemen, who, I doubt not, will do all that is necessary to promote the object of the institution. I shall esteem it a great favor if the Deputy Commissioners of districts are requested to kindly communicate with the Managing Committee whenever they may have to send any orphans to this institution.

No. 2310-18—Mis. 368, DATED, BANGALORE, 14TH AUGUST 1897.

ORDER THEREON.—Recorded and communicated to the Deputy Commissioners of districts.

Letter No. 5, dated 8th July 1897, from the Deputy Commissioner, Bangalore district.

Adverting to Government Proceedings No. 78—D, dated 21st May last, I have the honor to state that out of the grant of Rs. 23,500, sanctioned in Government Proceedings Nos. 4—D and 46—D, dated 13th November 1896 and 16th February 1897, respectively, estimates for wells aggregating Rs. 23,463 have been sanctioned for 1896-97.

2. Some of the Amildars have exceeded the sanctioned amount of estimates of certain wells, and the works have been completed in anticipation of sanction of the revised estimates, which were received only on the last day of the year.

3. As I have no funds at my disposal for such works except a small balance of * Rs. 37, I request sanction to appropriate this balance, as well as the balance of Rs. 404 remaining for 1896-97 out of the village sanitation grant of Rs. 2,000, sanctioned in Government Proceedings No. 4—D, dated 13th November 1896, to complete the well works of last year, for which an incomplete list of works will in due course be submitted for sanction.

Letter No. 139, dated 28th July 1897, from the Deputy Commissioner, Mysore district, applying for a grant of Rs. 5,000 from Local Funds General for the construction of drinking water wells, &c., in the Nagamangala and other taluks of the French Rocks sub-division, where the want of drinking water is much felt.

No. 107—D., DATED, BANGALORE, 19TH AUGUST 1897.

ORDER THEREON.—Sanctioned.

2. The Deputy Commissioner is requested to report how much of the allotment of Rs. 6,349, sanctioned for the French Rocks sub-division in the Proceedings of Government No. 4—D., dated 13th November 1896, was utilized during the past official year.

READ:—

Letter No. 649—168, dated 17th August 1897, from the Deputy Commissioner, Kolar district.

I beg to state that during my last tour in the current month I inspected some villages, tanks, &c., in the taluks of Goribidnur, Chikballapur, Sidlaghatta, Chintamani and Srinivaspur and also conferred with the Amildars of those taluks as well as of Bagepalli and with the Deputy Amildar of Gudibanda, with reference to the prospects of the season and the condition of the people and cattle. All the Amildars and the Deputy Amildar of Gudibanda had come to Kolar to attend the meeting of the Local Fund Board which was held yesterday and gave me the latest information. I beg to report accordingly the latest condition of the several taluks as follows:—

2.

Taluk.	Hoblis.	Condition.
Srinivaspur.	(1) Kasab. (2) Somagaganpalli. (3) Dalasanur. (4) Yeldur.	There was good rain. Dry crops are in good condition. Most of the tanks have a small supply of water and wet cultivation has been commenced.
	(5) Royalpad.	Dry crops are in good condition. Tanks have received no supply of water. Wet lands below the tanks have in many cases been cultivated with dry crops. The standing dry crops are in urgent need of rain.
	(6) Addagal.	Dry crops are in good condition but need rain. There has been no rain at all and no seeds have been put down in the following three villages of this hobli:— 1. Marsanpalli. 2. Byringanpalli. 3. Kottandiya. Some relief is required for the landless classes in these villages. There are about 30 families of 70 souls. The repair of Timmalnaikankere now going on in the Public Works Department at a cost of about Rs. 3,000 will provide a good deal of earthwork. It is also proposed to start the cart-track between Gannapalli and Marsanpalli as a relief to the three villages above referred to.
	(7) Nelavanki.	Owing to the failure of later rains, lands sown with ragi in the early rains have generally withered except near Pulgurkote where there were some rains and a few tanks received some days' supply of water. Wet lands below some of these tanks are cultivated with paddy. The raiyats have re-ploughed some of the dry lands to sow gram and other dry crops again. Last year they had a good harvest and no relief is required for the landed classes for the present. The improvement of the minor tank at old Nelavanki will provide work for the cooly classes. The Executive Engineer has promised to inspect the work and advise the Amildar before the end of the month, and steps will be taken to start the work if rains do not come before the end of the month.

3.

Taluk.	Hoblis.	Condition.
Chintamani.	(1) Kasba. (2) Ambajidurga. (3) Kyvara. (4) Murugamella.	Have received sufficient rains and lands have been ploughed and sown, and seedlings have come up.
	(5) Irgampalli.	Wet lands sown under wells only. Dry lands ploughed and kept ready but not yet sown for want of rains. There was only about 30 or 40 cents of rain on the 27th July but none before or since. About 35 villages on the northern half of the hobli are in a bad state.
	(6) Munganpalli.	No rain throughout the hobli. Seeds not put in. Northern villages are worse. Great difficulty for fodder in this and Irgampalli hobli. Doddaroga prevalent in some villages. People are healthy and have stocks of grain. Water difficulty is felt in some villages. Relief works may be required if rains do not fall in 4 or 5 days more. It is proposed to start now the cart-track from Munganpalli to Irgampalli and one or two minor tanks in suitable localities in both the latter hoblis.

Taluk.	Hoblis.	Condition.
Bidlaghatta.	(1) Basettihalli. (2) Jangamkote.	Received rains at the proper time. Ragi has attained the weeding stage. 'Til' and 'Sajje' have also been grown in some places.
	(3) Chilkalnerpa.	Rains scanty till the 11th instant, on which date there was a good shower about one 'Hadam.' Ragi has just been sown. Wet cultivation under wells has been commenced. Wet lands below tanks have been cultivated only in a few villages, but many tanks are still dry. Sugar-cane cultivation is also carried on in some villages from wells.

General condition of the taluk.

Rains have fallen generally in the whole taluk. Public health is good. Want of drinking water wells is felt and this is being attended to as far as possible. Some work in the shape of wells, removal of prickly pear and improvement of conservancy will be carried on under *District Funds* in some of the villages where coolies are badly off. The Chintamani-Chelur road will also give employment to the landless classes.

5. Taluk.	Hoblis.	Condition.
Bagepalli.	(1) Kasba.	Dry lands sown and crops are thriving well. There is very little supply of water in the tanks and so paddy fields have been sown with dry seed grains.
	(2) Mitimari.	Has received fair rains and dry lands have been sown. Wet lands below six tanks also sown with paddy and the crops are doing well at present, but the water in these tanks may last only from 20 days to two months. The rest of the tanks contain water just enough for cattle.
	(3) Patapalya.	Dry lands sown in about $\frac{3}{4}$ths of the hobli and in the remaining $\frac{1}{4}$th portion or the following villages, the lands have been ploughed and are ready to receive seeds on the fall of rain :— 1. Somanathpur. 2. Rachevarpalli. 3. Budilipalli. 4. Korcharpalli. 5. Chingaupalli. 6. Sugaonapalli. 7. Arigevargatta. 8. Narsmaddepalli.
	(4) Gulur.	Dry grains sown but the crops are not doing well for want of rains. Rain is urgently needed. Caterpillar is doing damage to tender crops and there is no water in tanks. As this is a frontier hobli, some relief works are required.
	(5) Belhur.	Dry crops sown all over except in the villages of— 1. Gorhipalli. 2. Rascharya. 3. Musaligampalli 4. Saddupalli. 5. Hallagatpalli. Rain is urgently required and there is no water in the tanks. To find employment for landless classes some relief works will be of great use.
	(6) Chelur.	Dry lands sown in some parts but not around Chelur. There are many irrigation wells in the hobli under which ragi has been sown as usual. Some of the fields are reserved for dry crops also. Rain is much needed. Paddy has not been attempted as there is no water in tanks.
		General health is good throughout the taluk and drinking water is available for men and cattle.

6. Sub-Taluk.	Hoblis.	Condition.
Gudibanda	(1) Kasba. (2) Somanahalli	Dry fields have been sown throughout the hoblis and the crops are in good condition. The rains have been scanty. Supply of water in tanks is not sufficient. Wet lands in some villages have been cultivated with paddy and sugarcane. Drinking water and fodder for cattle are available. Fresh drinking water wells recently sanctioned for the Gudibanda hobli are nearing completion. No relief works appear necessary for the present, but if rains do not come within a week or so, some relief will be required.

7. Taluk.	Hoblis.	Condition.
Goribidnur	(1) Manchenahalli. (2) Tondebhavi. (3) Bommasandra. (4) Hosur.	Ragi has been sown in all the dry lands. Seedlings have come up but stand in need of rain except in Manchenahalli hobli which had some showers recently. Cultivation operations under wells and channels are completed; but the crops suffer from want of rains and are kept alive with difficulty by lifting water. Tanks have no water, excepting a few which contain supply lasting from one week to a month.
	(5) Goribidnur.	Rains scanty. Some dry lands have been sown with ragi and some have been ploughed. The rains have almost failed and the agricultural operations have been very backward in the three following villages:— 1. Doddakurugod. 2. Kudumalkunte. 3. Gangasandra. Sugar-cane and paddy are cultivated in patches here and there in this hobli under wells and channels and are being kept alive by hard labor.
	(6) Nagargere. (7) Pulya.	Had very scanty supply of rain and tanks received no water at all. Wells also retain little water. Only some dry lands have been sown with ragi and some have not even been ploughed.

General conditions.

Cholera was prevailing in Goribidnur town and in the three following villages of the kasba hobli —

1. Doddakurugod.
2. Gangasandra.
3. Saganhalli.

but no fresh cases have been reported since. Amildar proposes that some relief may be given by starting works in the shape of tank repairs, &c., as for instance, the repairs of Kudumalkunte tank of the kasba hobli. I am afraid, however, that people in these parts are not likely to come out for work just yet.

8. There have been pretty good showers of rain in the other taluks of the district and the crops are generally in good condition. The prospects of the season are therefore fair so far as these are concerned and not such as to necessitate the opening of any relief works just at present.

9. If no rains fall in the northern taluks in the course of a week I shall visit the affected parts and arrange for the starting of relief measures. In the meantime I have authorized the Amildars of Bagepalli and Chintamani to start a few test works in selected places as explained in paras 3, (5) and 5, (4) and (5) and the Amildars of Sidlaghatta and Srinivaspur to push on with some wells and other conservancy works out of District Funds, and I beg that a sum of Rs. 50,000, may be placed at my disposal for expenditure on relief works in addition to Rs. 1,060 granted under Government Proceedings No. 47—D. dated 20th February 1897. I beg also to state that it is reported that the condition on our frontier, *i. e.*, Cuddapah and Bellary Districts has not improved and further relief operations are contemplated.

No. 110—D, DATED, BANGALORE, 25TH AUGUST 1897.

ORDER THEREON.—The Government have perused with interest the Deputy Commissioner's detailed report on the condition of the northern taluks of his district, and they note that the rainfall has been so far unusually scanty, but that with an early good fall of rain the agricultural operations of the year are not likely to suffer any serious interruption so as to call for the adoption of relief measures in any of these taluks.

2. The supply of drinking water in many places is reported to be scanty; the Deputy Commissioner will be asked to meet this difficulty as far as possible by sanctioning new drinking water wells in suitable situations out of Local Funds General and the Government will be prepared to sanction at once, on application, any additional funds required for such wells in the taluks in question.

3. The small works which the Deputy Commissioner proposes to provide in parts* of the taluks in question are approved. The Deputy Commissioner does not actually specify the similar works required for Aiyanpalli hobli of the Chintamani taluk and Gulur hobli, Bagepalli taluk, though parts of these hoblis are said to require some relief. Suitable small works should be provided to meet the actual wants of these hoblis. For the whole of these works and for other relief measures required, a sum of Rs. 5,000 as applied for will be placed at the Deputy Commissioner's disposal, in addition to Rs. 1,000 sanctioned in Proceedings. No. 47—D, dated 20th February 1897, and the Government will anxiously await the report which the Deputy Commissioner promises to submit after his inspection tour of this week.

* Marsanpalli and two other villages, Addagal hobli, Nelavanki tank.	Srinivaspur taluk.
Manganpalli.	Chintamani taluk.
Kudumalkunte, &c., tanks,	Goribidnur taluk.

4. The Government cannot too often repeat that the present condition of the northern parts, not only of Kolar but also of Tumkur and Chitaldrug, require the most careful watching. In most places nothing more than a vigorous prosecution of District and General Local Fund works and of the ordinary public works of the year would be required to afford sufficient employment for all who may seek it, whether immigrants or residents. When these works prove to be insufficient for the purpose, a commencement should be made with "village relief works" as described in the Famine Code and under the conditions therein laid down. Unless in any particular locality these village relief works attract the resident population of the neighbouring villages, for whom they are intended, it would be difficult to conclude that the locality in question actually feels the need for "relief works" properly so called.

(1) Letter No. 76—72, dated 23rd July 1897, from the Deputy Commissioner, Chitaldrug district, reporting the finding of a dead body within the limits of Malagondanhalli village, Davangere taluk, on the 30th April 1897.

(2) Letter No. 193—182, dated 23rd August 1897, from the same, reporting the steps taken by him to prevent distress of the inhabitants of Bellalsamudra village, Hosdurga sub-taluk, who were stated to be living on boiled Devadari leaves, &c.

No. 112—D, DATED, CAMP MYSORE, 28TH AUGUST 1897.

ORDER THEREON.—The correspondence received with the first of the letters read above shows that a man was found dead near a village two miles from the limits of the frontier taluk of Harpanhalli of the British District of Bellary, that the body was not identified, and that the medical opinion was to the effect that the death might have been due to starvation and exposure. From the fact that the man had a pair of pearl ear-rings on his person and from the description of the clothes he had, the Deputy Commissioner infers that he was not a person likely to suffer from starvation. The *post mortem* examination did not apparently disclose those special antecedent pathological conditions usually present in the case of death from starvation. Under such circumstances it must be held that the real cause of death has not been ascertained. But there is apparently no doubt that the man was an immigrant and it is very probable, as surmised by the Deputy Commissioner, that he was a wandering *Jangom* on a tour of collecting grain charities from members of the Lingayet community.

2. The case is important as bringing to notice the existence of some laxity on the part of local officials in maintaining a proper watch over all immigrants. It is of the utmost importance that aimless wandering of immigrants or others should be prevented by providing work or gratuitous relief according to the requirements of individual cases. A proper system of works has already been provided, and the direction of immigrants to these works is a first duty of the police and village officials. Moreover, funds have been given for gratuitous relief, where this form of relief may be called for. And it is only necessary to impress upon local officers the importance of careful watch and prompt action in all frontier taluks. The Government rely upon the Deputy Commissioner for establishing and enforcing such watch and action on a systematic and workable plan. Spasmodic activity, such as this case discloses, can serve no useful purpose.

3. Referring now to the second of the letters read above, the Government observe that the report is vague and meagre and fails to describe the circumstances under which some persons of Bellalsamudra are said to have resorted to the use of Devadari leaves.

4. On receipt of the Deputy Commissioner's report the Dewan telegraphed to him as follows :—

"Your letter 193 of 23rd August 1897. Relief measures at Bellalsamudra therein reported approved. Why were they not taken earlier ? Inattention thereby shown and meagreness of report most unsatisfactory. Better watchfulness and prompter reporting essential on your part. Report number, caste and other particulars of distressed people at Bellalsamudra. Is it a solitary case? Why ?"

5. Pending the Deputy Commissioner's further report on the points referred to in the above telegram, it is only necessary to point out that the Deputy Commissioner and his subordinates should, by means of constant touring, keep themselves fully informed about the condition and the wants of the people in every village, so that it should be an absolute impossibility for a case like this to come upon them as a surprise. If the local officials did at all attend to their duties of inspection, they should certainly have foreseen how things were tending in a particular village and have taken steps to prevent any persons (whether residents or immigrants) being actually driven by want to use Devadari leaves. There could be no excuse whatever for any ignorance on a subject of this kind. Again the Hosdurga Deputy Amildar's omission to afford immediate relief, instead of waiting for orders on a report he submitted, is most culpable. On all these points the Deputy Commissioner's report will be awaited.

6. Meanwhile the instructions issued by him, as reported in para 6 of No. 76—72 of the 23rd July, and the action taken by him as reported in No. 193—182 of the 23rd August read above, are approved.

Letter No. 177, dated 20th August 1897, from the Deputy Commissioner, Tumkur district.

No. 111—D, DATED, BANGALORE, 28TH AUGUST 1897.

ORDER THEREON.—In view of the unfavorable character of the season last year, grants amounting to Rs. 20,000 for the construction of drinking water wells and Rs. 2,000 for works of village sanitation, were sanctioned for the Tumkur district by Government Proceedings Nos. 4—D and 60—D, dated, respectively, the 13th November 1896 and 26th March 1897. The Deputy Commissioner now applies for a further grant of Rs. 20,000 to enable him to provide drinking water wells wherever they are urgently required. Considering that the prospects of he season are still uncertain and the want of drinking water is reported to be still felt in many parts of the district, Government are pleased to sanction a grant of Rs. 20,000, from Local Funds General, for the construction of new wells during the current official year, besides authorizing the utilization during the current year of the unexpended portion of the grants of the past year. This makes a total of Rs. 42,000 for the district for the past and current official years, and this liberal grant will, it is hoped, be utilized so as to meet all actual requirements.

2. The progress of expenditure on the works in qu estion called for in Proceedings No. 35—D, dated 1st February 1897, should be reported without furthe delay.

EDUCATION

Proceedings of the Government of Mysore.

READ :—

Letter No. 547—15, dated 17th July 1897, from the Inspector General of Education in Mysore, submitting, with reference to Government Proceedings No. 162-3—Ed. 8, dated 5th July 1897, his explanation in regard to increasing the pay of certain Probationary Teachers and employing new menial servants for village schools.

(2) Letter No. 737—20, dated 26th July 1897, from the same Officer, submitting, with reference to the above Proceedings, additional information required for increasing the pay of certain Head and Assistant Masters and menial servants of village schools.

No. 2918-19—Ed. F. 44-96, DATED, BANGALORE, 28TH AUGUST 1897.

ORDER THEREON.—In paras 3 and 6 of the first of the above letters, the Inspector General recommends that Probationary Teachers on Rs. 5, who have not passed any examination, may be confirmed as Assistant Masters on Rs. 7, after an approved service of three years, and states that he has already issued Circulars to that effect on the authority of Government Order No. 6386-7—Ed. F. 23-96, dated 3rd December 1896. It is observed that the order quoted, simply sanctioned the change of designation from Pupil Teacher to Probationary Teacher and was silent as to promotion after three years' service. However, as the Inspector General has already issued Circulars on the subject, Government are now pleased to approve of the recommendation to grant promotions after three years' service; but such increases should not, when they involve additional expenditure, be granted without obtaining the previous sanction of Government. The increase of pay from Rs. 5 to Rs. 7 to the 46 Probationary Teachers of village schools named in the list appended to these proceedings, who have not passed any examination, but have put in from 4 to 17 years' service is sanctioned.

2. With regard to the increase of pay from Rs 5 to Rs. 7 proposed to be given to the 27 Probationary Teachers who have passed the Lower Secondary Examination, the Inspector General states that most of them will prefer to remain in their native place to going to a strange place on Rs. 7. The Government are unable to accept this view. Public servants are expected to go wherever ordered and these teachers must be made to understand that they will, on promotion or otherwise, be transferred to other schools according to the requirements of the service. In sanctioning, therefore, the increase of their pay from Rs. 5 to Rs. 7 as per list appended, the Government desire that the Inspector General would give effect, as far as possible, to the suggestion made in para 4 of Government Proceedings No. 162-3—Ed. 8, dated 5th July 1897, by making transfers occasionally.

3. The Inspector General remarks in para 5 of the same letter, regarding the growth of schools and the necessity for encouragement in the shape of increase of pay being given by Government to deserving teachers from time to time are not quite pertinent to the consideration of the suggestion made by Government, that teachers, who have given satisfaction, may be promoted as vacancies occur in schools of higher grade. Government are aware that when there is increased growth, there must be increase of expenditure which cannot be avoided, and they will always be glad to provide for such increases as far as funds will permit, but at the same time there is no reason why chances should not be afforded to village school masters of promotion to vacancies occurring in other schools instead of keeping them permanently in village schools.

4. Government concur with the Inspector General's remarks in para 7 of the letter and are of opinion that, as the mere passing of an examination is not a test of ability to teach, a Probationary Teacher on Rs. 5 should not be promoted to Rs. 7 per mensem unless he has rendered one year's approved service either before or after passing the Lower Secondary Examination.

5. The increase of pay recommended to certain Head and Assistant Masters of village schools in the second of the letters read above, which involves an additional expenditure of Rs. 178 per mensem is also sanctioned with effect from 1st July 1897 as per statements appended.

6. With regard to his proposals to entertain new menial establishment in certain village schools at a monthly cost of Rs. 53 and to raise the pay of the menial establishment in certain others at a monthly cost of Rs. 9, the Inspector General is informed that it is desirable to have a definite standard to regulate the employment and remuneration of such establishment with due regard to the population of the places concerned, the strength of the schools thereat and the distances between the schools and the houses of the pupils. The adoption of a uniform nomenclature is likewise desirable.

7. As stated by the Inspector General in para 8 of his first letter, it seems necessary to revise the graduated scale of salaries of teachers which was fixed many years ago, and he is therefore requested to submit definite proposals for the consideration of Government.

8. The total additional expenditure sanctioned in paras, 1, 2 and 5 of these Proceedings amount to Rs. 324 per mensem or Rs. 3,888 per annum as detailed in Statements No. 1, 2 and 3 appended to these Proceedings, for which Government are pleased to sanction a supplemental grant of Rs. 3,888 under "Village School Fund budget" for 1897-98.

JUDICIAL.

Proceedings of the Government of Mysore.

READ :—

Report on the Administration of the Police in Mysore, for the year 1895-96, received with the Inspector General's letter No. 3586-405, dated 24th April 1897.

No. 1835-68—J. 191, DATED, BANGALORE, 3RD AUGUST 1897.

ORDER THEREON.—Except in a very few particulars, the present report contains the usual statistics; and of these it is proposed to notice such as either illustrate the progress of Police administration during the past official year or point to its wants and defects.

2. *Police Regulation.*—The draft of a general Police Regulation for the province is now before the Government and will receive early attention.

3. *Main Incidents of the Year.*—The pay of constables, which stood at Rs. 7 and Rs. 6, was increased during the year by a rupee all round,—a measure which, besides affording a much-needed relief to the service, is already reported to have had some effect in reducing vacancies by inducing men to enlist in the Police Force. The question of remunerating the Village Police has been pending for several years, and it is hoped the Inspector General will be able to submit his proposals at an early date for the orders of Government. Among other important events of the year were the transfer to the British Government of the railway jurisdiction over all lines except the Bangalore-Nanjangud section, and the tentative establishment for two years of out-posts manned by the village totis and talaries to aid the Regular Police in watching the frontier or exposed high-roads and ghats. Four hundred and forty-six such out-posts have already been established at a cost of nearly Rs. 20,000, and Mr. Madhava Rao is confident that road dacoities and robberies will be fewer in the future. The Government will wait till next year for a full report of the working of this new system.

4. *Strength of the Police Force.*—There was a slight increase of 17 in the sanctioned strength of the entire Police Force, which stood at 5,457 at the beginning of the year. The Railway Police, which consisted of 179 officers and men during the greater part of the year, was, however, subsequently reduced to 52, simultaneously with a decrease of three in the strength of the Gold Mines Police, in consequence of the cession of the railway jurisdiction.

5. The number of officers and men actually employed during the year was 5,204 classified as shown under :—

	Europeans or Eurasians.	Natives.
Superior officers (District or Assistant Superintendents) ...	5	6
Subordinate officers	13	488
Constables	1	4,691
		5,204

Further particulars as to the race, religion or caste of the officers and men are given below :—

	Officers.	Men.	Total.
Brahmins	180	691	871
Rajputs and Arsus	25	112	137
Christians	19	63	82
Muhammadans	155	1,809	1,964
High caste Hindus	57	871	928
Low caste Hindus	13	531	544
Hindus of all other castes	61	608	669
Jews	1	...	1
Jains	1	4	5
Lambanis	...	3	3
Total ...	512	4,692	5,204

The proportion of police to area was about 1 to 5·1 square miles for the whole province, and 37 men to one square mile for towns alone; and the proportion borne to population was 1 to 885 for the entire province and 1 to 282 for towns. These proportions necessarily vary in different districts according to the density of the population.

The actual strength of the force was 270 below the sanctioned strength, or 5,204 as against 5,184 in the previous year, exclusive of 64 men whose services were lent to private individuals.

Though the enlistments numbered 300, or 72 less than in the previous year, there were only 270 places, or three less, left vacant at the end of the year. The vacancies in the last grade of constables have diminished from 7·1 to 6·7 per cent. The high percentage of 18·3 in the Mysore district is, however, one that calls for early attention on the part of the District Police Officer.

6. *Cost of the Force.*—The actual cost of the force, according to the Comptroller's figures, was Rs. 7,85,833 or a little more than fifty thousand rupees over that for the year 1894-95, and was made up as follows:—

					Rs.
Head-quarter staff, including pay of the Inspector General, Superintendents and Assistant Superintendents, &c.	...	...	...		85,015
City Police, Bangalore	...	...	...		31,822
Ditto, Mysore	...	...	...		29,814
Special Police at Ooregum and Kempenkote Gold Mines			...		13,341
Reserve Police, Bangalore, Mysore and Shimoga	...		...		19,717
Executive Rural Police	...	...	...		5,60,038
Railway Police	...	...	...		18,324
Kolar Gold Fields Railway Police	...	...	...		1,364
					7,59,435
Share of Land Revenue charges debitable to Police ...			...		26,398
			Total	...	7,85,833

A sum of Rs. 35,355 was expended during the year on the construction of police stations and lines, and Rs. 8,661 on repairs. The housing of the men is still reported to be unsatisfactory in several districts, and the amount allotted for police buildings to be much below the needs. This is also stated to be the case with regard to equipment and clothing, under which Rs. 15,000 appears to have been expended in excess of the usual budget grant of Rs. 40,000. Proposals regarding these matters should form the subject of a separate communication.

7. *Education of the Force.*—Although the police work is unattractive, it is satisfactory to find that there has been a perceptible improvement in the proportion of the literate members of the force, from 96·6 to 98·04 in the case of the officers, and from 44·8 to 51·06 in the case of the men: the cities of Bangalore and Mysore, however, where one would have expected results better than the average, show such low percentages as 40 and 36·1, the latter being the lowest in the province. University or other non-departmental examinations had been passed by 49 officers and three men, among whom there were eight Graduates in Arts, 4 Under-Graduates and 13 Matriculates.

The Police Training School, started in 1892 with a view to train the investigating staff in the Codes, practical work and other subjects, and the Head-quarter Police School, where dafadars and constables receive instruction, are both reported to have done useful work; and by insisting on every recruit being trained at head-quarters in drill and police duties for at least three months previously to being posted to a station, some improvement is stated to have been visible in the type of constables obtained. These schools are useful not only in instructing the men in their police duties, but also afford us an opportunity of testing their intelligence and of ascertaining whether they possess special aptitude for police work.

8. *Conduct of the Force.*—The difference in the figures given in the report with regard to the various kinds of punishments inflicted during the last two years is so small that it cannot be taken as indicative of any decided improvement in the conduct of the force; and, as remarked by the Inspector General, a large decrease in punishments may sometimes merely denote slackness of discipline. The Government agree in the view that black marks, punishment drill and double duty are in many cases more suitable punishments than the imposition of a fine, which should be avoided as far as possible.

The percentage of judicial punishments to the sanctioned strength was ·4 or nearly 4 times that for the year 1894-95. With reference to para 121 of the report, the Inspector General is requested in future reports to give a brief account (tabular or otherwise) of the nature of the judicial strictures passed on the conduct of the police in important cases and the manner in which each such case was disposed of.

Another test, which is, however, one not so much of conduct as of detective work, is that of rewards, and may conveniently be disposed of here. Promotions for good service increased from 56 to 85; and while 127 policemen received Rs. 394 by way of rewards in the year 1894-95, 59 more policemen received rewards during the year under report and the aggregate amount distributed was also greater by Rs. 132. As an additional encouragement to good service, the introduction of a system of rewards by marks and stripes, similar to that obtaining in British India, is suggested for adoption. The separate reference promised on the subject will be awaited.

9. *Processes.*—The serving of processes is, as observed in para 51 of the report, becoming year by year an increasing factor of police work; and must to some extent interfere with the discharge of more important duties. The figures for the last six years are, in round numbers, as follows: 67,300; 75,700; 83,100; 85,700; 86,600; and 86,700. The remedy suggested by the Inspector General is the institution of a separate establishment. This, however, is a matter on which the Inspector General may address the Government separately with information regarding the system in force in British Provinces.

10. *Preventive Work.*—The patels in all the districts, except Tumkur, are reported to have been supplied with registers of suspicious-looking strangers and to have given satisfaction in the performance of this part of their work. The same cannot, however, be said of the registration by the police of criminal gangs, temporary and permanent, which, in most of the districts, requires greater attention to be paid to it by the responsible officers.

The number of persons arrested by the police as suspicious characters and bound over for good behaviour was only 45 and 25, respectively, as against 76 and 43 in the year previous.

In the other branch of preventive work, *viz.*, the registration of the houses of receivers of stolen property, a move is being made in some of the districts, the best results being in Hassan with 38 such registrations and in Mysore city with 32.

11. *Old Offenders.*—Out of 1,473 cases of conviction under Chapters XII and XVII of the Penal Code, previous convictions were proved in 73 cases. It is expected that the difficulties in the way of identifying old offenders will be greatly minimised under the anthropometric system recently introduced under the orders of Government.

12. *Crime generally.*—There has been a steady fall in the total number of cases reported to the police from 5,883 in 1893-94 to 5,427 in 1894-95 and to 5,169 in the year under report. This does not include 967 cases taken up by Magistrates without the intervention of the police, against 852 in the previous year. Crime has declined in all the divisions except Kolar, Shimoga, French Rocks and Bangalore city, though, in the last, the increase in crime was due

chiefly to an increase in the number of nuisances and petty offences. On the other hand, the true cases of the year exceeded those of the two preceding years, owing to a large decrease in the number of cases struck off as false. The number under each class was as follows:—

	1893-94.	1894-95.	1895-96.
I. Offences against the State, public tranquillity, safety and justice	73	72	57
II. Serious offences against the person	387	343	362
III. Serious offences against person and property or property only.	558	527	564
IV. Minor offences against the person	51	53	49
V. Minor offences against property	1,278	1,258	1,376
VI. Nuisances and other offences	514	503	678
Total ...	2,861	2,756	5,086

Excluding nuisances and cases refused investigation, the proportion of crime to population was as 1 to 942; it was highest in the Kadur and Kolar districts, being as much as 1 to 637 and 1 to 686; also high in Bangalore and Hassan (1 to 777 and 1 to 782), and least in Mysore (1 to 1,495).

Including pending cases of the previous year, the police investigated 4,353 cases out of a total of 5,412. Of these, 1,848 cases were prosecuted to conviction, 625 resulted in acquittal or discharge, and 1,018 were struck off by Magistrates as false; the rest were pending either before Magistrates or with the police. There is no information as to the average time occupied in the investigation of each case. This should be noted in future reports.

Out of 977 cases (including ten pending cases) taken up by the Magistracy direct, 359 ended in conviction, 396 in acquittal or discharge, 138 were dismissed, and the remaining 84 were pending. The percentage of convictions to cases decided was thus only 47·5, which is very much less than that for cases reported to the police (75·06). This remarkable difference has not been explained and demands investigation.

The percentage of convictions in police cases was higher than in the previous year (70·8) and slightly below the percentage for 1893-94 (76·3).

Property of the aggregate value of Rs. 91,824 was lost in 1,415 cases; and of this Rs. 42,850 was recovered in 1,073 cases. The percentage of property recovered to property lost was thus 46·12, which is an advance over the figures of the two preceding years by nearly 16 and 11 per cent.

Out of 4,255 persons in all arrested by the police, 4,090 were tried, against 4,070 arrested and 4,049 tried in 1894-95. The percentage of convictions to persons tried was 67·8 against 63·5 in that year; but is very much below the percentage of 81·8 for 1893-94. This is not a satisfactory result. These figures show, as observed by the Inspector General, that there is considerable room for improvement in the conduct of prosecutions; and, it may be added, for greater discrimination in the making of arrests. It is gratifying to note that the Village Police are rendering greater help in the arrest of real offenders, 73 out of 98 persons arrested by them having been convicted, as against 54 out of 80 in the previous year.

13. *Prosecutions for False Complaints and Perjury.*—The important influence exerted by prosecutions for false complaints and for perjury in reducing the number of false cases has been rightly insisted on by the Inspector General. The work of the responsible police officers in this respect is susceptible of great improvement, seeing that only ten prosecutions of the former kind and 14 of the latter were instituted during the year, the best result being shown by the Hassan district where the number of convictions in both classes of cases was greater than in all the other districts put together.

14. *Sessions Cases.*—Out of 88 cases tried by the Sessions Courts involving 195 persons, convictions were obtained in 46 cases involving 92 persons; the percentage of convictions being 52·3 for cases and 47·2 for persons, as against 45·2 for cases and 35·5 for persons in the previous year. It is a noteworthy fact, which demands explanation, that year after year the percentage of convictions is much less in Sessions cases than in cases tried by Magistrates. The reasons given in the reports for the last two years, namely the tendency of witnesses to withhold evidence or to perjure themselves, and the varying standards of appreciating evidence adopted by different judges, are not without weight; and to them may perhaps be added the greater importance and gravity of the offences tried by Courts of Session, which leads them to insist on a higher and stricter standard of evidence than is always attainable.

15. *Heinous Crimes.*—The following table shows the number of the more heinous offences reported during the last two years and the success of police detection as judged by two different standards, the percentage of convictions to the true cases reported and to the persons placed on trial, the latter of which is, perhaps, the more accurate test of the two:—

Offences.	True cases reported.		Persons arrested.		Percentage of convictions to cases reported.		Percentage of convictions to persons tried.	
	1894-95	1895-96	1894-95	1895-96	1894-95	1895-96	1894-95	1895-96
Rioting ...	27	22	340	346	66·7	90·9	59·01	77·74
Murder ...	43	48	101	136	23·3	25·0	16 25	17·02
Culpable homicide not amounting to murder ...	13	10	33	14	38·5	40·0	37·5	36·4
Grievous hurt ...	75	56	141	98	57·3	60·7	50·1	52·4
Rape ..	5	8	12	11	40·0	62·5	33·3	45·45
Dacoity ...	14	28	74	61	7·1 (11·1 to cases decided)	28·6 80·0	14·8	69·2
Robbery ...	28	31	41	38	46·4	29·03	63·2	55·55
House-breaking and house-trespass ..	435	444	409	381	26·2	23·9	51·6	48·35
Receiving stolen property ...	20	45	28	70	70·0	68·9	64·3	71·01
Theft ...	931	1,055	1,324	1,431	66·09	66·9	71·8	71·7
Cattle theft ..	104	96	162	156	62·5	71·7	76·97	72·8

There has been a slight reduction in crime under rioting, culpable homicide, grievous hurt and cattle theft; and a slight increase under murder, rape, robbery and house-breaking and house-trespass, and (relatively to the total number) also under theft. Dacoities have become twice as numerous as in the preceding year, while cases of receiving stolen property have multiplied in an even greater ratio. The Inspector General should adopt special measures for the suppression of all crimes of violence, so that we may in future find a marked change in regard to them.

Under rioting and dacoity, the percentages of convictions obtained show a great improvement, being as regards the latter the highest on record. Those under robbery and house-breaking are not creditable, being the lowest on record. The percentage of conviction in murder cases, besides being very small in itself, exhibits a considerable falling off from the average percentages of previous years,

which shows that greater attention requires to be paid to the investigation of this class of crime. The same remarks apply to cases of culpable homicide, the results in which are also below the average. The figures under rape show increased percentages; so also those under grievous hurt, but to a smaller extent. Detection in cases of receiving stolen property was better as regards persons, but slightly inferior as regards cases; but in cases of theft and likewise of cattle thefts, while the standard has been maintained in respect of cases, it has gradually deteriorated from the standard of previous years in respect of persons.

16. *Infant Marriages.*—Under the Infant Marriages Prevention Regulation of 1894, 39 persons were prosecuted during the year for being concerned in 16 such cases; and 26 persons involved in 13 of them were convicted and sentenced.

17. *Inspection Work.*—The Government are glad to note that, Mr. Madhava Rao's tours of inspection throughout the province, which extended over two-thirds of the year, are calculated to improve the efficiency of the police and to ensure a careful observance of the rules in regard to the several points referred to in para 133 of the report.

18. *General Remarks.*—The record of progress attained during the year must, on the whole, be pronounced satisfactory; and, while defects and shortcomings are to some extent unavoidable in police work which is undoubtedly hard, we only need time to render the police as efficient as it is ever likely to be.

RESOLUTION.

With the Home Department endorsement of the 2nd January 1897, forms for the monthly and annual return of sick prisoners were circulated, which were intended to be those at present in use as revised in accordance with the new (1896) edition of the "Nomenclature of Diseases." It has been brought to notice, however, that certain errors had crept into the forms upon which were based those circulated in January last, and it has accordingly been decided to revise and reissue the monthly and annual returns of sick prisoners in a form embodying all previous orders on the subject.

2. The forms circulated in January last were incorrect in the following particulars :—

(1) In the "casualty roll," forming part of the monthly returns, the three columns, which were inserted by Home Department Resolution No. 1-Jails—62-73, dated the 7th February 1893, were omitted, namely, those headed—

(*a*) the sentence imposed upon the deceased ;

(*b*) the date of admission of the deceased into the jail where he died ; and

(*c*) the state of health of the deceased on admission into the jail where he died ;

(2) In the "casualty roll," forming part of the annual returns, the columns showing—

(*a*) the date of admission of the deceased into the jail where he died ; and

(*b*) the state of health of the deceased on admission into the jail where he died, which were also inserted by the Resolution of 7th February 1893, were omitted

(3) Minor Statement No. II (showing mortality among convicts according to age) of the annual returns, was abolished by the orders contained in paragraph 9 of Home Department letter No. 346, dated the 23rd June 1894, and should not have been included among the returns circulated.

3. The errors noticed above have been corrected in the forms appended to this Resolution, and the opportunity has been taken to make the following further alterations which have been rendered necessary by previous orders :—

(*a*) For the Statement abolished by the Home Department letter of 23rd June 1894, the Statement (showing mortality according to the length of original sentences) which was ordered, in Home Department Resolution, dated 21st December 1893, to be appended as No. XVII* (Vital) to the Annual Jail Reports, has been substituted. It is necessary that this Statement should find a place among the Annual Returns, in order to enable Inspectors General of Prisons to prepare the Statement for the Jail Reports.

* Present Statement No. XVI (Vital).

(*b*) The headings of minor Statement No. III of the Annual Sick Returns have been revised in accordance with the orders contained in the Home Department Resolution of 3rd May 1895.

4. The opportunity has further been taken of revising Form XV so as to make it conform to the revised nomenclature of diseases, and the order of the headings in column 4 has been slightly modified so as to make their sequence agree with that of the headings in column 3. A copy of the form as revised is appended to this Resolution.

5. It is observed that, in the Statements submitted to Local Governments and Administrations, additional columns which have not been prescribed for general adoption are frequently inserted. Though it is apprehended that the forms as now revised probably give all the information which is necessary for the information of Inspectors General of Prisons and Local Governments, there is of course no objection to the latter ordering the insertion of columns additional to those now included, if they think it necessary. The Governor General in Council trusts, however, that the forms may in future be made to include all the columns now prescribed, and in the order in which they are prescribed, since uniformity in this matter is of great value in facilitating comparisons between the results in different Provinces.

ORDER—Ordered that a copy of the foregoing Resolution be forwarded to all Local Governments and Administrations for information and guidance ; and to the Director General of the Indian Medical Service for information.

Secretary to the Government of India.

No. 2100—J. 215, DATED, BANGALORE, 7TH AUGUST 1897.

ORDER THEREON.—The revised forms prescribed in the foregoing Resolution of the Government of India will be adopted in the Jails in Mysore. The Returns of Sick Prisoners and Statement No. XV, Vital, for 1896-97, should be in the forms appended

REMARKS

DATED

READ :—

Letter No. 2305—1-97, dated 15th November 1896, from the Registrar of the Chief Court of Mysore to the Secretary to the Government of Mysore.

Adverting to Government Proceedings No. 13019-21—197, dated 15th February 1892, stating that the arrangement under which Mr. Hayes was paid Rs. 1,200 for one hundred copies of the Mysore Law Reports may be allowed to continue, I am directed to state that the Chief Judge and his colleagues are not satisfied with the way in which the work is being done now by Mr. Hayes. The Reports are not issued regularly, the Volumes for 1894 and 1895 not being published as yet. The usefulness of the publication is considerably lessened by its not being brought out regularly.

The Judges consider that the decisions of the Chief Court, which are of a reportable nature should be published monthly in order that they may be of use to the subordinate courts and the legal profession. It is also desirable that the price should be reasonable and not beyond the means of the practitioners as a class, as is the case at present.

A suggestion that the Reports should be printed and published at the Government Press was made in 1890 and was sanctioned by Government in their Proceedings No. 8349-60—166, dated 10th October of that year. But on a subsequent representation (letter No. 473—18, dated 1st February 1892) that the cost under the new arrangement would be greater than was supposed, the Government directed the continuance of the existing arrangement. With reference to the observation in the letter of 1st February 1892 that the estimate on which the order of 10th October 1890 was passed provided for printing only 300 pages instead of from 500 to 600, I am to state that the number of pages was purposely reduced, it being proposed to omit altogether decisions involving only questions of fact, and, in the case of judgments discussing questions of fact and law, to publish only so much as was necessary to make intelligible the decisions on the points of law.

I am now to request that Government may be pleased to sanction the publication of the reports at the Government Central Press, Bangalore, in monthly parts. The compilation, including the Head Notes and Index, will be made by the Registrar under the supervision of the Chief Judge. The sum of Rs 5 may be fixed as the annual subscription to the public. The Reports may be issued commencing from January 1897 under the title of "The Mysore Chief Court Reports".

No. 6409—J. F. 162 of 92-93, DATED, BANGALORE, 3RD DECEMBER 1896.

ORDER THEREON.—Before passing orders on the present reference the Government desire to be informed whether Mr. G. F. Travers Drapes, who was, by Notification No. 13090—J. F. 162-92, dated 7th February 1894, appointed Editor of the Mysore Law Reports, has been informed of the arrangement now proposed, and whether the Chief Court would recommend that the appointment be now cancelled.

2. Information is also requested as to the probable cost of printing and binding the Reports under the new arrangement. This may be ascertained from the Superintendent of the Government Press and intimated.

Letter No. 886—24, dated 20th July 1897, from the Registrar of the Chief Court of Mysore to the Secretary to the Government of Mysore.

With reference to the Proceedings of Government No. 6409—J. F. 162-92, dated 3rd December 1896, *anent* the publication of the "Mysore Chief Court Reports", I am directed to state that Mr. R. F. Hayes, the Publisher of the "Mysore Law Reports", has been informed of the change proposed, and it is for him to intimate the same to Mr. G. F. Travers Drapes who, though appointed "Editor of the Mysore Law Reports" by Government, is remunerated by the Publisher. Mr. Drapes does not practise in the Chief Court and is stated to be in Colombo. The Judges do not consider it necessary or desirable to retain him as Editor of the proposed "Mysore Chief Court Reports." As the arrangement is to issue the Reports "under authority" and as already stated the compilation of the Head Notes, &c, will be made by the Registrar under the directions of the Chief Judge, I am to suggest that the Registrar may be appointed "Law Reporter" *ex-officio*, *vice* Mr. Travers Drapes.

As regards the cost of printing, the Superintendent of Government Printing, Bangalore, estimates it at Rs. 30 for 100 copies of about 25 pages, per month, and the cost of binding 12 numbers into one volume, at rupee 1 per volume. Mr. Hayes having been the Publisher of the Reports for a long time, it was considered desirable to ascertain if he would undertake the work on the above terms, and the delay in sending this reply is due to the non-receipt of the required information from Mr. Hayes till now. He has agreed to print 100 copies of the Reports at the rate of Rs. 30 for 25 pages, extra copies over the first 100 being paid for at rupee 1 per 100 copies (being the cost of paper). The annual cost will thus be Rs. 360, a portion of which sum will be realized by the sale of the Reports to the public at Rs. 5 per year. Mr. Hayes also agrees to bind the annual volumes at rupee 1. per volume, but as the Reports will be issued monthly or quarterly, the volumes may be bound by the Courts out of their contingent allotments. The work of "publishing" will be that of the Chief Court.

It is intended to start the series from January 1896 as Mr. Hayes will complete the Volume for 1895, which he has in the press, at an early date. The favor of early orders is requested.

No 1872-3—J. 195, DATED, BANGALORE, 3RD AUGUST 1897.

ORDER.—The Government approve of the arrangements proposed in the Registrar's letter of the 20th instant. The appointment of Mr. Travers Drapes as Editor of the Mysore Law Reports is, for the reasons stated, cancelled and the Registrar of the Chief Court appointed *ex-officio* Law Reporter. The Chief Court may arrange with Mr. Hayes for the publication of the new series of Reports on the

terms specified in para 2 of the letter referred to. The sale proceeds of the Reports purchased by the public will be remitted to the Treasury and credited to Government.

Report on the Working of the Mysore Companies Regulation III of 1895 for the twelve months ending 31st March 1897, received with letter No. 40, dated 16th June 1897, from the Registrar of the Joint Stock Companies in Mysore.

No. 2227—J. 242, DATED, BANGALORE, 11TH AUGUST 1897.

ORDER THEREON.—On 1st April 1896, there were ninety-two Companies or Associations working with nominal and paid up capitals of Rs. 43,52,605 and Rs. 24,40,600, respectively. Of these, two Companies with nominal capital Rs. 50,000, and paid up capital Rs. 5,776 were voluntarily wound up during the year, while six Banking and Trading Companies with nominal capital Rs. 2,40,000, and twenty Agricultural Banks were newly registered during the year. Thus there were, on 31st March 1897, 116 Companies working with a nominal capital of Rs. 45,42,605 and paid up capital Rs. 24,12,461 (exclusive of the amounts relating to the six newly established Banking and Trading Companies, the paid up capital of which is not reported). There was thus an increase of Rs. 1,90,000 under nominal capital due to the registration of new Companies. The decrease of Rs. 28,139 under paid up capital is attributed to certain Companies having permitted some of their members to withdraw their shares.

2. Inclusive of the two Agricultural Banks registered in 1894 and 1895, there were, on 31st March 1897, altogether twenty-two such Banks with 523 members. These Banks are in the nature of "Unlimited Companies" having no share capital. The Government, under Section 95 of the Companies Regulation, prescribed in November 1895 a special form applicable to such Banks in addition to those contained in the second schedule of the aforesaid Regulation; and in December 1896, a special Officer was appointed to examine and watch the working of these Banks.

3. Three hundred and twelve documents were registered and filed against 250 in the previous year showing an increase of 62, while the receipts from fees, &c., amounted to only Rs. 764 against Rs. 807-8-0 in the previous year. The decrease in the amount of fees was due to the low rate of fees specially sanctioned for the registration of Agricultural Banks.

4. No prosecutions were instituted during the year. Rules framed under Section 220 of the Regulation were sanctioned in April 1897.

Letter No. 624—69, dated 13th August 1897, from the Inspector General of Police in Mysore, forwarding the subjoined report of the Deputy Commissioner, Hassan district, on the working of the Coffee Stealing Prevention Act for the season ending 31st March 1897.

Letter No. 60, dated 7th August 1897, from the Deputy Commissioner, Hassan district to the Inspector General of Police in Mysore.

I have the honor to submit herewith a review on the working of the Coffee Stealing Prevention Act in this district for the season ending 31st March 1897.

During the year under review, seven cases were reported, against (31+1) 32 cases in the previous year, of these, four cases occurred in the Manjarabad, and three in the Belur taluks.

The subjoined statement compares the results of the year under review with those of the previous year.

Cases.						Persons.						Amount of fine.	
Reported.		Convicted.		Acquitted.		Prosecuted.		Convicted.		Acquitted.			
1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.	1895-96.	1896-97.
												Rs.	Rs.
31+1	7	32	6	...	1	32	10	32	6	...	4	801	109
32													

It will be seen from the statement, that out of the registered number of cases during the year, 6 or 85·7 per cent ended in conviction, against 32 or cent per cent in the previous year. The remaining one case out of the reported number was acquitted or discharged.

Ten persons were prosecuted during the year, of whom six were convicted, and four acquitted or discharged. The number prosecuted in the preceding year was 32, and they were all convicted. The percentage of convictions during the year was 60 against 100 in the year before.

The amount of fines imposed was Rs. 109 against Rs. 801 in 1895-96.

The large decrease in the number of reported cases during the year may be said to be mainly due to the establishment of the five malnad out-posts and greater vigilance displayed by the patrolling staff.

ALSO :—Replies to the above from the several Officers referred to.

No. 2010-21—L. F. 305-96, DATED, BANGALORE, 6TH AUGUST 1897.

ORDER THEREON.—Government are of opinion that fixed and permanent imprests for works constructed from Local Funds General are neither necessary nor feasible, since no District Board is entitled to any grant therefrom, and such grants are not made every year as a matter of course. But whenever they are specially sanctioned, Deputy Commissioners may, at their discretion, distribute among Amildars and Deputy Amildars according to their requirements a sum not exceeding one-tenth of the total grant, provided that the maximum amount held by any one Officer shall at no time be greater than Rs. 200.

No. 2636-9—L. F. 96-96, DATED, BANGALORE, 23RD AUGUST 1897.

ORDER THEREON.—The report is dated 2nd April 1897, though it was due by the 30th of September 1896. The cause of such a long delay has not been explained. The Government hope that future reports will be submitted in time.

2. The Board was composed of eight *ex-officio* and five non-official members and presided over by the Sub-Division Officer.

3. Four meetings were held during the year as against three in the previous year. While in the year 1894-95, five of the official and five of the non-official members attended all the meetings of the Board, in the year 1895-96 only one official and two non-official members were present at all the meetings.

4. The main heads of income and expenditure are shown in the following statement :—

* These figures are taken from the report for 1894-95. They are incorrect. The correct totals are Rs. 5,476-4-5 and Rs. 48,980-0-5.

5. There was a net decrease of Rs. 1,000-8-0 in the income when compared with that of the previous year. There was a decrease under the heads "Land revenue," "Sale of stray cattle," "Fines for cattle trespass" and an increase under the other heads. No cause is assigned for the decrease of Rs. 1,235-5 6 under "Land revenue."

6. There was a net decrease of Rs. 1,608-5-9 in the total expenditure compared with that of the previous year. "Under Public Works executed by Revenue Officers," and under "Civil charges" expenditure increased by Rs. 1,029-2-7 and Rs. 1,615-1-3 respectively, while under "Public Works executed by the Public Works Department" it fell off by Rs. 4,252-9-7.

7. Twenty-one roads were maintained at a cost of Rs. 22,183, and Rs. 3,748 were spent on (special repairs to) some of the main roads.

8. Rupees 1,614-1-7 were spent on village sanitation.

9. The number of births was 6,046 and of deaths 4,186. The corresponding figures for the previous year were 7,333 and 4,505. The decrease in births occurred in all the taluks and was largest in the taluk of Krishnarajpete.

10. The number of out-door patients treated in hospitals and dispensaries increased from 36,660 in 1894-95 to 40,541 in 1895-96 and that of in-patients from 7 to 20. The number of minor and major operations performed and that of *post mortem* examinations held are not given in the report.

11. The decrease in the number of persons vaccinated from 8,155 in the previous year to 7,674 in 1895-96 cannot be regarded as satisfactory.

12. The cost of maintaining bangalos and musafirkhanas decreased from Rs. 968-13-2 to Rs. 545-8-1.

13. There were five midwives who attended 170 labor cases against 63 in the previous year.

Letter No. 1076, dated 22nd May 1897, from the President of the Municipalities in the Hassan district, submitting the budget estimates thereof for the year 1897-98.

No. 1908-13—L. F. 283-96, DATED, BANGALORE, 4TH AUGUST 1897.

ORDER THEREON.—The estimated receipts and expenditure of the several municipalities in the Hassan district, as proposed by the President, for the year 1897-98, are given in the following abstract statement :—

RECEIPTS.

2. *I Octroi, II Tax on Houses and Lands, VII Mohatarfa.*—The estimate under "Octroi," being based on the actuals of 1895-96 and the estimates under the other two heads, being in accordance with the jamabandi settlement, are approved.

3. *X Miscellaneous (a) Sale of Houses and Lands.*—While a sum of Rs. 1,000 was expected from the sale of sites in Saklespur during 1896-97 and Rs. 500 from the same source in Hole-Narsipur, no such revenue is anticipated this year in the former municipality and only Rs. 100 in the latter. This chiefly accounts for the decrease under this head, which is approved.

4. *X Miscellaneous (g) Sale of Manure.*—The omission of estimates under this head in the budgets of Banavar and Hole-Narsipur against Rs. 5 and Rs. 50, respectively, expected during 1896-97, should be explained and steps taken for the development of this source of municipal revenue in all the municipalities in the district.

5. *X Miscellaneous (m) Contributions.*—The annual contribution payable to the Saklespur Municipality on account of the maintenance of provincial roads within its limits under Government Proceedings No. 5020-9—L. F. 77-93, dated 18th September 1893, is Rs. 127-10-0, while the amount credited in the accounts of the Comptroller for 1895-96 is only Rs. 47. This needs explanation.

6. *Opening Balances.*—The estimates under this head are stated to have been arrived at by taking into account the actual balances on 1st July 1896 as intimated by the Comptroller. But the latter figures have not been given in column 3 of the budget Statement No. I, nor do the estimates proposed for 1897-98 correspond with the closing balances for 1896-97 as given in column 6 therein.

	Estimates proposed. Rs.	Estimates sanctioned. Rs.
Arkalgud ...	5,701	5,201
Sravanabelagola	681	483

Omissions and mistakes like the above should be avoided in future. In the budgets of the marginally noted municipalities, correct figures as in column 3 will be substituted.

EXPENDITURE.

7. *II Head Office.*—The estimate under this head includes the salary of a clerk on Rs. 10 recommended for the Vice-President's office at Hassan on the ground that the Municipal Overseer cannot spare time for clerical work. The provision will be retained, pending a separate application for formal sanction. The details under "Head Office" are as given in the margin and the amount will be distributed among the various municipalities as shown below :—

	Rs.
1. Contribution towards the cost of establishments in Dewan's and Comptroller's Offices ...	470
2. District Office clerk (moiety of the clerk's pay on Rs. 30 and full pay of deputy clerk on Rs. 15 per mensem	360
3. Contingencies to Ditto Ditto	78
4. Pay of Municipal Overseer	300
5. Pay of clerk for Vice-President, Hassan ...	120
Contingencies of Vice-President's office ...	60
Total ...	1,388

		Rs.			Rs.

6.	Harihalli ...	27	13.	Konanur	26
7.	Arsikere ...	55		Total ..	1,388

8. *III Collection (a) Octroi.*—The omission of the usual provisions under this head in the budgets of Belur and Channarayapatna is due to the proposed assignment of collection work to the Conservancy Inspectors employed in these towns. The appointment of a mutsaddi on Rs. 10 is recommended for the Hole-Narsipur Municipality on the ground that the present revenue from Octroi justifies the appointment and an increase of revenue is likely to result therefrom. The provision is retained pending a formal application for sanction. To meet the increase

anctioned in Government Proceedings No. 1556–57—L. F. 283–96, dated 28th July 1897, for the Octroi collection establishment in Hassan, the provision under his head will be raised by Rs. 96.

9. *III Collection (b) House and Mohatarfa taxes.*—The arrears of commission ayable to the shanbhog of Hassan for 1894-95 and 1895-96 are provided for in he present budget; and hence the increase in the estimate, which is sanctioned.

10. *IV Conservancy.*—The following new items and increases, of which the ne noted against Belur has been already sanctioned and the rest are shown to be ndispensable, are approved.

			Rs.
1	Hassan ...	2 additional sweepers at Rs. 6 each per mensem	
2	Alur ...	Increase of pay to 4 sweepers from Rs. 5 to Rs. 6 each ...	144
3	Channarayapatna ...	Conservancy inspector on Rs. 8 who will look after octroi collections instead of a peon on Rs. 4 per mensem ...	48
4	Hole-Narsipur ...	Increase of pay to 5 sweepers from Rs. 5 to Rs. 6 each ...	48
5	Belur ...	Increase of pay to Conservancy Inspector from Rs 8 to Rs. 12 per mensem, sanctioned in Proceedings No. 12353-4—L. F. 133-95, dated 14th May 1897 ...	60
6	Arkalgud ...	1 Peon on Rs. 5	48
7	Konanur ...	2 Wheelbarrows	60
			30

11. The Deputy Commissioner's proposal to reduce the Conservancy establishment at Sravanabelagola to one sweeper and to utilize the savings in improving the roads therein which are badly in want of repair, is likewise approved. To meet the increases to the Conservancy dafadar and peons of the Hassan Municipality, sanctioned in Government Proceedings No. 1556-57—L. F. 283-96, dated 28th July 1897, the provision will be raised by Rs. 96.

12. *VII Lighting.*—The purchase and lighting of additional lamps and the proposed appointment in the Arsikere Municipality of a lamp lighter on one rupee per month account for the increased provision, which will be retained.

13. *VIII Public Works.*—To meet the salaries of the Work Inspectors, sanctioned in Government Proceedings No. 1393-96—L. F. 320-96, dated 30th June 1897, a provision of Rs. 3,332 will be entered in the budgets of the several municipalities, calculated at the prescribed rate of 10 per cent on the cost of works. The expenditure, however, may be limited to 5 per cent as proposed by the President, if it is considered unnecessary to utilize the provision to the full extent.

14. *VIII Public Works (b) to (o) Works.*—Owing to the insufficiency of funds, the provision of Rs. 500 made for original drains in the budget of Sravanabelagola will be reduced to Rs. 300. With this exception the estimates for works, which include the marginally noted items costing Rs. 500 and upwards, are sanctioned.

15. *IX Charitable Grants.*—The increase under this head is due to the provision made for the salaries of compounders of Local Fund dispensaries at the increased rate sanctioned in Government Proceedings No. 13250-1—Mis. 1962, dated 8th June 1896, and for the salary of the Vaccinator for Hassan whose appointment, though sanctioned temporarily in Government Proceedings No. 13133-5—L. F. 133-95, dated 5th June 1896, is now proposed to be continued. The estimate will stand.

16. *XI Miscellaneous (c) Cattle-pounds.*—The estimate under this head, which includes the provision made for a new cattle-pound at Alur and for the arrears payable to certain pound-keepers, is approved. It should, however, be explained whether the provision for commission to pound-keepers entered in the budget of Alur includes arrears of more than one year, and, if so, why.

17. The other items call for no remarks and are passed.

18. The budget estimates for 1897-98 are sanctioned as per details given in the accompanying appendices of which an abstract is given below :—

19. The closing balances in favor of all the municipalities in the district, except Channarayapatna and Sravanabelagola are in excess of the prescribed minimum ; and the President may therefore submit proposals for their appropriation for other useful purposes, unless any works of special importance are in view.

*The figures given in the supplemental budget for 1896-97 have been adopted in this office instead of the estimates sanctioned in the original budget for that year.

RECEIPTS.

2. *I. Octroi.*—A large increase is expected under this head from the improved system of working of the Octroi Department and the strict supervision over collections, consequent on the appointment of a separate Octroi Manager. The estimate is passed.

3. *Lighting Tax.*—A new estimate of Rs. 5,600 is entered under this head in accordance with the Board's Resolution, dated 4th March 1897, to levy a lighting tax at one per cent on the rental value of houses under Section 196 of the Municipal Regulations, in order to meet the pressing demand for additional lamps. The levy of this tax is sanctioned and the estimate proposed by the President approved.

4. *License Fees (b) Other Licenses.*—The increase under this head is attributed to an increase in the number of hackney carriages. The estimate is approved.

5. *VII. Mohatarfa.*—The decrease under this head is due to the omission of the usual estimate under "Loom tax" in accordance with the Board's Resolution of 26th November 1896. As the abolition of the tax throughout the province has been sanctioned in Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897 the estimate is passed.

6. *VIII. Rents.*—During 1897-98, it is proposed to sell the rental of all the stalls within the market by public auction, as this is expected to yield a larger revenue. The estimate is approved.

7. *X. Miscellaneous.*—The main items of increase under this head are given hereunder:—

Items.	1896-97.	1897-98.	Increase.
	Rs.	Rs.	Rs.
(*a*) Sale of houses and lands ...	2,000	4,500	2,500
(*d*) Pounds	500	600	100
(*g*) Sale of manure	3,250	3,500	250
(*h*) Scavenging fees	150	1,850	1,700
(*m*) Contributions	10,963	15,038	4,075
(*n*) Other items	750	2,000	1,250

8. The increase under "(*a*) Sale of houses and lands" is ascribed to the expected sale of building sites available in Kumbargundi and other parts of the city; that under "(*d*) Pounds" to the levy of enhanced rates of fine on cattle impounded during nights in accordance with Notification No. 6578—L. F. 139-92 dated 8th December 1896, and that under (*n*) "Other items" to the proposed sale by public auction of the right to open meat stalls in various parts of the city independently of the Central Market.

9. (8) "*Sale of Manure.*"—The President expects an increase of Rs. 250 under this head (1) from the proposed levy of a rate for the use of the sewage water passing through the main drain and (2) from the greater demand for manure likely to be secured by the gradual introduction of the system of daily conservancy. Pending the issue of final orders on the former point, the estimate will be retained.

10. *X. (h) Scavenging Cess.*—The proposed levy of a scavenging cess having been sanctioned in Proceedings No. 1763—L. F. 27-97, dated 2nd August 1897 the estimate entered under this head is passed. Particular attention should be paid to the instructions contained in those Proceedings and the report therein called for submitted at an early date.

11. "*X. (m) Contributions.*"—The estimate of Rs 15,038 entered under this head includes a sum of Rs. 5,000 expected as the contribution from the Civil and Military Station Municipality towards the cost of treating patients from that Municipality in the Bangalore Maternity during the years 1895-96 and 1896-97 under Proceedings No. 3563—L. F. 43-92, dated 14th September 1896, and the contribution expected from Local Funds General towards the increased cost of the Pilgrim Chattram and the increased salary of the Senior Hospital Assistant.

12. *Opening Balance.*—The sum of Rs. 16,792 entered under this head will be replaced by Rs. 6,487, being the closing balance according to the supplemental budget sanctioned for 1896-97.

gard to the other items of increase, which have not been so sanctioned, the tention of the President will be drawn to para VIII of Official Memorandum o. 6861-70—157, dated 8th December 1869, which requires previous sanction Government to every new proposal before its incorporation in the budget. It observed at the same time that the budget, as presented to Government, differs various particulars from the budget as published in the *Gazette* of the 17th larch 1897 and as approved by the Board in their Proceedings of the 26th lem; and also that the resolution of the Board with regard to provision for inreases to the Collection Department and to the City Municipal Schools Establishent is couched in such general terms that Government are unable to judge hether the details of charges now proposed have received the approval of the oard. The President will now place before them a detailed proposition statement mbodying the increases proposed, and submit their views for the orders of overnment. Pending this, the increased provisions will be retained; but should ot be utilized.

14. *IV. Conservancy.*—The President proposes to employ a certificated anitary Inspector on Rs. 60 + 20 in accordance with Government Proceedings lo. 9899-902—L. F. 226-96, dated 4th March 1897; this is approved. But the ecessity for retaining the existing Sanitary Inspector on a higher pay and allowance as an assistant to the former and as a Prosecuting Inspector instead of utilizing his services in some other capacity should be reported separately for orders, s required in para 13 above.

15. *VII. Lighting.*—During the year 1897-98, 903 lights are proposed to be t at a cost of Rs. 1-0-6 per lamp per mensem instead of 800 at one rupee each. Hence the increase in the estimate, which is passed.

16. *VIII. Public Works.*—The provision for works, of which details are given n Appendix C, is passed.

17. *IX. Charitable Grants—Itinerant Medical Officer.*—The provision of s. 120 made under this head on account of the house-rent of the building, to hich the dispensary has been removed, will be raised to Rs. 144 in accordance ith the President's letter No. 294, dated 16th June 1897, and Proceedings lo. 533-4—L. F. 144-96, dated 13th July 1897.

18. *Langarkhana.*—A portion of the increase (Rs. 300) provided under this ead was sanctioned in Government Proceedings No. 3234-5—L. F. 12-93, dated rd September 1896: the balance (Rs. 100) will now be sanctioned.

19. *Annachattram.*—The increased provision of Rs. 48 per annum, made to eet the proposed increase of one rupee each to the present low salaries of four the menial servants, is sanctioned.

4. ***License Fees (b) Other Licenses:***—The increase under this head is attributed to an increase in the number of hackney carriages. The estimate is approved.

5. ***VII. Mohatarfa.***—The decrease under this head is due to the omission of the usual estimate under "Loom tax" in accordance with the Board's Resolution of 26th November 1896. As the abolition of the tax throughout the province has been sanctioned in Proceedings No. 1711-21—L. F. 150-96, dated 31st July 1897, the estimate is passed.

6. ***VIII. Rents.***—During 1897-98, it is proposed to sell the rental of all the stalls within the market by public auction, as this is expected to yield a larger revenue. The estimate is approved.

7. *X. Miscellaneous.*—The main items of increase under this head are given hereunder;—

Items.	1896-97.	1897-98.	Increase.
	Rs.	Rs.	Rs.
(*a*) Sale of houses and lands ...	2,000	4,500	2,500
(*d*) Pounds	500	600	100
(*g*) Sale of manure	3,250	3,500	250
(*h*) Scavenging fees	150	1,850	1,700
(*m*) Contributions	10,963	15,038	4,075
(*n*) Other items	750	2,000	1,250

8. The increase under "(*a*) Sale of houses and lands" is ascribed to the expected sale of building sites available in Kumbargundi and other parts of the city; that under "(*d*) Pounds" to the levy of enhanced rates of fine on cattle impounded during nights in accordance with Notification No. 6578—L. F. 139-92, dated 8th December 1896, and that under (*n*) "Other items" to the proposed sale by public auction of the right to open meat stalls in various parts of the city independently of the Central Market.

9. (8) "***Sale of Manure.***"—The President expects an increase of Rs. 250 under this head (1) from the proposed levy of a rate for the use of the sewage water passing through the main drain and (2) from the greater demand for manure likely to be secured by the gradual introduction of the system of daily conservancy. Pending the issue of final orders on the former point, the estimate will be retained.

10. *X. (h) Scavenging Cess.*—The proposed levy of a scavenging cess having been sanctioned in Proceedings No. 1763—L. F. 27-97, dated 2nd August 1897, the estimate entered under this head is passed. Particular attention should be paid to the instructions contained in those Proceedings and the report therein called for submitted at an early date.

11. "*X. (m) Contributions.*"—The estimate of Rs 15,038 entered under this head includes a sum of Rs. 5,000 expected as the contribution from the Civil and Military Station Municipality towards the cost of treating patients from that Municipality in the Bangalore Maternity during the years 1895-96 and 1896-97 under Proceedings No. 3563—L. F. 43-92, dated 14th September 1896, and the contribution expected from Local Funds General towards the increased cost of the Pilgrim Chattram and the increased salary of the Senior Hospital Assistant.

12. *Opening Balance.*—The sum of Rs. 16,792 entered under this head will be replaced by Rs. 6,487, being the closing balance according to the supplemental budget sanctioned for 1896-97.

EXPENDITURE.

13. The estimates under the heads "II. Head office," "III. Collection (*b*) House and Mohatarfa taxes," "IV. Conservancy," "VI Registration of births and deaths," "VIII. Public Works (*a*) Supervision," "IX. Charitable grants," "X. Education" and "XI. Miscellaneous" include the marginally noted items, which, having been already sanctioned by Government, are now allowed. With regard to the other items of increase, which have not been so sanctioned, the attention of the President will be drawn to para VIII of Official Memorandum No. 6861-70—157, dated 8th December 1839, which requires previous sanction of Government to every new proposal before its incorporation in the budget. It is observed at the same time that the budget, as presented to Government, differs in various particulars from the budget as published in the *Gazette* of the 17th March 1897 and as approved by the Board in their Proceedings of the 26th idem; and also that the resolution of the Board with regard to provision for increases to the Collection Department and to the City Municipal Schools Establishment is couched in such general terms that Government are unable to judge whether the details of charges now proposed have received the approval of the Board. The President will now place before them a detailed proposition statement embodying the increases proposed, and submit their views for the orders of Government. Pending this, the increased provisions will be retained; but should not be utilized.

RECEIPTS.

2. *I. Octroi.*—The slight increase under "Kerosine oil" is justified by the probable collections of 1896-97. The estimate is sanctioned.

3. *II. Tax on Houses, III. License Receipts and VII. Mohotarfa.*—The variations under these heads have not been explained. The omission should be supplied. Meanwhile the estimates will stand.

4. *X. Miscellaneous (a) Sale of Houses and Lands.*—The large estimate of Rs. 3,800, entered under this head against Rs. 150 sanctioned for 1896-97, is probably expected from the sale of building sites in the new extension of the Tumkur town. This should have been explained. The estimate, however, is approved.

5. *Opening Balance.*—In lieu of the estimates proposed, correct opening balances will be adopted as shown below:—

No.	Municipality.	As proposed.	As sanctioned.
		Rs.	Rs.
1	Tumkur	4,007	3,315
2	Bellavi	666	1,588
3	Koratagere	602	720
4	Gubbi	1,306	2,226
5	Tiptur	2,441	3,970
6	Maddagiri	689	896
7	Sira	1,148	2,163
8	Chiknayakanhalli	1,414	2,116
9	Turuvekere...	267	749
10	Huliyar	519	831
11	Pavagada	753	369
12	Kunigal	1,007	1,806
13	Huliyurdurga	412	556
14	Kadaba	493	1,337
15	Nonavinkere	668	1,831
16	Holavanahalli	233	898
	Total ...	16,625	25,371

EXPENDITURE.

6. *I. Interest on Debt.*—The provision of Rs. 456 made under this head in the budget of Tumkur is in excess of the amount, namely, Rs. 110, payable as interest on the balance of loan (Rs. 2,750) due to the Sanitary Department. The latter figure will be adopted in the budget.

7. *IV. Conservancy.*—Of the following increases provided under this head item 1 has already been sanctioned and those remaining are now passed.

		Rs.
Tumkur.—(*a*) Four sweepers on Rs. 6 each per mensem, sanctioned in Proceedings No. 10011-12—280-95, dated 8th March 1897	... ..	288
Ditto (*b*) Purchase of dust-bins	... ...	100
Bellavi.—(*b*) Purchase of dust-bins and repairing wheel barrows	... ...	60
Maddagiri.— Ditto	ditto	60

8. *VII. Lighting.*—Details showing the number of lamps and the cost of lighting each should have been given. Pending information the provisions made will be approved.

	Rs.
Tumkur—	
(1) Roads, original	... 1,500
(2) Roads, repairs	... 2,049
Gubbi—	
Drains, original	... 600
Tiptur—	
(1) Roads, original	... 800
(2) Roads, repairs	... 500
(3) Drains, original	... 500
Chiknayakanhalli—	
Water-supply, original	... 500
Kunigal—	
Water-supply, original	... 547

9. *VIII. Public Works (b) to (o) Works.*—In consequence of the large reduction in the opening balance of Pavagada, the acceptance of the whole amount provided for works would lead to a *Nil* balance. The estimate under "Buildings, original" will therefore be reduced by Rs. 100. The provisions made in the other budgets, of which those involving Rs. 500 and above are noted in the margin, are passed.

10. *VIII. Public Works (a) Supervision.*—A provision of Rs. 1,915, at 10 per cent on the cost of works, will be made in the several budgets on account of the salaries of the Work Inspectors to be appointed under Proceedings No. 13938-46—L. F. 320-96, dated 30th June 1897. The Deputy Commissioner should, however, report whether the appointment of Overseer at Tumkur may not be abolished or absorbed in the staff of Work Inspectors to be newly entertained.

			Rs.
1.	Increase of compounder's pay at Tumkur from Rs. 7 to 8 per mensem	..	4
	Do Tiptur ... 7 to 12	...	20
	Do Maddagiri ... 7 to 8	...	4
	Do Sira ... 7 to 10	...	12

	Do Kunigal ... 7 to 8	...	4
2.	Contribution (municipal) towards the construction of the house in Koratagere	...	147
3.	Repairing dispensary at Gubbi ...	...	41
4.	Do Tiptur at a cost of Rs. 30 in lieu of the provision of Rs. 13, sanctioned for furniture during 1896-97	...	17
5.	Do Maddagiri ...	..	18
6.	Do Sira in lieu of provision for furniture	..	378
7.	Do Chiknayakanhalli in lieu of furniture Rs. 8	... ...	30
8.	Do at Huliyar ...	...	30

11. *IX. Charitable Grants.*—Of the marginally noted increases, those on account of the compounders of certain Local Fund dispensaries being in accordance with the Government Proceedings, No. 13250-1—Mis. 1962, dated 8th June 1896, are allowed. The rest, on account of contribution towards dispensary buildings, will be retained, subject to a report as to the nature of the house proposed to be built at Koratagere, and as to why any contribution has to be paid from the Municipal Funds of Huliyar, which, under Proceedings No. 7102-3—65, dated 11th February 1889, makes only a small contribution of Rs. 60 annually towards the maintenance of the local dispensary.

12. *XI. Miscellaneous.*—In the budget of Tumkur the necessary provision under "Repayment of loan" has not been made as directed in Proceedings. No. 100-101—L. F. 262-96, dated 3rd July 1897. The estimate will, therefore, be raised by Rs. 2,750.

13. The other items call for no remarks and are passed.

14. The budget estimates of the several municipalities in the Tumkur dis-

trict for 1897-98 are sanctioned as per details given in the accompanying appendices, of which an abstract is given below :—

	Total ...	25,371	39,175	64,546	45,788	18,758

15. Every endeavour should be made to maintain the prescribed minimum balance in the municipalities of Tumkur and Pavagada. But in the remaining municipalities where the balance exceeds the prescribed maximum, there is scope for further expenditure on useful works, proposals for which may be considered and submitted in due course.

Letter No. 246, dated 6th April 1897, from the President of the Bangalore City Municipality.

In submitting for approval of Government the enclosed copy of resolution of the Board passed at an ordinary meeting held on the 26th ultimo, I have the honor to state that under Section 109 of the Municipal Regulations it is proposed to levy a scavenging cess on all houses paying a house tax of and above 12 annas per annum at the following rates from the 1st of July 1897 :—

	Rs.	a.	p.
On houses paying an assessment of from 12 annas to Re. 1 per annum, ...	0	1	0
Above Re. 1 to Rs. 2	0	2	0
Do Rs. 2 to Rs. 3	0	4	0
Do Rs. 3 to Rs. 5	0	8	0
Do Rs. 5 to Rs. 15	0	12	0
Do Rs. 15 to Rs. 30	1	0	0
Do Rs. 30 to Rs. 75	1	8	0
All above Rs. 75	2	0	0

2. There are at present 11,125 houses of which 1,614 are assessed below 12 annas and will therefore be exempted and the proposed cess on the remaining houses is estimated to realise a revenue of Rs. 1,597-15-0 per mensem or Rs. 19,175-4-0 per annum when all houses are brought under the system of daily conservancy.

3. Just now 1,028 houses are conserved daily and 22 scavengers are employed by the municipality to do the work which is not now charged for, while the number of house owners who apply for daily conservancy is every day increasing. On the other hand many gentlemen engage the services of municipal scavangers paying them from one to six rupees per month and the municipality gets nothing for work done by its servants for private individuals.

4. As the sanitation of the city is now being improved and night-soil pits are being closed and the system of daily conservancy is insisted on and is rapidly extending, and as provision must be made for such extra staff, and there being no means of covering the enhanced prospective expenditure, while it is only just and fair that citizens should pay for private work to be done through municipal agency as provided for in Section 109, the introduction and levying of the cess suggests itself as being right and proper and the Board are convinced of the urgent and the imperative necessity of carrying this arrangement into effect. I therefore solicit the Government may be pleased to sanction the imposition of the cess as approved of by the Board.

Extract from the Proceedings of a Sub-Committee appointed under Resolution 11 of the Board's Proceedings, dated 4th March 1897.

PRESENT.

The President.	Mr. A. Somasundra Mudaliar.
Surgeon Colonel P. H. Benson.	,, D. Venkatramiah.
Mr. Hafizulla Khan Saib.	

Resolved that a scavenging cess under Rule 109 be given effect to from 1st July 1897, at the following rates :—

4. Proceedings of the Sub-Committee appointed under Resolution 11 of the Proceedings of the Board, dated 4th March 1897, to consider the President's proposal to introduce a scavenging cess as provided for in Section 109 of the Bangalore Town Municipal Regulations :—

Resolution.—The Proceedings of the Sub-Committee are approved of and the introduction of the scavenging cess to take effect from the 1st July 1897.

No. 1763—L. F. 27-97, DATED, BANGALORE, 2ND AUGUST 1897.

ORDER THEREON.—The proposed levy of the scavenging cess from 1st July 1897 is sanctioned.

2. In according sanction to the introduction of the cess, the Government desire that particular attention be paid to the importance of prescribing and executing adequate arrangements to prevent the removal and dispo-al of night-soil becoming a nuisance to the neighbourhood or to persons using the public roads. The Board should provide the conservancy establishment with a supply of air-tight vehicles capable of being easily and thoroughly cleaned every time they may be used; routes should be prescribed for removal of the night-soil from particular parts of the town, and the hours when these particular routes are to be used for this purpose should also be laid down; roads of importance should always be avoided; proper arrangements should exist for prompt and effectual disposal of the contents of carts on arrival at appointed places of destination, of which there should be several, all at due distance from inhabited parts of the city.

3. The President of the Municipality is requested to report at an early date upon the detailed arrangements proposed to be carried out by the Municipal Board for giving effect to the foregoing instructions.

Correspondence ending with docket, dated 16th January 1895, No. D—825, from the District Magistrate, Bangalore, on the question of making over the fines levied under local and special laws in force in the Bangalore City to Municipal Funds.

No. 1882-83—L.F. 24-97, DATED, BANGALORE, 4TH AUGUST 1897.

ORDER THEREON.—Under Section 9 of the Municipal Regulations, 1871, only such fines, fees and penalties as are paid to, or levied by the Municipal Commissioners under the said Regulations, constitute the Municipal Fund; and Section 246 enacts that the Magistrate by whom any fine or penalty is imposed by virtue of the said Regulations may award any portion, not being more than one-half thereof, to the informer and shall order the remainder, or, if he make no award to the informer the whole, of such fine or penalty to be paid to the Commissioners, to be by them applied to the purposes of the said Regulations. The Government observe that in the absence of similar provisions in favor of the municipality in any of the special or local laws referred to, the fines levied thereunder cannot be credited to Municipal Funds or claimed by the municipality, though the Government is at liberty to assign all or any portion of such fines for municipal purposes.

Government Official Memorandum No. 4373—L. F. 296-92, dated 29th September 1896, inviting the Comptroller's opinion as to whether, in the event of the present post-audit system of accounts being replaced by a system of pre-audit of all items in the municipalities of the Bangalore and Mysore cities and of the items of expenditure on public works in the remaining municipalities, the exceeding of budget limits in certain cases by Presidents of Municipal Boards without proper sanction and the resulting delay and inconvenience might not be prevented.

(2) Letter No. 2286, dated 7th May 1897, from the Comptroller in Mysore.

With reference to Official Memorandum No. 4373—L. F. 296-92, dated 29th September 1896.

I have the honor to forward a Memorandum as to the advisability of substituting pre-audit for post-audit of municipal charges.

MEMO.

Municipal Accounts, Official Memorandum No 4373—L. F. 296-92, Dewan's Office.

Two drawbacks are noticed in the above Memorandum.

(1) Presidents exceeding budget grants and estimates for public works without proper sanction.

(2) Delay in the preparation and submission of accounts.

2. The Government suggests as a remedy the pre-auditing of all items in the Mysore and Bangalore City Municipalities and of items of expenditure on public works in all the remaining municipalities.

3. I am afraid that, if all payments have to be made only on pre-audited bills, progress of work in the municipalities will be very much retarded.

Almost all the municipal contractors both for public works and conservancy are petty piece workers with very little or no capital of their own; and, if they are not paid as promptly and as often as men of this class in the Public Works Department are paid, considerable difficulty may be experienced in securing proper men for municipal works without increasing the existing rates so as to provide some compensation for the delay that pre-audit in a central office would necessarily involve.

The majority of the works themselves are very small and petty, though very large in number, and are such that they can be completed in a month or two provided the petty contractors are paid once a fortnight as such men are in the Public Works Department while they will be necessarily prolonged if payments have to be made after an audit in this office.

4. As a remedy for the first drawback, I would suggest, first, that in carrying out all public works the Presidents may be authorized to incur excesses not exceeding 5 per cent of the estimate amount under each item and not exceeding 10 per cent on the total amount of estimate second, in regard to works costing Rs. 500 and less they may exceed up to the limit of their sanctioning power, *viz.*, Rs. 500; provided, when the excesses are not covered by rule (1), they sanction revised estimates and include them in their monthly list of sanctions.

5. In regard to conservancy, the same powers may be given to the President both in regard to the sweepers and totis who should not be classed as members of a fixed establishment under "IV Conservancy (*a*)" as is now done, but under "IV Conservancy (*b*)" and also in regard to petty works and purchases under the same head "Conservancy (*b*.)"

6. No excess being permitted under fixed establishment of all kinds the budget grants under other heads may be allowed to be exceeded by 5 per cent.

7. These enhanced powers will, I think, greatly obviate the necessity of raising month after month so many objections in this office and of the Presidents going up to Government so often for sanction for any small and petty deviations and excesses.

8. The present system of sanctioning supplemental budget estimates by Government which does not obtain elsewhere and which is not provided for in the Civil Account Code will no longer be necessary.

In the very rare cases where the excesses cannot be covered by the above provisions, the Presidents may be asked to submit revised estimates for sanction of Government.

9. As regards the delay in the submission of accounts, I cannot understand where the difficulty lies. The form of accounts adopted is very simple, and is not susceptible of further simplification. The Government have fixed the 30th of the month following that to which the accounts

relate as the date for submission of accounts, which is a very liberal allowance compared with the date fixed for the civil accounts from District Treasuries; and yet all the Presidents have been highly unpunctual during the past years and are showing no signs of improvement, *vide* Statement A for 1895-96 and part of 1896-97. The delay in the preparation of accounts in this office and submission to Government, is not due to unauthorised excess expenditure or budget grants being exceeded as all such excess charges are brought on the accounts under "Suspense" pending sanction or re-appropriation but due entirely to these accounts being received in this office long after the prescribed date, and in the majority of cases in a very imperfect condition not fully and properly vouched.

10. I would, therefore, suggest that the Government may be pleased to investigate the question in communication with the Presidents of all the municipalities and take such steps as would remedy this defect. A better and more intelligent class of men employed as municipal clerks and accountants in the District Offices with a little more personal attention on the part of Presidents and Vice-Presidents in the matter of accounts, will, I am sure, go a great way in remedying the defect.

No. 1999-2009—L. F. 296-92, DATED, BANGALORE, 6TH AUGUST 1897.

ORDER THEREON.—Except in regard to the suggestion that sweepers and totis may be classed under the head "IV Conservancy (*b* other charges," the Government approve in the main of the other proposals made by the Comptroller in the letter read above.

2. Accordingly, the powers of Presidents of Municipalities and of Local Fund Boards with regard to excesses over estimates for works will hereafter be as follows:—

I. As regards works, executed from Municipal or Local Funds, they are authorized to incur excess expenditure up to a limit of 5 per cent of the estimate under each item and up to the same limit on the total estimate. Where the cost of the work is below Rs 500, they may exceed the estimate up to that amount, provided the excess expenditures can be met by transfers from one minor budget item to another, without involving an increase over the sanctioned budget grant under each major head. All transfers from one major head to another require the sanction of Government, under para 5 of Proceedings No. 5127-5207—L. 635, dated 21st June 1892.

II. Where the expenditure is likely to exceed either of these limits, a revised estimate should be prepared and sanctioned by the President himself, or submitted for the sanction of Government, according as the total cost is within or beyond his powers of sanction.

III. As regards fixed establishments of every kind, including sweepers and totis, the budget provision should in no case be exceeded without the previous sanction of Government.

IV. In the case of entirely new items, applications for supplemental grants or for re-appropriations should be submitted to Government as heretofore.

3. The remarks of the Comptroller made in paras 9 and 10 of his letter with regard to delays in the preparation and submission of accounts, &c., will be referred to the Presidents for particular attention.

Administration Report of the Municipalities in the Tumkur district for 1895-96, received with the Deputy Commissioner's letter No. 508, dated 5th December 1896.

No. 2710-23—L. F. 95-96, DATED, BANGALORE, 24TH AUGUST 1897.

ORDER THEREON.—There were 16 municipalities in the Tumkur district, with a population of48,050 inhabitants.

2. The Boards were composed of 42 *ex-officio* and 95 nominated members; and 31 of the former and 78 of the latter on an average attended the monthly meetings of the municipalities.

3. The following comparative statement shows the main heads of receipts and expenditure during the last two years :—

Receipts.					Expenditure.			
Items.		1894-95.	1895-96.	Increase or decrease.	Items.	1894-95.	1895-96.	Increase or decrease.
Octroi		2,235	2,926	+691	II Head office charges	480	661	+ 181
Tax on houses		13,695	13,795	+ 100	III Collection ...	...	94	+94
Mohatarfa		9,898	10,604	+706	IV Conservancy ...	7,318	8,632	+1,314
Rents		112	137	+25	VII Lighting ...	1,686	1,976	+290
Fines		2	9	+7	VIII Public Works ...	13,750	14,733	+983
Miscellaneous		11,337	6,078	—5,259	IV Charitable grants ...	976	698	—278
					X Education	105	70	—35
					XI Miscellaneous ...	2,546	1,352	—1,194
	Total ...	37,279	33,549	—3,730	Total ...	26,861	28,216	+1,355
Opening Balance		23,575	31,431	...	Closing Balance ...	33,993	36,764	...
	Total ...	60,854	64,980	...	Total ...	60,854	64,980	...

4. There was an increase under all items except "Miscellaneous", and a net decrease of Rs. 3,730, which, however, was nominal, as in the preceding year the Tumkur municipality had borrowed Rs. 5,700 from Government. The increase under "Octroi" was due to large imports of piece goods and to the inclusion of kerosine oil and tobacco among taxable commodities, and that under "Housetax" and "Mohatarfa" to the taxation during the year of vacant sites and agricultural carts. The incidence of taxation was 11 annas and 2 pies per head of the population.

5. The expenditure increased by Rs. 1,355. The increase under the first three heads was due to the entertainment of additional hands and to increments given to existing servants; and that under lighting to the purchase of additional stock for certain municipalities. The decrease under "Education" is attributed to the transfer to the Education Department of the English school at Koratagere which was in receipt of a grant-in-aid from Municipal Funds. The decreases under "Charitable grants" and "Miscellaneous" should have been explained.

6. There has been an increase of over 9,000 in the number of patients treated in the several Local Fund dispensaries. The hardship referred to in paragraph 27 with regard to the contribution payable by municipalities towards the cost of constructing dispensaries, should form the subject of a separate communication.

7. The eight midwives in the district attended to 204 labor cases.

8. The number of persons vaccinated rose from 1,139 to 1,520. Of these 1,315 cases of primary vaccination and 37 cases of re-vaccination were successful.

9. There were 707 deaths during the year, as against 588 in 1894-95, more than one half being due to one kind of fever or another. The number of births was 931 or nearly the same as in the year previous.

Report on the Administration of the Minor Municipalities in the Bangalore District for the year 1895-96, received with the President's letter No. 660, dated 24th December 1896.

No. 2239-49—L. F. 95-96, DATED, BANGALORE, 11TH AUGUST 1897.

ORDER THEREON.—There were 16 minor municipalities in the district with a total population of 73,282 inhabitants. The Boards consisted of 28 official and 99 non-official members, whose average attendance at meetings fell from 24 and 74, respectively, in 1894-95 to 21 and 64 during the year under report.

2. The receipts and expenditure of all the municipalities for the last two years are given below :—

Items of receipt.	1894-95.	1895-96.	Difference	Items of expenditure.	1894-95.	1895-96.	Difference.
House tax ..	15,360	15,040	—320	Head office ...	682	1,439	+757
Mohatarfa ...	16,422	17,329	+907	Collection ..	40	118	+78
Rents ...	321	198	—123	Conservancy ...	7,408	9,483	+2,075
Fines ...	6	8	+2	Lighting ...	1,947	3,110	+1,163
Miscellaneous ...	4,470	3,487	—983	Public Works ..	13,087	15,149	+2,062
Contribution ...	...	106	+106	Charitable grants ...	1,940	1,880	—60
				Education ...	4,161	4,183	+22
Total ..	36,579	36,168	—411	Miscellaneous ...	785	996	+211
Public Debt ...	3,265	354	—2,911	Total ...	30,050	36,358	+6,308
				Public Debt ...	2,530	374	—2,156
Grand Total ...	39,844	36,522	—3,322	Grand Total ...	32,580	36,732	+4,152

3. The incidence of taxation per head of population is thus seen to be Re. 0-7-0·8 against Re. 0-6-11·1 in 1894-95.

4. There was a small decrease in Receipts chiefly under Public Debt; and this is attributed to the non-inclusion of the item "Adjustment of special imprest." The increase of expenditure under "Head office" charges is due to the inclusion therein of the cost of furniture supplied to municipalities. The increases under Conservancy and Lighting are attributed to the entertainment of additional sweepers and to improvement in lighting arrangements. The other variations in expenditure and receipts are presumably due to the fluctuating character of the items.

5. Government are pleased to note that of the total demand of Rs. 36,608, including arrears, all but Rs. 547 had been collected by the close of the year.

The Administration Report of the Municipalities in the French Rocks Sub-Division for the year 1895-96, submitted with the Mysore Deputy Commissioner's letter No. 1472, dated 2nd April 1897.

No. 2652-64—L. F. 95-96, DATED, BANGALORE, 23RD AUGUST 1897.

ORDER THEREON.—There has been a delay of six months in the submission of the report. This should be avoided in future.

2 The number of municipalities in the sub-division was eight with a population of 32,215.

There were in all 19 *ex-officio* and 40 nominated members. Their average attendance at meetings, though slightly better than in the previous year, is still far from satisfactory.

4. The statement given below shows the principal heads of income and expenditure during the last two years :—

Receipts.				Expenditure.			
Items.	1894-95.	1895-96.	Increase or decrease.	Items.	1894-95.	1895-96.	Increase or decrease.

Grand Total ...	...	37,878	...	Grand Total ...	...	37,878	...

5. The net increase of Rs. 4,463 in the income was distributed over all the heads, and was contributed to by all the municipalities except that of Malvalli, in which there was a decrease of Rs. 540. The increase under "House tax" and "Mohatarfa" was due to the collection of arrears in the Seringapatam Municipality and the transfer to the other municipalities of the Government share of the mohatarfa taxes. The amounts shown under "Miscellaneous" and "Other items," include, respectively, a loan and a grant-in-aid of Rs. 998 from Government to the Seringapatam Municipality. The other items call for no remark.

6 The incidence of taxation per head of the population was eight annas and eleven pies.

7. There was an increase of expenditure on public works, which was nearly three times as much as in the year previous. There were also slight increases under "Conservancy" and "Lighting."

8. Out of a total demand of Rs. 41,001 including arrears, less than half was collected during the year, leaving a large outstanding balance of Rs. 21,341, which is not satisfactory.

9. The expenditure from Municipal Funds on education as given in Statement VII in the body of the report is Rs. 238 less than the amount shown in Form E. (Appendix) furnished by the Inspector General of Education. The discrepancy should be explained.

10. The number of patients treated in the several dispensaries rose from 16,378 to 19,725, and that of cases of vaccination from 456 to 963, of which latter, 94 per cent were successful.

11. The midwives employed in the sub-division attended 170 labor cases or nearly thrice as many as in 1894-95.

12. The number of births was 313 or 7 less than in the previous year; and that of deaths 382 or 17 more, chiefly from fever.

13. The body of the report is confined solely to statements of receipts and expenditure and does not contain any observations on education, medical relief, vaccination and sanitation, &c. The results of the year have not in many cases been compared with those of the previous year. The Government trust that these omissions will be supplied in future reports.

REVENUE.

Proceedings of the Government of Mysore,

READ:—

The Table of Rainfall recorded at the several stations in the province during the month of May 1897, received from the Deputy Commissioners of districts.

No. 1611-18—R. 521, DATED, BANGALORE, 9TH AUGUST 1897.

ORDER THEREON.—It is observed that the entries made under the marginally noted columns in the statements received from all the districts except Kadur are not in accordance with the clear instructions laid down in Government Proceedings No. 7081-89—R. 2387, dated 5th February 1897. In filling up the column "Average number of rainy days" for any particular month, the figures given for that month, under column "Rainy days" in the list appended to the Government Proceedings above cited, should be adopted. Similarly, the entries under column "Average rainfall for the month" should correspond with the figures shown in column "Average rainfall". When the return has to be prepared for any month in the 1st division of the year, as defined in the said Proceedings, the heading of column 40 should be written up as "Total rainfall from April", and when it has to be prepared for any month in the 2nd division of the year, the heading should be "Total rainfall from October." The entries to be made in the said column will be the total quantity of rainfall from April or October, as the case may be, up to the end of the month for which the return is prepared. In the same manner, the information to be inserted in column 41 should represent the total of average rainfall given in the list appended to the aforesaid Proceedings for the months commencing from April or October, as the case may be, up to the end of the month to which the return is prepared.

1. "Average No. of rainy days."
2. "Average rainfall for the month".
3. "Total rainfall from 1st April to 31st May 1897."
4. "Average rainfall from 1st April to 31st May 1897."

2. In the statements received from the Bangalore and Kolar districts, the figures under the column "Number of rainy days" are wrong. In calculating the number of rainy days in any month, the days on which the rainfall is below ten cents should not be taken into account.

3. In the consolidated statement published with the *Mysore Gazette*, copy of which is herein enclosed, the necessary corrections have been made and the Deputy Commissioners are requested to note the same for future guidance.

C. SREENIVASIENGAR,
Secy. to Govt., Gen. & Rev. Depts.

READ:—

Letter No. 816, dated 10th June 1897, from the Deputy Commissioner of the Kadur district.

Adverting to the remarks, under column 6, against the irrigation work of improving Madag tank and channel, in the statement received with Government Proceedings No. 7239-47—R. 2419, dated 5th February 1897, directing the collection of the arrears of acreage contribution due on account of major irrigation works costing Rs. 25,000 and upwards, I have the honor to report that, as per rules laid down in Government Order, Camp No. 1382-90, dated 1st October 1888, the necessary or timely intimation was not received from the Executive Engineer in view to the requisite muchalika being obtained from the raiyats owning lands below the tank and channel binding themselves to pay the acreage contribution.

2. On receipt of Government Order of the 5th February 1897 above quoted, the Executive Engineer's attention was invited to the remarks of Government made in column 6 of the statement, to the effect that the "Deputy Commissioner written to, to levy acreage contribution as soon as the estimate exceeded Rs. 25,000", and he was further requested to state the date on which his requisition was sent to me on the subject.

3. In his reply (Kanarese yadi No. 181, dated 18th May 1897) the Executive Engineer regrets that the non-reference was an omission and requests that arrangements may now be made for the levy of the acreage contribution from the raiyats concerned.

4. It appears from the references available that a lump sum estimate for Rs. 1,000 was originally sanctioned, which subsequently rose to Rs. 22,681. The estimate was again raised to Rs. 28,223, and sanctioned.

5. If, as now proposed by the Executive Engineer, the levy of contribution should be enforced in respect of a work which was completed as far back as 1893, a strong objection on the part of the raiyats concerned may well be apprehended.

6. In this circumstance, I venture to submit for the decision of Government the question of enforcing or waiving the levy of the contribution in question.

7. The vernacular papers ending with the Executive Engineer's Memo No. 181, dated 18th May 1897, are herewith forwarded for reference.

Letter No. 3426, dated 26th July 1897, from the Chief Engineer in Mysore, giving his opinion on the subject.

In reply to your letter No. 11791—R. 3875, dated 30th ultimo, forwarding for my opinion, letter from the Deputy Commissioner, Kadur district, regarding the levy of acreage contribution on the Madag tank and channel, a major work completed in 1893, I have the honor to inform you that as the Executive Engineer omitted to send intimation to the Deputy Commissioner of the sanction of the revised project at the time, or within the three years the work was in progress, and as more than four years have elapsed since the work was completed, there is now no alternative but to waive the contribution, which the raiyats will of course object to pay, and naturally so, as no muchalikas were taken from them.

2. To prevent omissions of this kind occurring again, the Government Order on the subject of the levy of acreage contributions for irrigation works will be re-published, and Executive Engineers will be held responsible for such omissions in future.

3. Original enclosures are herewith returned.

No. 2158-66—R. F. 149-96, DATED, BANGALORE, 25TH AUGUST 1897.

ORDER THEREON.—The Government regret to find that the omission on the part of the Executive Engineer to give timely intimation to the Deputy Commissioner of the sanction of the revised project, has resulted in the Chief Engineer's recommendation to waive the contribution in the present case which otherwise would have been levied in the usual course. Having, however, regard to the fact that the project was completed more than four years ago and that no muchalikas were taken from the raiyats, Government are pleased to approve of the Chief Engineer's recommendation to waive the contribution, and to request the Chief Engineer to impress upon Executive Engineers the necessity of giving timely intimation, to the Deputy Commissioners concerned, of all major irrigation works sanctioned by Government from time to time, and strictly avoiding omissions of the kind now brought to notice.

2. *Land Revenue.*—There is a large decrease of Rs. 1,16,066 under total demand. The decrease is chiefly in the districts of Tumkur, Hassan, Mysore and Kadur. In the Tumkur, Hassan and Kadur districts, there is a decrease under current demand as shown in the margin. The decrease in the Kadur and Hassan districts is reported to be mostly due to the falling off in the receipts, chiefly under the head, "Sale proceeds of coffee jungles and other lands." In the Mysore district, the decrease is mainly due to the arrears at the beginning of the current year being less than those at the commencement of the previous year. The Deputy Commissioner of the Tumkur district who has not as yet reported the cause of the decrease observed in this office No. 9964-72—R. 3256, dated 7th May 1897, is requested to do so without further delay.

	Last year. 1895-96.	Current year. 1896-97.	Difference.
Tumkur	... 12,72,767	12,48,344	24,423
Hassan	... 12,02,794	11,84,996	17,798
Kadur	... 9,10,163	8,34,949	75,214

3. The proportion which the outstanding balance bears to the entire demand is shown below:—

District.	1895-96.	1896-97.
Kolar	5·2	19·4
Kadur	11·7	18·5
Shimoga	20	14·8
Hassan	6·4	12·9
Tumkur	2·9	10·5
Bangalore	3·9	8·8
Chitaldrug	2·8	4·9
Mysore	7·9	4·4

The above figures show that the collection work in all the districts, except Mysore and Shimoga, does not compare favorably with that of the last year.

4. The collections as shown by the Deputy Commissioners differ from the Comptroller's figures to the extent noted below :—

Districts.	As per Deputy Commissioner's.	As per Comptroller's.	Difference.
Bangalore	10,96,971	10,96,971	Nil
Kolar	10,65,804	10,78,800	—12,996
Tumkur	11,28,319	11,28,319	Nil
Mysore	16,53,822	16,54,156	+334
Hassan	10,76,012	10,76,012	Nil
Shimoga	12,26,282	12,26,359	—77
Kadur	7,13,912	7,13,897	+15
Chitaldrug	6,54,017	6,54,600	—583

The attention of the Deputy Commissioners of Kolar, Mysore, Shimoga, Kadur and Chitaldrug districts is drawn to this office No. 601-9—R. 204, dated 16th July 1897, and they are again requested to adjust these differences finally in the accounts for June 1897 in communication with the Comptroller, if necessary.

5. *Sayer.*—Calls for no special remark except that the balances of Rs. 1,929 and Rs. 1,016 remaining unrealized in the Shimoga and Kadur districts should be collected early.

6. *Mohatarfa.*—The balances in the Mysore, Kolar, Bangalore, Shimoga and Hassan districts are heavy and should be collected early.

7. *Miscellaneous.*—The balances remaining uncollected at the close of the month are heavy in the districts of Shimoga and Mysore. The reason why such heavy amounts have been left outstanding should be reported.

Docket No. 774, dated 15th February 1896, from the Deputy Commissioner, Bangalore district submitting, with reference to the instructions contained in Government Order No. 5479-87—R. F. 263-92, dated 12th December 1895, a copy of the Circular Order issued by him to the Amildars and Deputy Amildars of his district, *in re* examination of field boundary marks by Measurers.

No. 1814-22—R. F. 263-92, DATED, BANGALORE, 16TH AUGUST 1897.

ORDER THEREON.—Government observe that the last sentence of the Deputy Commissioner's order above referred to, which directs that Measurers need not be employed on the subdivision of occupied lands, and that applications for such subdivision should lie over, is incorrect, inasmuch as the Government Order referred to did not contemplate such a course.

2. It is a legitimate duty of shekdars to carry out the subdivision of survey numbers. The Deputy Commissioners will report how many of their shekdars know the land measuring work. The salary of this class of officials has been recently raised and it is desirable that none but thoroughly qualified men should be appointed. A knowledge of land surveying should be deemed an essential qualification. Having regard to the importance of this class of officials, even shekdars on Rs. 15 should be brought under the operation of the rules for the admission of candidates to the subordinate service.

Government are accordingly pleased to direct that the procedure laid down in Notification No. 3 of the 12th April 1888 be followed in the case of shekdars irrespective of their pay.

3. Government take this opportunity to point out to the Deputy Commissioners that the hobli charges, as at present constituted, appear to be very unequal and in not a few instances they are too small. A re-adjustment of the heblis and a reduction in their number seem expedient and feasible and, if carried out, it will perhaps be possible to utilize the savings effected in the pay of shekdars to further improve their position by instituting a better paid class for a few of the most deserving. Deputy Commissioners are requested to consider this suggestion and submit a detailed and full report of their views and recommendations at an early date. In the meanwhile they are requested to see that the work of subdividing the survey numbers in accordance with the present practice will not be suspended.

Dockets from the Deputy Commissioner, Bangalore District, No. 36, dated 8th July 1897, and No. 116, dated 22nd July 1897, requesting instructions as to the tariff values per lb., of certain kinds of cotton goods not provided for in Notification No. 6682, Legislative 37, dated 9th December 1896, and as to what kinds come under the classes, "Other gray goods" and "Goods of other descriptions."

No. 1926-33—R. 636, DATED, BANGALORE, 19TH AUGUST 1897.

ORDER THEREON.—The attention of the Deputy Commissioner will be drawn to Notification No. 1925—R. 635, dated 19th August 1897, with the observation that in the case of goods for which no tariff values have been fixed, the assessment should be based upon the "real value", as laid down in clauses (2) and (3) of Section 4 of the Cotton Goods Regulation.

2. With regard to the other point on which instructions are solicited by the Deputy Commissioner, it is observed that the very expressions "Other gray goods" and "Goods of other descriptions" are sufficiently indicative of the nature of the articles in question, that is, that they are goods other than those specially mentioned.

Letter No. 756—40, dated 2nd August 1897, from the Conservator of Forests in Mysore, requesting that in connection with the disposal of vacancies of Amildars which have recently occurred, the claims of the subordinates of his department, especially those of K. Anantaramaiengar and Mohiyuddin Sheriff, of the head-quarter office, may be favorably considered.

No. 2202-235—R. 715, DATED, BANGALORE, 26TH AUGUST 1897.

ORDER THEREON.—The Conservator will be assured that his recommendation as well as those coming from other Heads of Departments and Deputy Commissioners will receive the best consideration of Government on every occasion on which an appointment is made, and that if any particular recommendation is not complied with, it is only because there are other conflicting claims requiring preference. Both the names referred to in the Conservator's letter will be noted for consideration.

Letter No. 126-85, dated 23rd July 1897, from the Deputy Commissioner, Shimoga district, submitting his review of the diaries showing the itineration of the Amildars and Deputy Amildars in the district during the month of June 1897.

No. 2288-95—R. 729, DATED, BANGALORE, 27TH AUGUST 1897.

ORDER THEREON.—It is observed from the statement received with the above that with the exception of the Amildar of Sagar not one of the Amildars in the district itinerated to the full extent prescribed in para 4 of Government Proceedings No. 8778-84—R. 2949, dated 1st April 1897. Deputy Commissioners of districts are requested to insist upon Amildars and Deputy Amildars camping out for at least ten days in each month. Reasonable grounds for exemption may, however, be always accepted by Deputy Commissioners.

No. 2278-86—R. 727, DATED, BANGALORE, 27TH AUGUST 1897.

ORDER THEREON.—*I. Irrigation Wells.*—Under para 19 of the special rules published under Notification No. 183, dated 21st July 1891, the yearly instalments due for irrigation wells become payable with the last yearly khist and the demand for such loans must therefore fall in the last quarter of every official year. But in the Kolar district, the whole demand for the year 1896-97 was brought into the accounts in the third quarter under review, while in the Tumkur and Chitaldrug districts, only actual collections were so brought and entered under the head, "Demand," for the quarter above mentioned.

The Deputy Commissioner of Bangalore states that the sum of Rs. 5-1-8, mentioned against the Doddballapur taluk, as shown in Statement No. I appended, has been collected but credited under a wrong head, and that the error will be rectified soon.

In this office No. 8710—R. 2924, dated 2nd April 1897, the Deputy Commissioner of Kolar was requested to explain the discrepancies and to submit correct demand, collection and balance statements of loans granted for irrigation wells for quarter ending 31st December 1896, which showed an incorrect closing balance of Rs. 80-4-8. The revised statement received with the Deputy Commissioner's docket No. 267-56, dated 16th July 1897, shows that the closing balance for the quarter ending 31st December 1896 should be Rs. 118-14-0, not Rs. 80-4-8 as stated above. Of this, only a sum of Rs. 52-7-11 has been recovered during the quarter, leaving a balance of Rs. 66-6-1 pertaining to *previous years*. Similarly a large balance of Rs. 196-8-6 is still outstanding in the Chitaldrug district. The Deputy Commissioners of these districts are requested to have these amounts collected at an early date, with interest, as required by the rules.

The attention of the Deputy Commissioners of the Bangalore and Chitaldrug districts is invited to para 2 of Government Proceedings No. 10733-742—R. 3554,

dated 5th June 1897, and they are requested to submit as early as possible the explanation therein called for.

II. Land Improvements.—It is observed from the Statement No. II appended that out of the total demand of Rs. 786-2-2, a sum of Rs. 295-14-9 has been collected, leaving a balance of Rs. 490-3-5 for the recovery of which early steps should be taken.

III. Saguvali Kattes.—In the Mysore district, the sum of Rs. 80, shown as the closing balance for the quarter ending 31st December 1896, has not been exhibited in the statement under review. This omission requires explanation, though the figure has been brought into the accounts, under the head "Demand," in the Statement No. III appended.

A large sum of Rs. 390-12-4, being the uncollected balance of *previous years*, is still outstanding against the Chitaldrug district and it is hoped that this will be recovered with interest at an early date.

No. 2336-93—R. 766, DATED, BANGALORE, 31ST AUGUST 1897.

ORDER THEREON.—In para one of Government Proceedings No. 9625-32—R. F. 96-96, dated 3rd May 1897, the Deputy Commissioners of Bangalore, Kolar, Mysore, Hassan, Shimoga, and Kadur were requested to report whether any modification had been made in the distribution of the charge of taluks among the Assistant Commissioners after such distribution had been reported to Government. Proposals were also invited from the Deputy Commissioners of Tumkur and Chitaldrug regarding the assignment of taluks to the Assistant Commissioners in those districts. The replies from the first six Deputy Commissioners above mentioned show that certain slight changes have taken place in the districts of Kolar, Mysore, Hassan and Shimoga, while there was none in the other two districts. The changes made in the Mysore district have already been approved in Government Proceedings No. 813—R. 286, dated 20th July 1897.

2. As regards the Tumkur and Chitaldrug districts, the Deputy Commissioner of the former district proposes to assign the taluks of Sira, Maddagiri, including the Koratagere sub-taluk, and Pavagada, to the General Assistant Commissioner, the taluks of Kunigal and Tiptur to the Extra Assistant Commissioner, and the Chiknayakanhalli taluk to the Treasury Assistant Commissioner. The Deputy Commissioner of Chitaldrug states that the First Assistant Commissioner of the district having already been placed in charge of Davangere and Jagalur taluks, the taluks of Molakalmuru and Challakere may be assigned to the 2nd Assistant Commissioner, and the Hiriyur taluk to the Treasury Assistant Commissioner.

3. The proposals made by the Deputy Commissioners of Tumkur and Chitaldrug, and the changes made in the distribution of the territorial charges in the other districts are approved as indicated in the statement hereto annexed. The Deputy Commissioners are requested to report, from time to time, for the sanction of Government, any changes that may be considered expedient in the distribution of the territorial charges now sanctioned.

Correspondence ending with letter No. 870, dated 28th June 1897, from the Deputy Commissioner, Kadur district.

With reference to your docket No. 839—R. 337, dated the 23rd July 1896, directing that in the matter of collection and transmission of the sayer halat tax, the practice obtaining in the Shimoga district may be followed and that sayer dabbis be made as described in the Shimoga Deputy Commissioner's letter No. 1243—935, dated the 8th June 1896, I have the honor to state that the mode of sayer collections and remittance, as obtaining in the Shimoga district, is stated to be as follows :—

Firstly.—Sayer duties when exceeding Rs. 50 are paid by merchants direct into the Taluk Treasury, under a chalan obtained from the sayer manegar or karkun of the katte concerned and the receipt obtained from the Treasury Officer is produced to the katte manegar or other official in charge, who then issues rahadari or rahadaris, as the case may be, for the consignment of supari.

Secondly.—Collections for sums below Rs. 50 are secured in the sayer dabbi and remitted to Taluk Treasury, once a month, or, as often as they reach Rs. 50 ; and,

Thirdly.—In some sayer kattes, the manegars are authorized to collect sums above Rs. 50 and not exceeding the amount of security given by them.

2. On receipt of your docket under reference, my predecessor Mr. Sparkes issued orders to the Amildars in the district to give immediate effect to the first mode, above alluded to, and later on, to the second mode when dabbis were supplied to them ; and, as regards security (the third mode), the Amildars were called upon to report the amount of security the sayer officials should be required to lodge.

3. From the past year's experience, the first mode of collection and remittance does not appear to have worked satisfactorily in this district as will now be shown.

4. A deputation of merchants of the Koppa taluk and Yedahalli sub-taluk represented to me during the current year's huzur jamabandi that the new system entailed both serious inconvenience and some loss of gain for the following reasons :—

(1) That the purchasers of supari having to pay sayer duty into the Taluk Treasury, when the amount of duty exceeded Rs. 50, the merchants, who resided at a distance from the Koppa Treasury, *viz.*, those of Megunda, Kigga, Balehonnur and Yedahalli, were put to great inconvenience by having to resort to Hariharpur.

(2) That delay thus caused would result in loss to the buyers, and,

(3) That the merchants owing to the delay would have to pay higher rates to cartmen.

5. The supari growers and merchants in the Kalasa hobli, Mudgere taluk, advanced similar complaints before the Mudgere Amildar. The Kadur and Tarikere merchants have no such grievances. The sayer collection in Chikmagalur taluk being very small, no change need be made as regards this taluk in the existing practice of sayer officials remitting collections to the Taluk Treasury at the end of the month.

6. In regard to demanding securities from the sayer officials, the Amildars report that the officials concerned have agreed to give securities in amounts up to Rs. 500, as detailed in the accompanying statement, showing the names of sayer kattes, their annual average collections, &c.

7. With the object of ascertaining the principle on which the amount of security taken from the sayer officials in the Shimoga district was fixed, I addressed the Deputy Commissioner of that district, who replied stating that the amount of security was fixed with reference to the collections made in each katte. *Vide* copy of his docket No. 2290, dated 26th March 1897, and of the list received, which accompany for ready reference.

8. It will be observed from those papers that the security limit for the manegars in Shimoga district is Rs. 300, that for karkun is Rs. 100 and for kolkar Rs. 15. These limits appeared to me to be somewhat disproportionate to the large and varying collections shown in the list, and to have been fixed without reference to the importance or otherwise of the kattes.

9. From what has been stated above, (paras 4 and 5), it will be seen that the traders in supari in this district are with considerable reason strongly opposed to the first mode of collection and remittance obtaining in the Shimoga district; and the two different modes of collection and remittance prevailing in that district according as the sums exceed or fall below Rs. 50 appears to me liable to cause confusion.

10. I would propose accordingly to meet the objections that can be taken to the Shimoga system by exacting from the sayer officials securities in cash or immovable property proportioned both to the amount of responsibility attaching to each grade of employés and to the importance of the katte itself. For this purpose, I would propose in the first instance to grade the sayer kattes, which are twenty in number, and would therefore fix the amount of security to be taken from the officials concerned with reference to the revenue and importance of the kattes.

11. The grading of the kattes would be as follows :—

1st class kattes having an average revenue of Rs. 7,000 *and over.*

1. Koppa.
2. Harihar pur.
3. Baggunji.
4. Megunda.
5. Kigga.
6. Yedahalli and
7. Narve.

2nd class kattes having an average revenue of Rs. 4,000 *to Rs.* 7,000.

1. Kalasa
2. Tarikere.
3. Ajjampur, and
4. Birur.

3rd class, having an average revenue of under Rs. 2,000.

1. Balehonnur.
2. Kadur.
3. *Sakrepatna.
4. *Melbangadi.
5. Lakvalli.
6. *Kalasapur.
7. Basavanahalli.
8. *Belvadi and
9. *Mudgere.

12. Of the above, the five kattes marked thus* have no sayer establishment. In the Sakrepatna katte, a kolkar of the Kadur sayer katte is doing the work, while at Mudgere, which has a very insignificant katte, an official of the Taluk Cutcherry does the work. In the remaining three kattes of Melbangadi, Kalasapur and Belvadi, (the latter since transferred to this district), the shanbhogs are entrusted with the collection work for a remuneration of 5 per cent out of sayer revenue collected by them.

13. As regards the extent of security to be taken, the following sums seem to be on the whole adequate, having in view the amount of trust to be placed in the sayer employés. The only hesitation I entertain in the matter arises from the circumstances that it may occasionally happen, that sums exceeding the limit of the security, *viz.*, Rs. 500, may have to be paid into the hands of the manegars. This contingency, however, would, I am assured, rarely happen.

14. Subject to the above remark the following scale of security would, I consider, afford a sufficient safeguard for the interests of the revenue.

	Amount of security.
For 1st class kattes.	
	Rs.
Manegars	500 each.
Karkuns	250 do
Kolkars (six months' pay)	30 do
For 2nd class kattes.	
	Rs.
Manegars	300 each.
Karkuns	100 do
Kolkars (five months' pay)	25 do
For 3rd class kattes.	
	Rs.
Manegar	150 each.
Karkun	50 do
Kolkar (three months' pay)	15 do

Only five out of 20 kattes in the district have karkuns and though inferior in rank t manegars, the karkuns' responsibility is almost the same as that of the manegar, as to custody of money, &c.

15. As regards remittance of collections, the manegar, or karkun where there is no manegar, may be directed to remit money to the Taluk Cutcherry as often as collections equal the amount of their security during the month, or once at the end of the month when the collections fall below the security amount, the manegar or karkun, as the case may be, invariably rendering to the taluk his daily account of such collections under pain of fine for default.

16. Where the shanbhogs are now doing the collection work, I propose to demand from them, as an additional safeguard, tangible personal security in sums proportionate to the average collections as the katte concerned.

17. Under the system of security above proposed, (the Rs. 50 limit being discontinued), the vexatious interference with trade necessitated by the merchant having to resort to a remote Taluk Treasury will be removed. The sayer officials, on payment of the duty of whatever amount, will be in a position to at once issue rahudaris and this will be an immense boon to the supari traders.

18. As regards the kind of dabbis to be used for the sayer collections I have the honor to state that after some correspondence and after obtaining a sample dabbi of the kind in use in the Shimoga district, I am of opinion that the most suitable receptacle for the collections would be a copper vessl of the kind called kodu (ಕೊಡ) (obtainble in most local bazaars) and not the Shimoga dabbis, which are made of canvas cloth and are therefore liable to be slit open, as well as to wear out after a time.

The aperture of the copper vessel should be covered with a copper stopper, resembling a large cork, and in this stopper a slit large enough to admit of a rupee being passed in, should be made. The sides of the stopper should be sealed with the Taluk Office seal and the seal should only be broken when the collections are taken out at the taluk.

19. If approved of, an estimate of the cost of supplying dabbis of the above type will be prepared and submitted.

20. The above proposals, I respectfully submit, appear to meet the requirements of the case, and I accordingly submit them for the consideration and orders of Government.

Enclosure No. 2290.

His No 1306, dated the 15th February 1897, requesting to be furnished with certain information regarding the sayer kattes in this district and the securities taken from the manegars in charge of them.

Has the honor to state that the amount of the securities to be taken from the sayer katte officials is fixed with reference to the collections made in each katte. A copy of the vernacular circular issued on the subject by the late Deputy Commissioner Mr. Abdul Rahman Sahib, K. B., is herein enclosed. Also a list of the sayer kattes in this district except those of the Sagar taluk showing the collections in them during the year 1895-96, is enclosed. Information for the Sagar taluk will be sent on its receipt from the Amildar thereof.

No. 1737-45—R. 572, DATED, BANGALORE, 13TH AUGUST 1897.

ORDER THEREON.—In this office No. 839—R. 337, dated 23rd July 1896, the Deputy Commissioner was requested to adopt the practice obtaining in the Shimoga district, *viz.*, (1) that sayer duties exceeding Rs. 50 should be paid to the Treasury direct by the merchants concerned, under cover of a *chalan* from the sayer karkun or manegar of the katte and that on production of the Treasury receipt, the sayer officials should issue a rahadari for the consignment of the *supari*, (2) and that collections below Rs. 50 should be secured in the sayer *dabbi* and remitted to the Treasury once a month or as often as they amounted to Rs. 50. Mr. Weir now brings to notice that the first mode of collection and remittance above referred to is attended with loss and inconvenience to the merchants and does not work satisfactorily in some parts of the district, and that the other mode of collection and remittance now prevailing in the Shimoga district will also cause confusion. He therefore proposes to demand from the sayer officials securities in cash or immovable property in proportion to the amount of responsibility attached to each grade of officials and to the importance of the katte itself, and to classify the sayer kattes into three * classes according to the revenue collected therein; and prescribes the following scale of security to be furnished by the sayer officials.—

* 1st class katte having an average revenue of Rs. 7,000 and above.
2nd class ditto of Rs. 4,000 to Rs. 7,000.
3rd class ditto of under Rs. 2,000.

Name of official.	Amount of security.		
	1st class katte.	2nd class katte.	3rd class katte.
	Rs.	Rs.	Rs.
Manegar	500	300	150
Karkun	250	100	50
Kolkar	30	25	15

2. The above proposals seem very reasonable and are accordingly sanctioned. As regards the remittance of the collection to the Treasury, Government direct that the manegar or where there is no manegar, the karkun of the *katte* should remit the collections to the Taluk Cutcherry as often as they equal the amount of his security during the month, or once at the end of every month, when the collections fall below the security amount, the manegar or karkun, as the case may be, being enjoined to invariably render the daily account of such collections to the taluk under pain of fine for default.

3. It is reported that in the sayer kattes of Kalasapura and Belvadi in the Chikmagalur taluk and Melbangadi in the Mudgere taluk, the shanbhogs do the sayer collection work for remuneration of 5 per cent of the revenue therein collected; and the Deputy Commissioner proposes to demand from them, as an additional safeguard, tangible personal security in sums proportionate to the average collections at the katte concerned. Government are not disposed to sanction this proposal, as the sayer collections in the kattes are not very large and the position of shanbhogs, as the hereditary servants of Government in those villages, is always sufficient guarantee for their good conduct.

4. Government agree with the Deputy Commissioner that a copper vessel of the description of what is usually known as "*Kodu*" would be most suitable receptacle for securing the sayer collections at the kattes. The aperture of this

essel may, as proposed, be covered with a copper stopper, a slit large enough to ass a rupee or a folded currency note through, being made in the stopper. The ides of the stopper should be seald with the Taluk Cutcherry seal and the seal roken only at the Taluk Cutcherry when the contents are taken out. The Deputy Commissioner may submit for sanction an estimate of the cost of upplying these vessels to all the kattes in the district.

5. The Deputy Commissioners of other districts are also requested to dopt this system of collecting and remitting the *halat* tax in their districts.

6. The superior Revenue Officers of taluks and districts should, whenever hey happen to be in a place where there is a sayer katte, inspect the accounts nd the remittance vessels and satisfy themselves that they are correctly and roperly kept.

To—The Deputy Commissioners of Districts.

READ THE FOLLOWING:—

Letter No. 755—662, dated the 9th April 1895, from the Deputy Commissioner, Chitaldrug district.

I have the honor to solicit instructions as to whether Revenue Officers in this district are competent to deal summarily with complaints which may be preferred to them regarding the non-payment of miras to such village servants as totis, talaris and nirgantis; and, if so, whether in summarily enforcing the payment of such remuneration those officers should be guided by the scale laid down in the Notification published at page 2, Part I, of the late Chief Commissioner's Proceedings Book for August 1878, or, by such mamul as may be ascertained by enquiry to have long existed in each particular case.

2 On 27th May 1870, the Government sanctioned the adoption of certain rates of miras in the three districts which constituted the Nundydroog division (*vide* Revenue Manual, page 271). By Proceedings No. 1438—Rev. 12, dated 23rd May 1878, these rates were introduced in the Mysore and Hassan districts pending the survey settlement (*vide* ditto). A modification of this scale was subsequently ordered by Proceedings of Government No. 3335—62, dated 1st August 1878 (*vide* the Notification above referred to). I have not been able to ascertain that this Notification was ever extended to the three districts comprising the Nagar division. At the meeting of the Representative Assembly held in October 1890, the Dewan was pleased to observe that, "Where totis and talavars exist, Government will be disposed to fix and enforce payment of miras as in the Nundydroog division districts" (*vide* Subject No. 56). This however does not seem to have since been done.

3. As may naturally be expected, differences and disputes between raiyats and village servants are of frequent occurrence in this district. These servants being as serviceable to Government as to raiyats, executive officers cannot well decline to entertain and hear their complaints. Though not without considerable hesitation, they interfere in such matters and almost invariably try to effect an amicable settlement. But when they do not succeed in this, they seem powerless to redress the grievance complained of. To refuse a summary remedy and to relegate the complainants to a civil or revenue suit, would be to make an order calculated to impair the efficiency of the village service and to operate prejudicially to the interests of Government work. To grant such a remedy would be to exercise a power which, I think, has not been vested in the Revenue Officers by law. It is this undesirable state of things that seems to require early looking into.

4. It often happens that the miras demanded is far in excess of the rates laid down in the Notification quoted *supra*. An order directing the payment of miras according to that scale will not, therefore, satisfy the servants concerned. The summary enforcibility of miras at rates fixed as above, being itself extremely doubtful, it goes without saying that a summary order directing the payment of a larger quantity of miras would be wholly unwarranted and *Ultra-vires*. And yet petitions are often presented to local officers requesting them to find out and recover for village servants the miras due to them according to mamul.

5. The question of the improvement of the village service has, I believe, for sometime past, been engaging the attention of the Inspector General of Police and of Government. This, however, is a large and highly important question which by its very nature cannot be finally settled in the near future. In the meantime, some definite orders are necessary as to how complaints of non-payment of miras should be settled by Revenue Officers.

6. I am of opinion that the extension of the aforesaid Notification to this district would not be much of a gain to the village servants concerned. While, on the one hand, it would facilitate recovery, it would, on the other hand, in a large majority of cases, materially diminish the *quantum* of miras which these servants have long been receiving. What is really required is an easy means of levying from defaulting raiyats what they have long been accustomed to give. I may observe that the rates vary in different villages and are also not unoften dependent upon the description of lands held and of crops grown. The introduction of a uniform rate applicable to all places and to all kinds of land alike, will not, therefore, satisfy the servants concerned. I beg therefore to suggest that the Amildars and Deputy Amildars of this district (subject of course to an appeal to the Deputy Commissioner) be empowered to hold a summary enquiry and to pass a summary decision after ascertaining the quantity payable by mamul. If, however, this suggestion should not commend itself to Government, I would next beg leave to recommend that, rather than be wholly powerless, the above named officers may at least be authorized to make a summary award according to the rates fixed in the Notification of 1878 and to refer to a competent court all claims for additional miras.

7. In this connection, I may observe, that, as will be seen from a copy of the order herein enclosed, I have this very day been obliged to decline interference in a case in which miras was claimed from certain raiyats of the village of Chowlur in the Challakere taluk.

ENCLOSURE.

In the Court of the Deputy Commissioner, Chitaldrug district.

Miscellaneous Case No. *of* 1894-95.

Appellants.	*vs*	*Respondents.*
1. Begar Kalvira Timma.		Gonchaka, Huchanna and nine others of Chowlur village, Challakere taluk.
2. Do Timma.		
3. Do Naga of Chowlur, Challakere taluk.		

ORDER.

In this case, the Begars of Chowlur complain that certain raiyats have failed to give them the miras to which they are by mamul entitled. The raiyats in question contend that the rates at which the miras is claimed from them are excessive and not in accordance with mamul. A mass of correspondence has taken place on the subject. But the materials on record are not sufficient to enable a satisfactory conclusion being arrived at as to the quantity of miras really due. The Amildar has passed an order directing the payment of miras at the rates prescribed by the Notification published in the Government Proceedings Book for August 1878. Not satisfied with this, the Begars have preferred this appeal.

2. This is a summary proceeding and not a regular suit. I entertain serious doubts as regards the applicability of the said Notification to this district. It was originally intended for the three districts comprised in the Nundydroog division, and was afterwards extended to the Mysore and Hassan districts. I have not been able to ascertain that it was ever held applicable to the Chitaldrug district as well. The Dewan's observation quoted by the Amildar seems to show that the said Notification is not in force in the districts of the Nagar division. That being so, I do not quite see my way to the granting of a summary remedy in accordance with that Notification. However that may be, it is clear that the Begars of Chowlur do not want any miras according to that scale. What they ask for is miras at much higher rates. In support of their claim, they rely upon mamul. I fail to see how I can go into this question summarily. The Amildar's order based upon the Notification of 1878 is repudiated by the Begars themselves and is therefore set aside. The remedy they claim does not seem awardable by a summary decision, and hence their appeal is not entitled to succeed. I therefore refer them to a suit in a competent court. I admit that this is not a satisfactory state of things. But in the absence of any law or rule having the force of law, the enforcement of payment by a summary process, cannot be justified. The sooner the necessary power is given to the Revenue Officers of this district the better, and I shall consequently make a special representation to Government on this subject.

ALSO:—

Letter No. 508, dated 7th September 1895, from the Survey Superintendent, submitting his opinion on the subject.

I have the honor to acknowledge the receipt of your general No. 1930—R. 736, dated 16th August 1895, forwarding in original letter No. 755—622 of the 9th April 1895, from the Deputy Commissioner, Chitaldrug district, on the subject of enforcing payment of miras to village servants.

2. The proposal made by the Deputy Commissioner that Amildars and Deputy Amildars should, subject to appeal to the Deputy Commissioner, be empowered to hold a summary enquiry and pass a summary decision for the payment of miras according to "Mamul," seems, under the circumstances represented by that officer, to be the proper procedure. His alternative, to make a summary award according to the rates fixed in the Notification of 1878 and to refer to a competent court all claims for additional miras, would only be to substantiate the procedure which he himself condemns at para 3 of his letter under reference.

3. I gather from your letter under reply that the best solution of the question is considered to be to adopt the Deputy Commissioner's proposal for summary enquiry and decision, as per "Mamul", but with the proviso that the rates are not to be lower than those laid down in Notification of 1878. There can be no hardship in affirming rates that are really established by "Mamul," the only doubtful part of the proposal being whether it is fair to raise the rates to those of the Notification of 1878 when the "Mamul" rates were lower. The complaints, if I read the Deputy Commissioner's letter rightly, are generally regarding non-payment and not regarding the *amount* of miras claimed. I think that if the complaint be regarding non-payment only the "Mamul" rate should be enforced, whether more or less than the rates laid down in Notification of 1878, if the complaint is definitely regarding an insufficient scale of payment than the rates of 1878 might, if insufficiency be proved, be taken as a guide in fixing the future payment of miras.

4. The services rendered by village officers vary greatly in different localities and even in different villages and I do not see why the "Mamul" payment of miras should be disturbed excepting on reasonfully shown.

5. I beg to return enclosures to your letter under reply.

No. 1668-76—R. 539, DATED, BANGALORE, 10TH AUGUST 1897.

ORDER THEREON.—The questions at issue are—

(1) Whether in places to which the rates of miras sanctioned in Proceedings No. 3365—R. 62, dated 1st August 1878, have not been introduced, Amildars and Deputy Amildars can hold a summary enquiry and pass a summary decision regarding payment of *miras* to totis, talaris and nirgantis?

(2) What should be the guide in fixing the rates of such *miras*?

2. The efficiency of village service will be impaired if summary powers are not given to Amildars and Deputy Amildars, subject of course to appeal to the Deputy Commissioner, to enforce payment of *miras* to this useful class of village servants. As regards the scale to be adopted, the existing *mamul* rates may easily be ascertained by necessary enquiry and followed. Where no *mamul* rate can be ascertained, the rates prescribed for the Nundydroog division afford proper standards. Government, therefore, resolve to lay down the following rules:—

1. Subject to appeal to the Deputy Commissioner, whose decision will be final, Amildars and Deputy Amildars are authorized to institute a summary enquiry into cases of non-payment of *miras* to the minor village servants, *viz.*, totis, talaris and nirgantis, and to pass a summary decision.
2. The *miras* due under such a summary decision, shall be recovered as a revenue demand and paid to the village servants.
3. For fixing the rate of *miras*, the *mamul* obtaining in the locality concerned should be ascertained by a summary enquiry.
4. When the *mamul* rate has been clearly established, payment of the same shall be enforced whether more or less than the rates prescribed for the Nundydroog division. If the *mamul* rate cannot be satisfactorily ascertained, the rates prescribed for the Nundydroog division in Proceedings No. 3335—R. 62, dated 1st August 1878, shall be adopted and which are as follows:—

Village servants entitled to *miras*.	Rate of *miras* payable by each raiyat holding land in a village.		Rate of *miras* payable by non-agriculturists in a village.
	In settled taluks.	In unsettled taluks.	
Talavars ...	Three seers of grain for each acre of land, whether wet, dry, or garden, cultivated by him.	Two seers of grain for each kadu of dry land, and ½ seer for each kadu of wet and garden land cultivated by him.	Mohatarfa payers to pay one anna per rupee of such mohatarfa, and those who do not pay mohatarfa, 2 annas per house, annually.
Totis ...	Ditto	Ditto	Nothing should be levied
Nirgantis ...	Four seers of grain for each acre of wet and garden land irrigated from tanks and channels.	One seer of grain per kadu of wet and garden land irrigated by tanks and channels.	Ditto

Note:—1. In the case of lands cultivated with sugar-cane, cocoanut or other garden produce, the *miras* may be paid in paddy or ragi at the option of the raiyat.

2. Cultivators of lands irrigated from wells are not chargeable with the *miras* allowance payable to village nirgantis.

3. In regard to lands cultivated on *batayi*, the existing usage shall be followed as regards payment of the *miras* allowances.

4. The above rates hold good also in the case of personal or service inam lands.

5. These rules will take immediate effect and the following Notification will be published in the *Mysore Gazette*.

NOTIFICATION.

No. 1677—*R.* 540, *dated* 10*th August* 1897.

The Government of Mysore are pleased to lay down the following Rules for regulating the payment of *miras* due to minor village servants, *viz.*, talavars, totis and nirgantis, by raiyats and non-agriculturists—

I. Subject to appeal to the Deputy Commissioner, whose decision will be final, Amildars and Deputy Amildars are authorized to institute a summary enquiry into cases of non-payment of *miras* to the minor village servants, *viz.*, talavars, totis and nirgantis and to pass a summary decision.

II. The *miras* due under such a summary decision shall be recovered as a revenue demand and paid to the village servants.

III. For fixing the rate of *miras*, the *mamul* obtaining in the locality concerned should be ascertained by a summary enquiry.

IV. When the *mamul* rate has been clearly established, payment of the same shall be enforced whether more or less than the rates prescribed for the Nundydroog division, in Government Notification, dated 1st August 1878, printed with Government Proceedings No. 3335—62, dated 1st August 1878. If the *mamul* rate cannot be satisfactorily ascertained, the rates prescribed for the Nundydroog division which are given below, shall be adopted.

Village servants entitled to *miras*.	Rate of *miras* payable by each raiyat holding land in a village.		Rate of *miras* payable by non-agriculturists in a village.
	In settled taluks.	In unsettled taluks	
Talavars ...	Three seers of grain for each acre of land, whether wet, dry or garden cultivated by him.	Two seers of grain for each kudu of dry land and $\frac{1}{2}$ seer for each kudu of wet and garden land cultivated by him.	Mohatarfa payers to pay 1 anna per rupee of such mohatarfa, and those who do not pay mohatarfa, 2 annas per house annually.
Totis ...	Ditto	Ditto	Nil.
Nirgantis ...	Four seers of grain for each acre of wet and garden land irrigated from tanks and channels.	One seer of grain per kudu of wet and garden land irrigated by tanks and channels.	Ditto

Note.—1. In the case of lands cultivated with sugar-cane, cocoanut or other garden produce, the *miras* may be paid in paddy or ragi at the option of the raiyat.

2. Cultivators of lands irrigated from wells are not chargeable with the *miras* allowance payable to village nirgantis.

3. In regard to lands cultivated on *batayi*, the existing usage shall be followed as regards payment of the *miras* allowances.

4. The above rates hold good also in the case of personal or service inam lands.

V. The above Rules will take immediate effect in places where the Nundydroog rates of 1878 are not in force.

(7) Letter No. 542, dated 16th May 1890, from the same officer, on the same subject.

(8) Letter No. 586, dated 30th March 1889, from the Deputy Commissioner, Tumkur district, submitting for orders a statement of resignations of service inam lands tendered by shanbhogs and accepted by the Deputy Commissioner.

(9) Letter No. 596, dated 31st December 1891, from the same officer, on the same subject.

No. 1994-2002—R. F. 277-92, DATED, BANGALORE, 21ST AUGUST 1897.

ORDER THEREON.—The questions raised in the letters above read may be classified under three heads as follows :—

(i) Whether the service inam lands or, as they are called in the rules for the remuneration of village officers, "Official lands of the hereditary village officer," or any portion of them, may be resigned by such village officer?

(ii) Who is liable to pay the jodi on such lands—the officiator or any of the hereditary village officers?

(iii) How is the jodi to be levied when there is default in its payment?

2. The Potigi Rules are very explicit and the prevailing uncertainty was due, in a measure, to a change in the mode of payment which was intended to be introduced by Government. This intention to alter the present system having been abandoned, the procedure laid down by the Rules of 1874 should be followed.

3. With regard to the first question, *viz.*, whether the official lands can be resigned, Rule XXVII of the Potigi Rules of 27th October 1874, clearly sanctions such resignations when they are of entire fields or recognized shares, the effect being that the fields resigned will be immediately entered in the accounts as Government land and the jodi tax payable by the hereditary officer will be reduced by the full amount of the survey assessment of the relinquished fields.

4. The second question refers to the liability to pay the jodi. It should be borne in mind that these rules make a distinction between a hereditary village officer and an officiator. Every member of a family entitled to the right is a hereditary village officer, while the person who, among them, is appointed to discharge the duties of the office, is the officiator. The remuneration to the latter is the money payment made to him from the Treasury which is called his salary, (*vide* Rules IV and IX of the Potigi Rules), and is his exclusive perquisite on which no other member of the family shall have any claim (*vide* Rule XXXVII).

The official lands will form no part of the remuneration of the officiator (Rule XXVIII). But the officiator may also hold these lands either wholly or partly, and in the hands of all (hereditary officer as well as the officiator) the official lands are inalienable by sale, mortgage, gift or otherwise (Rule XXXVI). These lands will remain in the possession of the sharers, who may at present hold them under Rule XXVIII, and it is advisable that, to prevent all disputes, their shares and the jodi payable on them must be distinctly recorded under Rules XXV and XXVI. When the right and liability of the officiator and of the other hereditary officers are thus separately recorded, the collection of Government dues becomes easy and the question raised finds its own solution. The party in possession of the land is liable to pay his portion of the jodi and when he does not pay it, that portion alone, if made up of entire fields or recognized shares, will be liable to be proceeded against. When, as a matter of fact, the officiator is also in possession of any portion of official lands, he will also be similarly dealt with.

5. The procedure for levying the amount of jodi, in default of its payment, is to be regulated by the Revenue Code and the Rules framed thereunder. Section 156 of the Revenue Code authorizes the forfeiture of the alienated holding, but para 3 of Rule XXXVI of the Land Revenue Rules directs the sale of the personal and other moveable property of the service-holder. If further action in relation to the service inam is deemed necessary, special orders of Government must be obtained.

6. The Deputy Commissioners of the Bangalore, Kolar and Tumkur districts, will be requested to dispose of the matters referred to above in accordance with the directions above laid down. If any arrears are due on account of the official lands thus resigned—the lands themselves being left uncultivated—the same will be written off the accounts, a statement of the arrears so dealt with being submitted for the information of Government.

READ :—

Report on the Administration of the Excise Revenue in Mysore for the year 1895-96, submitted with the Excise Commissioner's letter No. 6114—489, dated 2nd June 1897.

No. 2112-45—Ex. 80, DATED, BANGALORE, 24TH AUGUST 1897.

ORDER THEREON.—*Changes during the year.*—For the first eight months of the year under report, the office of Excise Commissioner was held by Mr. L. Ricketts, and for the remaining four months by Mr. P. N. Purnaiya. The principal events connected with the department were the amalgamation of the Arrack and Toddy Branches of the Executive Staff, and the re-classification of Ganja shops.

2. *Receipts.*—The total Excise revenue from all sources was Rs. 36,14,716 or Rs. 1,88,889 more than in the year 1894-95.

The details are as follow :—

Sources of revenue.	1894-95.	1895-96.	Difference.
	Rs.	Rs.	Rs.
Arrack (with local cess)	18,90,950	19,98,380	+1,07,430
Date toddy do	14,50,338	15,25,780	+ 75,442
Bagani toddy do	13,632	16,841	+ 3,209
Country beer	638	915	+ 277
Foreign liquors	1,725	2,036	+ 311
Ganja (with local cess)	24,229	27,763	+ 3,534
Opium	33,438	35,435	+ 1,997
Miscellaneous	10,877	7,566	— 3,311
Total ...	34,25,827	36,14,716	+ 1,88,889

3. *Incidence of Revenue.*—The incidence of the entire Excise revenue was 11 annas 11 pies per head of the population and was highest in the Bangalore district (Rs. 1-4-0) and lowest in the Shimoga district (7 annas 5 pies). The incidence under the main divisions of the revenue separately was as follows:—

	As.	p.
Arrack	6	7
Date toddy	5	0
Ganja	0	1·1
Opium	0	1·4

4. *Expenditure.*—The expenditure during the year amounted to Rs. 2,20,054 or about Rs. 6,000 more than that for 1894-95, and was incurred under the heads noted below. There was thus a surplus of Rs. 33,94,662 as against one of Rs. 32,11,872 for the year preceding :—

Heads of expenditure.	1894-95.	1895-96.	Difference.
	Rs.	Rs.	Rs.

Bonus to Excise establishment	1,073	.....	—1,073
Other items	1,422	249	—1,173
Total ...	2,13,955	2,20,054	+ 6,099

5. The total demand for the year including the arrears of past years was Rs. 36,68,810 ; of this Rs. 35,80,555 were collected and Rs. 17,486 were remitted, leaving a balance of Rs. 70,769 distributed under the following heads :—

	Rs.
Arrack	994
Toddy	67,343
Ganja	506
Opium	189
Miscellaneous	1,737
Total ...	70,769

This balance, of which the greater portion is under "Toddy," requires early attention ; especially the large balance of Rs. 55,284, belonging to the years 1891-92, 1892-93, 1893-94 and 1894-95.

6. *Arrack.*—The revenue from "Arrack" was derived from still-head duty calculated at Rs. 4 per gallon of 20° U. P. and the rental of farms and separate shops. The contract rate payable for the manufacture to Messrs. Parry & Co., was 10½ annas per gallon and the retail price Rs. 5-5-0

The number of farm depôts opened by vend farmers in the Bangalore district, and of bonded depôts established by Government through contractors for the convenience of other vend farmers and of separate shop-keepers, increased, respectively, from 22 to 24 and from 57 to 58.

The separate shop system prevailed only in the cities of Bangalore and Mysore and in the Kolar Gold Fields, the number of such shops therein being 26, 19 and

18, respectively. The privilege of sale elsewhere was disposed of by farms and the number of shops comprised therein increased from 832 to 844. There was, on an average, one separate shop for every 2,659 inhabitants, while the shops under vend farmers were only as 1 to 5,540 inhabitants. In other words, taking both kinds of shops together, there was one shop for every 5,340 individuals, or for every 31 square miles.

Arrack and other country spirits to the extent of 443,835 gallons were issued during the year as against 427,856 gallons issued during the year previous. The average consumption per head rose in the Kolar Gold Fields from 188·2 to 204·8 drams, in the Bangalore city from 42·4 to 45·5 drams, in the Mysore city from 19·4 to 19·7 drams, and in the coffee taluks from 6·9 to 7·1 drams; while in the rest of the State, it remained stationary at 2·3 drams. These figures show that the increase occurred, as was naturally to be expected, only in the chief industrial centres which attract an increasing quantity of labor year by year.

7. *Country Beer.*—The country beer consumed in the province amounted to 5,602½ gallons and was supplied by Messrs. Leishman & Co., Nilgiris. There were three taverns in the Bangalore city and one in the Kolar Gold Fields; and the Government revenue was derived from the rental of these taverns and from the duty of 2 annas per gallon.

8. *Foreign Liquors.*—Foreign liquors are not subjected to duty, the revenue therefrom being confined to license fees. The consumption increased from 19,646 to 19,807 gallons.

9. *Date Toddy.*—There were 3,044 date toddy shops in the province, which gives one shop to every five villages, 1,591 inhabitants and 9·1 square miles. Excluding exports to Bellary, the local consumption amounted to 15,089,728 gallons as against 15,733,560 gallons in the year before, or an average of 3 gallons 9 drams for each inhabitant as against 3 gallons 12 drams.

10. *Reproductive Measures.*—In that important branch of Excise work which relates to reproductive measures for the growth of date trees, the results obtained were far from satisfactory, a fact which is ascribed to the want of timely rains in most of the tracts where the experiment was tried.

11. *Bagani Toddy.*—Bagani toddy is consumed to a limited extent in the malnad districts. The revenue from this source is at present little more than a sixth of a lakh; but, as often remarked by Government, it is susceptible of much improvement, when the capabilities of the country are better understood and effective measures taken to prevent illicit tapping and sale. The Excise Commissioner is requested to note in future reports the results of the measures taken in this direction.

12. *Ganja.*—Little or no ganja is produced in this province, the requisite supplies being imported by the contractors from Cocanada and Vellore. The quantity imported during the year was 2,102 maunds against 1,537 maunds in 1894-95, and the quantity sold was 1,661½ as against 1,499 maunds. The wholesale shops established by the Government contractors remained at 64, but the number of retail shops rose from 145 to 161. The population supplied by each retail shop was on an average 30,084, and the consumption per head was ·32 of a tola.

13. *Opium.*—The opium required for local consumption is obtained from the Opium Agent at Malwa; and the net revenue therefrom is the difference between the price paid by Government and the price at which it is sold to retail sellers, plus the fees on licenses for retail sales. The number of shops increased from 87 to 96. The quantity of opium imported during the year was 4,546 seers of the aggregate value of Rs. 16,061; while the quantity consumed was 3,634 seers or

205 seers more than in the previous year; and this gives only about ·02 of a tola per head of population.

14. *Preventive and Detective Work.*—Under this head the following figures are furnished in the report:—

Nature of cases.	No. of cases prosecuted.		No. of persons concerned.		No. of persons convicted.	
	1894-95.	1895-96.	1894-95.	1895-96.	1894-95.	1895-96.
Dilution of liquor	26	28	27	34	25	28
Illicit distillation	[illegible]	11	27	16	24	14
Smuggling of contraband liquor ...	..	1	6	1	6	1
Other offences	253	303	332	457	289	337
Total ...	297	343	392	508	344	430

All but a few of these cases have been grouped together under the general heading "Other offences." It would be well in future reports to indicate their nature in somewhat greater detail. The above figures point to an appreciable diminution of smuggling and illicit distillation, and to a slight increase in the cases of dilution of liquor.

15. *General Remarks.*—This report is silent as to the tours of inspection undertaken by the Excise Commissioner during the year. This omission should be supplied in future reports.

It may be observed that the year was marked by a large expansion of revenue and that the record of work done by the department was, on the whole, satisfactory.

FOREST.

Proceedings of the Government of Mysore.

READ :—

Letter No. 3933—294, dated 16th April 1897, from the Conservator of Forests in Mysore, (received with Comptroller's letter No. 8390, dated 28th June 1897), submitting the budget estimates of receipts and expenditure of the Forest Department for the year 1897-98.

No. 1466-67—Ft. F. 22-95, DATED, BANGALORE, 3RD AUGUST 1897.

ORDER THEREON.—The estimates of receipts and expenditure proposed under all heads (exclusive of the Khedda Department) for the year 1897-98 are as shown below :—

	Receipts. Rs.	Expenditure. Rs.
Forests	12,50,000	5,15,000
Minor Departments (Agricultural) ...	1,000	3,000
Total ..	12,51,000	5,18,000

Compared with the estimates for the year 1896-97 which amounted to Rs. 12,51,200 under "*Receipts" and Rs. 5,09,250 under "*Expenditure," a *decrease* of Rs. 200 is observed under the former and an *increase* of Rs. 8,750 under the latter.

*Exclusive of the Khedda Department.

2. *Receipts.*—The important items under which a large increase is anticipated, and the reasons assigned therefor, are noted below:—

I. (*b*) *Firewood and charcoal*—Rs. 900. Due to large sales anticipated in the Kolar, Hassan and Chitaldrug districts.

(*c*) *Bamboos*—Rs. 1,300. Due to large sales anticipated in the Shimoga district.

(*e*) *Grass and other minor produce*—Rs. 16,450. Due to increased yield of gallnut anticipated in the Hassan, Tumkur and Mysore districts.

II. (*b*) *Firewood and charcoal*—Rs. 7,500. Due to private sources of casuarina fuel getting exhausted and the likelihood of Government jungles being indented upon for firewood supply.

(*c*) *Bamboos*—Rs. 5,080. Expected from license fees or seigniorage in the Bangalore and Kolar districts and from proceeds of auction in State Forests.

(*d*) *Grazing and fodder grass*—Rs. 4,400. Due to the regulation of grazing by the Forest Department and to the sale of unreserved pasture lands by the Revenue Department.

(*e*) *Other minor produce*—Rs. 51,000. Expected from the sale of the right to collect and remove *Tangadi* and *Kakke* barks in the Bangalore, Kolar, Tumkur and Chitaldrug districts.

3. The main items showing a decrease and the reasons therefor are shown below:—

I. (*a*) *Timber*—Rs. 2,950. Due to the collection and sale of smaller quantities of timber in the Bangalore and Hassan districts.

(*d*) *Sandalwood*—Rs. 81,200. Due to smaller quantities being collected and sold during the year and to the lower average rate per ton at which the estimate has been prepared with reference to the previous year's sales.

II. (*a*) *Timber*—Rs. 1,550. Due to the estimate being based upon the actuals for 1895-96.

4. *Expenditure.*—The main items under which increased expenditure is proposed are as shown below:—

Conservancy.

I. (*a*) *Timber*—Rs. 3,113. On account of the proposed collection of a large quantity of teak and other timber in the Kadur district.

It is not apparent why the expenditure proposed under this head is more than that of the previous year, while the receipts are less.

(*e*) *Grass and other minor produce*—Rs. 3,860. Due to expected collection of a larger quantity of gallnut, chiefly in the Tumkur and Hassan districts.

II. *Timber and other produce removed from forests by consumers, &c.*—Rs. 2,220. Due to the transfer to this head of the provision hitherto made under I (*b*) for the temporary establishment of watchers employed for the protection of fuel reserves in the Bangalore district.

VII. (*a*) *Roads and bridges*—Rs. 9,000. Of this amount Rs. 1,000 is proposed to be spent for opening a road from Rangasthalam to the "Coupes" in the Narasimhadevarabetta Forest, the remainder, *viz.*, Rs. 8,000 being a contribution towards the cost of opening out the Punjur-Bedaguli road in the Chamrajnagar Forests.

VII. (*b*) *Buildings*—Rs. 24,300. This increase is due to the provision made for the improvement and extension of the sandal kothi at Bangalore, for the construction of sandal kothis at Hassan, Mysore and Chikmagalur, of Range offices in the Mysore and Shimoga districts; of an Inspection lodge at Hunsur and of a depot house at Nanjangud; for sundry repairs to forest buildings in all the districts; for the construction of forest lodges and for sinking wells in certain forests of the Tumkur district; for the construction of forest lodges and watching stations in the Shimoga district; and for the construction of forest lodges in the interior of ghat forests, &c., of the Hassan district. The Conservator of Forests is requested to expedite the erection of the sandal kothi at Mysore, as it is necessary that the valuable stock of sandal at the Seringapatam kothi which has been condemned should be removed from there with as little delay as possible. If required the provision made for this work in the current year will be increased. The provision of Rs. 10,000 sanctioned last year for the construction of the sandal kothi at Hassan not having been utilized, a similar provision in the current year's budget has been made. This will be allowed to stand pending submission of a report as to what the maximum cost would be. The provision of Rs. 6,000 made for the construction of the Range offices in the Mysore and Shimoga districts and of Rs. 700 for the construction of an Inspection lodge at Hunsur have been disallowed, and the Conservator is requested to investigate and report whether there is any urgent need for these buildings, and, if necessary, apply for a grant. It may be possible to provide accommodation for the Range offices in the district office buildings in Mysore and Shimoga. This may be ascertained by the Conservator in communication with the Deputy Commissioners.

VIII. (*a*) *Demarcation*—Rs. 4,370. The increase under this head is to provide for the demarcation of new forests in the Hassan, Kadur and Chitaldrug districts.

VIII. (*e*) *Survey and working charges*—Rs 1,650. The increase under this head is due to the additional charges incidental to the preparation of working plans and enumeration survey.

Establishments.

I. (*a*) *Conservator's pay*—Rs. 2,400. The increase under this head is due to the pay of the Conservator having been raised from Rs. 1,000 to Rs. 1,200.

I (*c*) *Subordinate Forest and Depôt Establishment*—Rs. 2,424. The increase under this head is due to the revision of the scale of the sandal conservancy and working establishment sanctioned in Government Proceedings No. 6580-81—Ft. F. 95-95, dated 23rd January 1897.

I. (*e*) *Deputations and special allowances*—Rs. 2,040. The increase under this head is on account of the pay of the Rangers deputed to the Imperial Forest School at Dehra Dun, and on account of Malnad allowances to be granted to Mr. G. E. Ricketts and his establishment.

I. (*f*) *Temporary Establishment*—Rs. 4,000. The provision under this head is on account of the pay of the temporary establishment sanctioned in Government Proceedings No. 6995-6—Ft. F. 53-95, dated 5th February 1896 for the Conservator's office and for certain District Forest offices, and modified in Government Proceedings No 5687-88—Ft. F. 53-95, dated 22nd December 1896, of the pay of the temporary establishment sanctioned to Mr. G. E. Ricketts on special duty in connection with the exploration of ghat forests, and of the pay of three Probationary Foresters entertained on a monthly scholarship of Rs. 20 each. But, Government having in their Proceedings No. 11181-2—Ft. F. 53-95, dated 19th June 1897, ordered the retention for a period of six months, only from 1st July 1897, of the temporary establishment sanctioned for the Conservator's office and for certain District Forest offices, the provision made on this account has been reduced to the actual requirements for six months, *viz.*, Rs. 1,344, and the total allotment under this head reduced to Rs. 2,856. The Conservator is requested to submit his proposals early for the revision of the forest executive and office establishments.

II. *Travelling Allowances*—Rs. 4,266. As increases under the head II (*a*) and (*b*) are proposed with due regard to the requirements of the service, they will be allowed to stand. The increase under II (*c*) is on account of horse allowance sanctioned to Foresters holding Range charges, in Government Proceedings No. 1524-25—Ft. F. 14-96, dated 10th August 1896, while that under II (*f*) is due to the revision of the scale of malnad batta to watchers sanctioned in Government Proceedings No. 3078-9—Ft. F. 14-96, dated 19th September 1896.

5. The important items under which there is a decrease in the estimates of expenditure are the following:—

I. (*d*) *Sandalwood*—Rs. 12,975. This is due to sandalwood being collected in smaller quantities.

VIII. (*d*) *Plantations*—Rs. 28,656. A sum of Rs. 20,000 is considered sufficient for the maintenance and improvement of the existing plantations.

6. The decrease under the head "Office establishment" is due to the temporary establishment being separately provided for.

7. The budget estimates of the Khedda Department will be dealt with separately.

8. With the foregoing observations and modifications, the budget estimates are sanctioned and passed on to the Comptroller, Mysore Government, for incorporation into the Provincial budget for 1897-98. The subjoined is an abstract of the budget estimates as now sanctioned :—

Current year 1896-97	19,917	22,763	218	...	1,38,283

2 There is a decrease of Rs. 3,83,773 under "Total demand" in all the districts except Kolar, Kadur and Chitaldrug. The Deputy Commissioners of Shimoga, Hassan and Bangalore report that the decrease was mainly due to an unusually large quantity of sandalwood remaining unsold for want of proper rates. The Deputy Commissioner, Tumkur district, states that the decrease was chiefly due

to a smaller demand for fuel and bamboos and to the non-issue of licenses during certain months of the year 1896 for the collection and removal of Tangadi bark. The Deputy Commissioner, Mysore district, has not as yet explained similar decrease noticed in Government Proceedings Nos. 8652-61—Ft. F. 116-95, dated 31st March 1897, and 11292-300—Ft. F. 116-95, dated 25th June 1897. He is requested to report the cause of the decrease without further loss of time.

3 The balances remaining uncollected in the Mysore, Hassan, Kadur and Shimoga districts are very heavy and early steps should be taken to collect them.

Letter from the Conservator of Forests in Mysore, No. 13—1, dated 1st July 1897, submitting particulars of the existing staff of the Khedda Department and of the hands proposed, respectively to be dispensed with and to be retained, as called for in para 12 of Proceedings No. 10703-713—Ft. F. 128-95, dated 8th June 1897.

No 2296-8—Ft. F. 52-95, DATED, BANGALORE, 27th August 1897.

ORDER THEREON.—The Khedda Department having been abolished on 1st July 1897, the disposal of the establishments connected therewith now requires consideration

2. To enable the accounts of the department to be finally wound up the Conservator proposes to retain the office establishment (except the 3rd clerk, already provided for otherwise) on its present scale till 1st September next, and the Khedda clerk of his own office till 1st November. On these dates, respectively, the Head Clerk Srinivasiengar will be retired and the 2nd clerk Kesava Rao will revert to his permanent appointment, and the services of the Conservator's Khedda clerk will be dispensed with. Of the office attendants, all except three (Hyath Khan, Cheluva and Rama retired from 1st July 1897) are proposed to be retained. These proposals are approved. In the case of the Head Clerk, the Secretary in the Public Works Department is requested to intimate the circumstances under which this official left that department prior to January 1890, with full particulars of his services therein; while with regard to the office attendants whose services have been dispensed with, the Conservator will have their services verified and reported upon by the Comptroller for determination of the gratuities due to them.

3. Store-keeper Applachar, who has been thrown out of work on 1st July, has been recommended for a shekdari, which it is hoped he will obtain; but the following hands will be retained in manner shown against each:—

Sub-Inspector Venkatachar (Rs. 40+15) as clerk on Rs. 30;
Naib Jamadar Bakaralli (Rs. 30) and Jamadar Imamalli (Rs. 25) as Jamadars on Rs. 25; and
Pilkhana writer Gopalaswami Naidu (Rs. 15) in the same capacity and on same pay.

4. Pending the receipt of a final report from the Conservator as regards the mahouts and other temporary servants, the provision made for them as per margin is provisionally sanctioned.

		Rs.
22 Foreign mahouts at Rs. 20 (not at 22)		440
28 Local mahouts at Rs. 15	...	420
50 Local coolies at Rs. 10	...	500
4 Local extra mahouts at Rs. 15	...	60

5. As regards the Khedda Superintendent and Field Inspector, the attention of the Conservator is invited to Government Proceedings No. 2091-92—Ft. F. 52-95, dated 24th August 1897, sanctioning the budget estimates of the Khedda Department for 1897-1898 and directing that the pay and allowances of these Officers shall continue as heretofore until separate orders are passed on their cases and subject further to the condition that the provincial sanction conveyed should be understood to have effect only till 31st December 1897, by which date the Conservator should submit and obtain sanction for a revised budget for the whole year.

READ:—

Letter No. 366—23, dated the 15th July 1897, from the Conservator of Forests in Mysore, submitting the budget estimates of the Khedda Department for 1897-98.

No. 2091-92—Ft. F. 52-95, DATED, BANGALORE, 24TH AUGUST 1897.

ORDER THEREON.—Nothing is mentioned under the head "Receipts," the explanation being that it is impossible to estimate receipts from the sale of captured elephants and hire of elephants lent to Forest Department or private individuals.

2. The estimated expenditure of the Department for the year 1897-98 amounts to Rs. 46,650 according to the statement submitted by the Conservator as particularized below:—

Items.	Amount.
	Rs.
Superintendent	7,200
Office establishment (excluding Field Inspector)	1,068
Travelling allowances	1,690
Elephant establishment	17,820
Contingencies	454
Purchase of tools and plant	2,300
Feed of kumki elephants	5,150
Feed of new elephants	2,850
Amount required to adjust outstanding advances	8,118
Total	46,650

3. The estimate submitted by the Conservator is provisionally passed with the alteration that the pay and allowances of the Khedda Superintendent and Field Inspector will continue as heretofore until separate orders are passed on their cases and subject further to the condition that the provisional sanction now conveyed should be understood to have effect only till the 31st December 1897 by which date the Conservator is requested to submit and obtain sanction for a revised budget for the whole year.

4. Including Rs. 2,400 on account of the Field Inspector's pay for which no provision was made in the Conservator's estimate, the *Provisional* budget grant for the year amounts to Rs. 49,050.

Letter No. 35—3, dated the 2nd July 1897, from the Conservator of Forests in Mysore, on the subject of the reservation of the Manchaldhore State Forest in the Tumkur district.

No. 1601-3—Ft. F. 38-95, DATED, BANGALORE, 7TH AUGUST 1897.

ORDER THEREON.—With the letter read above, the Conservator submits for sanction an alienation statement in respect of certain lands included in the Manchaldhore State Forest. It comprises 65 survey numbers aggregating in extent 9,947 acres and 8 guntas in the marginally noted villages of the Gubbi taluk. The settlement of the forest in question having been effected after due enquiry by the Conservator of Forests, the Deputy Commissioner and the District Forest Officer, the alienation of the lands proposed in favor of the Forest Department is sanctioned. The above area includes an extent of 517 acres and 36 guntas of assessed waste land situated in the villages of Kurihalli, Kalinganahalli and Manchaldhore and bearing an assessment of Rs. 170-10-0 which will be written off the accounts.

Correspondence ending with letter No. 273—18, dated 13th July 1897, from the Conservator of Forests, submitting for approval and publication in the *Gazette*, a draft notification defining the boundaries of the Narayandrug State Forest in the Mysore district, and requesting sanction to the alienation of the assessed occupied and waste lands and gomal and kharab lands taken up for the said forest in the taluks of Krishnarajpete, Seringapatam and Nagamangala.

No. 1638-40—Ft. F. 94-95, DATED, BANGALORE, 9TH AUGUST 1897.

ORDER THEREON.—It is reported that the claims for compensation of the owners of occupied lands have, with the exception of that of one Hutchegauda, been satisfactorily settled amicably and the amounts paid to the parties concerned, and that the case of Hutchegauda has been referred to the District Judge, Mysore, for adjudication of the claims of his co-parceners to share in the amount of compensation awarded. Sanction is, therefore, accorded to the assessment on the occupied area of 57 acres and 32 guntas amounting to Rs. 65 being written off the accounts.

4. The draft notification defining the boundaries of the forest, the area of which is 17 square miles, is approved and will be published in the *Gazette* as shown hereunder.

NOTIFICATION.

No. 1641—Ft. F. 94-95, DATED 9TH AUGUST 1897.

Under the provisions of Section 9 of the Forest Rules of 1878, the Government of Mysore are pleased to declare that the undermentioned demarcated and

settled forest in the *Mysore District* shall be classed as State Forest under Rule I of the aforesaid Forest Rules :—

Name of Forest.	Area.	Boundaries.
Narayandrug State Forest, Nagamangala, Krishnarajpete and Seringapatam taluks.	17 square miles.	*On the West.*—A cleared line 66 feet wide, starts from the boundary bandhs of Marballi, Singapur and Chettamgere villages, passes through Survey No. 78 of Chettamgere, 59 and 41 of Hundihalli, 12 of Singapur, 18 and 17 of Vasantapur, 14 of Madigara Hosahalli, 51 and 50 of Chamalapur, 173 of Sindhaghatta, 99 of Joginkere and 35 of Kotagihalli, and joins the gadi bandhs of Duggamahalli and Boppanahalli villages of Krishnarajpete taluk. *On the North.*—A cleared line 66 feet wide. Starting from the last named gadi bandhs it passes through Survey No. 63 and 64 of Boppanhalli of Krishnarajpete taluk, Nos. 68 and 69 of Koravingundi, 40, 41 and 31 of Hindasahalli, 16 of Madihalli and 36 of Bogadi (villages of the Nagamangala taluk). *On the East.*—A cleared line 66 feet wide. After leaving Bagadi, Survey No. 36, it passes through Survey No. 4 of Gujaganahalli, 12 of Singapur, 33 of Pagadikalhalli and then goes across the Jodi Rampur jungle, and then passes through Survey No. 4 of Kodagahalli, 29 and 12 of Naranapur and 28 of Madiyanhalli village of the Seringapatam taluk, and joins the gadi bandhs of Madiyanhalli, Melukote and Huligere known as "Siddappanakatte bandhs." *On the South.*—A cleared line 66 feet wide starts from the above point and passes through Survey No. 1 of Huligere, 15 and 14 of Singapur village, Krishnarajpete taluk, and joins the starting point (the gadi bandhs of Marballi, Singapur and Chettamgere).

5. Under Section 9 of the Forest Rules of 1878, proclamation of the demarcation and boundaries of the State Forest shall be made in the taluks in which the forest is situated. The Conservator of Forests is requested to see that this is done.

READ :—
Letter No. 119—7, dated 7th July 1897, from the Conservator of Forests in Mysore, submitting a supplemental budget estimate of the Khedda Department for 1896-97 with an explanatory memorandum.

No. 2089-91—Ft. F. 52-95, DATED, BANGALORE, 24TH AUGUST 1897.

ORDER THEREON.—The revised budget estimate of expenditure under "Kheddas" for 1896-97, as sanctioned in Proceedings No. 4771-73—Ft. F. 128-95, dated 27th November 1896, was Rs. 75,200, namely,

Rs. 62,800 under "A Operations"
„ 12,400 „ "B Establishment."

From the statement now submitted it is seen that against the grant of Rs. 62,800 under "A. Operations," there are the following items of expenditure adjusted and to be adjusted :—

		Rs.	a.	p.
(1)	Adjusted upon bills up to end of February 1897 ...	44,833	0	1
(2)	To be adjusted in bills from March to June 1897 ...	47,781	5	10
(3)	Special amounts charged to this year's account as specified in para 7 of the Conservator's memorandum ...	4,769	9	9
(4)	Amounts to be adjusted by book transfer as specified in para 8 of ditto	3,085	3	1
(5)	Retrenchments in bills of former years recharged during the year	8,156	5	1
		1,08,625	7	10
	In round figures ...	1,08,650	0	0

2. The Conservator states that out of this sum, Rs. 92,480-4-0 have been already granted to the Khedda Superintendent as specified in para 11 of his memorandum, and he asks for a supplemental grant of Rs. 45,850, in addition to the original grant of Rs. 62,800 under "A. Operations," to meet the estimated expenditure of Rs. 1,08,650 referred to above. He also asks for an additional grant of Rs. 250 under "B. Establishment" to meet the increase under the head "Travelling allowances."

3. The Government are pleased to sanction a supplemental grant of Rs. 45,850 under "Kheddas" for the year 1896-97, thus raising the budget estimate of expenditure under "A. Operations" from Rs. 62,800 to Rs. 1,08,650 to enable the Conservator of Forests to adjust the expenditure actually incurred in that year.

4. The additional sum of Rs. 250 required under "Travelling allowances" may be met from general savings in the Khedda budget for the current year 1897-98.

READ :—

Letter No. 468—25, dated 21st July 1897, (printed below) from the Conservator of Forests in Mysore, submitting for approval and publication in the *Gazette* a draft Notification revising the boundaries of the Umblebail-Hunsekatte State Forest, Shimoga taluk, and a revised statement of the gomal lands appropriated for the said forest.

"I have the honor to state that the Umblebail-Hunsekatte State Forest in the Shimoga taluk was originally settled in 1891, and the boundaries notified in the *Gazette* (Part II) in June 1893 by my predecessor in anticipation of the sanction of Government for the alienation of assessed and gomal lands in accordance with the settlement then arrived at."

2. "When in September 1894 the settlement records together with the alienation statement of the lands referred to were received from the Deputy Commissioner, Mr. Ricketts found that a number of gomal and other lands had been included within the demarcation line of the forest, subject to the continuance of privileges enjoyed by raiyats as regards grazing, fuel and wood for agricultural implements. He therefore pointed out to the Deputy Commissioner that the settlement required revision on the principle that State Forests when finally reserved ought not, if possible, to be encumbered with any private rights or privileges which might prove inconvenient and prejudicial to regular conservancy operations."

3. "The original settlement has accordingly since been revised, the boundary being set back, and the records relating thereto, together with the alienation statement of gomal lands received from the Deputy Commissioner are herewith submitted for orders of Government with the mutchalikas executed by raiyats.

I approve of the revised settlement made by Messrs. M. Krishnaiengar (Extra Assistant Commissioner) and C. Narayana Rao (Deputy Conservator of Forests) including the concession granted to raiyats "for right of watering their cattle in Gavi Siddanuakatte" in Survey No. 2 of Kalankatte village (bechirak) which is expedient, but should be considered as subject to regulation with regard to means of access so as to prevent trespass into the adjoining forest especially in the fire season."

4. "It will be observed that the District Forest Officer is of opinion that Survey Nos. 1 "(kharab) and 2 (gomal) are absolutely necessary for the formation of the State Forest. They are "the thickly wooded portion of the village, &c., and the Settlement Officer agrees with him in "pointing out that nearly ¾ (928 acres) of the gomal of the bechirak village will be left to the "villagers who object, in addition to their own, aggregating 1,504 acres, the total number of "cattle being 1,787. Access to the water is, as already observed, also secured to them. But the "Deputy Commissioner Mr. Venkatavaradaiengar dissents to the inclusion of Survey No. 2 "apparently solely on the ground that Survey No. 2 is a gomal land notwithstanding that the "village for whose benefit it was allotted is "Bechirak." The point is one for settlement by "Government and I solicit the favor of a definite and general ruling on the subject of such "gomals which, according to Mr. Venkatavaradaiengar's contention, are not "lands at the disposal "of Government," which to my mind is quite contrary to the fact".

5. "In Notification No. G. 23538—R. 3457 of 19th June 1895, Government having notified the boundaries of the Umblebail State Forest (Serial No. 22) which are in conformity with the original settlement and those published by the late Inspector General of Forests in 1893, a revised alternative draft Notification is submitted for approval and publication by Government, one including Survey No. 2 of Kalankatte bechirak village and the other excluding it."

6. "A sketch of the Umblebail State Forest is submitted for reference and obliging return with the settlement record and mutchalikas when no longer required."

No. 1877-9—Ft. 100, dated, Bangalore, 16th August 1897.

Order thereon.—The Conservator of Forests reports that the forest was settled in 1891, that when the settlement papers were submitted to the late Inspector General of Forests in 1894, he found that a number of gomal and other lands had been included within the demarcation line, subject to the continuance of the privileges therein enjoyed by the raiyats as regards grazing, &c., and therefore requested the Deputy Commissioner to revise the settlement in view of the fact that when State Forests are finally reserved they should not be encumbered with any private rights or privileges. The original settlement has accordingly been revised by the Deputy Commissioner, and the area of the forest reduced from 16 to 14¾ square miles.

2. The total area of the gomal lands included within the revised demarcation line is 2,368 acres and 6 guntas as shown in the margin. The Deputy Commissioner is not in favor of Survey No. 2, extent 400 acres and 17 guntas of Kalankatte village, being taken up for the forest, on the ground that it contains a tank to which the village cattle go for water and that the raiyats are very importunate about retaining the land as gomal. Government observe that Kalankatte is a *bechirak* village and the gomal lands thereof measuring 1,330 acres and 5 guntas (inclusive of the 400 acres and 17 guntas above referred to) are used by the raiyats of the neighbouring villages of Hiriyur, Arlikoppa, Honnehatti, Bommanakatte and Kambadalu Hosur, who have sufficient gomal lands in their own villages. The objection of these villagers to the appropriation of 400 acres and 17 guntas out of 1,330 acres and 5 guntas of land cannot be accepted, as the remaining extent coupled with the gomal lands in the aforesaid five villages will be ample for the cattle of those villages. Besides, Survey No. 2 is stated to be the thickly wooded portion of the village. For these reasons, the alienation of 2,368 acres and 6 guntas of gomal land above mentioned is sanctioned, subject, of course, to the raiyats being allowed to take their cattle for drinking water to the katte situated in Survey No. 2 of the Kalankatte village.

3. Government do not think it necessary to lay down any general rule such as that suggested by the Conservator of Forests, regarding the liability of gomal lands being appropriated for other than grazing purposes whenever they are so required, as there is no doubt about the right of Government in this respect.

4. The revised draft Notification defining the boundaries of the forest is approved and ordered to be published in the *Gazette*. This will cancel that part of the Notification No. 23538—R. 3437, dated 19th June 1895, which relates to the forest in question.

READ:—

The following letter No. 123, dated 29th June 1897, from the Inspector of Agricultural Banks in Mysore.

I have the honor to forward a Memo on the inspection of the Agricultural Bank at Tyamagondlu, made by me during February and May 1897.

Memo on the inspection of the Agricultural Bank at Tyamagondlu, Nelamangala taluk, by the Inspector of Agricultural Banks in Mysore.

Dates of 1st inspection—10th, 11th, 14th and 15th February 1897.

Date of 2nd inspection—22nd May 1897.

REMARKS.

The Bank was opened with a capital of Rs. 50,000, sanctioned in Government Proceedings No. 9156-64—R. F. 111-95 of 6th April 1896. Out of this amount, the Bank has drawn Rs. 31,504 only, as detailed in the margin, from the Nelamangala Taluk Treasury. The drawing of the further advance has been stopped until the irregularities hereinafter noticed are remedied and report submitted.

	Rs.
On 16th July 1896 ...	8,200
On 5th Oct. 1896 ...	17,000
On 31st Dec. 1896 ...	314
On 30th Jan. 1897 ...	5,900
Total ...	31,504

2. There were at the beginning 52 members. Of them, one Narasimhaiya of Tyamagondlu died since, and another Kulavanhalli Hanumantha transferred his membership to his brother Mahimaiya. Sixty fresh applications for membership have been received. Instructions have been given to send the names of these with a copy of the Proceedings of the General Assembly to the Registrar of Joint Stock Companies for registration, remitting a fee of one rupee fixed in the Appendix to the Government Proceedings No. 39—D. H. O. of 29th November 1894.

3. The receipts and expenditure are shown in the statement appended, from which it will be seen that the total amount of loans issued during the period under review was Rs. 31,224. Of this, Rs. 914 were repaid, leaving an outstanding balance of Rs. 30,310, classed under the following heads:—

Class I on the security of immovable property, Rs. 28,490.

Class II on joint pro-notes, Rs. 1,390.

Class IV on mubadalu or hand-loans, Rs. 430.

There was no transaction under Class III on joint instalment bonds.

4. The cash balance was counted on the 10th February and 22nd May 1897 and found correct. Balance on the first occasion was Rs. 2,020-9-3. This being large, the excess over the sanctioned cash balance was ordered to be remitted to the Treasury. It was so done by refunding Rs. 2,000 to the Treasury on the 11th February 1897.

5. The entries in the Cash Book are diffusive. The Agent has not initialled many of them. He should do so conjointly with the President. At the close of every half year when the balance sheets are prepared, the auditors should check all the entries in the Cash Book and sign the same with their certificate.

6. In addition to the six Registers and Account Books prescribed in para 7 of the Articles of Association, some 42 books were maintained. The superfluous ones found upon examination were ordered to be discontinued. The Register of Property was found incomplete owing to valuation of the same not having been made at the beginning. No Officer of Government has valued the property held by the members. It is necessary that a Revenue Officer should do so now along with respectable panchayatdars. The procedure adopted here is that whenever an application for loan is received, it is referred to one of the Circle Directors, in whose jurisdiction he resides. He, along with two other members, inquires into the sufficiency or otherwise of the security and the reports.

7. There were nine Directors for the Bank. This number was got reduced to seven as per para 27 of the rules.

8. In this Bank interest is being recovered in advance. On loans under Class I, a year's interest is recovered, and under other classes for the full period of the loan.

9. A Receipt Book for payments made to members was not maintained. One was ordered to be opened.

10. The bonds executed in favor of the Bank were examined and defects as per particulars given below noticed :—

(*a*) No mention has been made for repayment of the loan by equal annual instalments as required by para 46 of the Articles of Association. The Bank Agent was asked to have fresh documents executed. It was resolved in the last meeting of the General Assembly held on the 6th June 1897, that the stamp duty and registration fee should be recovered from the members, while annual instalments of the loan is paid and new bonds executed.

(*b*) The discharged documents have not been secured in the following cases :—

12. At the time of the first inspection, Patel Channalingappa was the President of the Bank and Shanbhog Timmappaiya was its Agent. During their regime, the following irregularities occurred.

(*a*) In the General Meeting No. 6 of 4th October 1896 it was resolved that loans should not be given to non-members. This is in conformity with para 41 of the Articles of Association; but the President, Patel Channalingappa, would not abide by the rules. He gave loans to the extent of Rs. 469 to the taluk officials and some others who are non-members under Class IV, *vide* List No. I attached. The taluk officials who are supposed to know the rules of these Banks ought not to have received any loan from the President. In nine cases, time allowed for loans expired and they have not even been renewed *vide* List No. I.

(*b*) A special meeting was convened by the President on the 20th January last, consisting of himself, three Directors and three members, to grant loans to these very Directors and members.

(*c*) Under Class II, Rs. 700 were paid by the President to Basalinga Devaru Rudrappa and Kolkere Venkatappa on a joint pro-note, in spite of the protest made in writing by the Directors.

(*d*) As per rules, a sum of Rs. 26 has been credited in the Cash Book, being the entrance fee at the rate of half a rupee recovered from each member. In addition to this, the President recovered Rs. 234 at Rs. 1-8-0 from each member and kept it separately with him. On inquiry, it was explained that the amount was intended to cover charges incurred for printing. He has not submitted any bills up to date for the amount spent by him for printing forms, &c. In addition to this, Rs. 14-10-0 and Rs. 59-2-11 recovered from the members for supplying them with printed applications, were also paid to the President. These are not supported by vouchers. Further, Rs. 15-12-0 realized from new members for postage have not also been credited in the Cash Book. The gumasta says that this amount is also with Patel Channalingappa.

(*e*) In one of the meetings, on the motion of the President, it was resolved that he should become a member of the Reading Room attached to the Taluk Cutcherry at Nelamangala and pay from the Bank funds Rs. 5 donation, and Rs. 12 annual subscription; but fortunately this has not been carried into effect. When the President was questioned as to the necessity of his becoming a member of an Association at Nelamangala, he replied, the object was for him to collect information from the papers regarding Agricultural Banks established elsewhere.

(*f*) One member, by name Mahimaiya, reported that the President deducted from the loan of Rs. 550 granted to him, Rs. 94-8-0, saying that he would open a cloth bazaar in connection with the Bank and that he has done so in the case of others also, and Rs. 5 for other expenses In the document executed by him, the Sub-Registrar makes a note that the full amount of the bond was paid in his presence. No other member has come forward with a similar complaint. Mahimaiya is not able to produce any further evidence. But from private enquiries, the Inspector is morally convinced that the President did recover certain sums on this false plea from some members, but they are not willing to give out the truth lest he should ignore the payment altogether (which he privately promises to refund) as they have no evidence to adduce.

13. When these irregularities were brought to light, the President and Agent submitted their resignations, and in the general meeting held on the 14th February last, they were accepted, and Krishnasami Mudaliar and Karehalli Timmarayappa were elected President and Agent, respectively.

14. During the time of second inspection, it was noticed, that out of Rs. 700 due from Basalinga Devaru, *vide* para 12 *supra*, Rs. 350 were recovered and Rs. 76 under Class IV. The other items still remain unadjusted. Proceedings have been regularly passed for the recovery of the amount due from Patel Channalingappa but to no purpose.

15. The establishment of an Agricultural Bank at Tyamagondlu should be considered a great boon to the rayats of the place and the adjoining villages as the merchants there recover exorbitant interest from them. Should the transactions of this Bank be properly managed by a strong Executive Committee, the advance of Rs. 50,000 would have hardly sufficed to meet the urgent demand of all the members.

But until Patel Channalingappa is removed from membership for his persistent violation of the rules, as already pointed out, under para 58 of the Articles of Association, and until the properties of the members are valued by a Government Officer, it does not seem desirable that the balance of Rs. 18,496 should be placed at the disposal of the Bank.

Letter No. 32, dated 14th July 1897, from the same officer.

In continuation of this office No. 123 of 29th ultimo, I have the honor to forward a copy of the Tyamagondlu Agricultural Bank President's report, intimating the late President Patel Channalingappa's non-compliance with the requisition of the Bank to be furnished with a statement of the property owned by him for entry in the Register of Properties and to state that the Bank authorities have been informed in reply that they should take action under Section 58 of the Articles of Association.

2. From the Inspection Notes submitted with the above letter, it would be seen that Patel Channalingappa is persistent in not paying attention to the rules of the Bank and that for some reason or other, the Bank members do not seem inclined to punish this defaulter. I am of opinion that a clause may be inserted in the Articles of Association to the effect that members who work against the interests of the Bank would be removed by the Government upon the report of the Inspector of Agricultural Banks.

No. 1571-80—R. F. 4-97, dated, Bangalore, 7th August 1897.

Order thereon.—Government are not satisfied with the manner in which the Bank affairs are being conducted. The Agent conjointly with the President should at once initial such of the entries in the Cash Book as have not already been initialled by them.

With reference to para 5 of the Memo above referred to.

2. The action taken by the Inspector, Agricultural Banks, in ordering the discontinuance of certain superfluous Registers is approved. An Assistant Commissioner with the assistance of a panchayat consisting of persons unconcerned with the Bank or any of its members should be directed to correctly value the landed property held by the members and to see that the necessary entries are made completely in the Register of Landed Property.

Reference to para 6 of the Memo.

3. The omission to maintain a Receipt Book for payments made to members is a grave one. It should now be reported whether the omission has since been supplied as directed by the Inspector.

Reference to para 9 of the Memo.

4. Stamp duty and registration fee should be recovered from the members when the first annual instalment is paid and steps taken to get the new bonds executed as early as possible.

Reference to para 10 (*a*) of the Memo.

Reference to para 10 (*b*) of the Memo.

5 The discharged documents in the cases referred to should at once be secured.

Reference to para 10 (*c*) of the Memo.

6. The relaxation of the rule limiting the amount of loan to one-half of the value of the property owned by each member was irregular. Steps should at once be taken to get back the excess amount in these cases.

Reference to para 12 (*a*) of the Memo.

7. The grant of loans to the extent of Rs. 469 by the Ex-President, Patel Channalingappa, to taluk officials and some others who are not members of the Bank was highly irregular. The explanation of the taluk officials concerned should be obtained and submitted for the orders of Government.

As regards the nine cases of time-expired loans referred to, it should be stated what steps have since been taken either to recover them or to renew them.

Reference to para 12 (*b*) of the Memo.

Reference to para 12 (*c*) of the Memo.

8. The conduct of the Ex-President in having convened a special meeting, consisting of himself and of only three Directors and three members to grant loans to these very Directors and members was irregular. He should not have paid Rs. 700 under Class II to the three persons named on a joint pro-note in spite of the Director's written protest.

Reference to para 12 (*d*) of the Memo.

9. The Ex-President had no right to recover from each member an additional and unauthorized fee of Rs. 4-8-0 and to keep with him the amount thus collected, *viz.*, Rs. 234. If the amount was collected to meet printing charges, it is not clear why no expenditure on this account has been billed for. Necessary steps should be taken to have the extra collections refunded to the parties concerned. Further, collections on account of printed applications, ought not to have been paid to the Ex-President. The omission to enter in the Cash Book the sum of Rs. 15-12-0 collected from new members on account of postage was clearly wrong. The amount should be brought into the books at once.

Reference to para 12 (*e*) of the Memo.

10. The explanation offered by the Ex-President for becoming a member of the Reading Room at Nelamangala at the cost of the Bank cannot be accepted.

Reference to para 12 (*f*) of the Memo.

11. The alleged deduction of Rs. 99-8-0 made by the Ex-President from the loan of Rs. 550 given to Mahimaiya, if true, would be a very serious matter but as the party concerned has no evidence to offer no legal steps could be taken against the Ex-President.

Reference to para 14 of the Memo.

12. It is not clear why the amount due by Patel Channalingappa could not be recovered. The steps taken should be reported in detail by the Inspector of Agricultural Banks.

Reference to para 15 of the Memo.

13. Patel Channalingappa has by his own conduct rendered himself unworthy of being retained as a member of the Bank any longer. It is hoped that in their own interest, the other members will see their way to remove from the Bank such members as are found to work against them. If they show their unwillingness or inability to do so, and if, in consequence thereof, the affairs of the Bank cannot be managed strictly in accordance with the rules, the Government will have, under para 75 of the Articles of Association, to direct the immediate recovery of the loan made by it.

14. In the meanwhile, until the landed property owned by each member is properly valued and the Register of Property completed as required in para 2 above, and until all the irregularities noticed above have been rectified, no more money need be advanced to the Bank.

15. The Inspector of Agricultural Banks will take another early opportunity of inspecting the Bank again and submit a further report for the orders of Government.

Letter No. 27, dated the 12th July 1897, from the Inspector, Agricultural Banks in Mysore requesting that the Registrar, Joint Stock Companies, be authorized to accept manuscript copies of Special Resolutions of Agricultural Banks instead of printed copies as required by Section 79 of the Mysore Companies Regulation No. III of 1895, and the Banks exempted from payment of the registration fee therefor as they frequently convene general meetings for the disposal of matters which are disposed of by the Directors themselves in other Banks.

No. 1881-90—FL. 165, DATED, BANGALORE, 18TH AUGUST 1897.

ORDER THEREON.—Under the circumstances represented by the Inspector of Agricultural Banks and in exercise of the powers conferred by Section 95 of the Mysore Companies Regulation III of 1895, Government are pleased to further reduce the fees prescribed in Government Notification No. 9064—G. 2133, dated the 4th December 1894, for registration of any increase in the number of members, and for registration of documents, from 1 rupee and 8 annas to 4 annas and 2 annas, respectively. A Notification to this effect* will accordingly be published in the *Mysore Gazette*.

*In exercise of the powers conferred by Section 95 of Regulation No. III of 1895 (the Mysore Companies Regulation), the Government are pleased to further reduce the fees prescribed in Notification No. 9064—G. 2133, dated the 4th December 1894, for documents executed by or in favor of Agricultural Banks started under the authority of Government to the extent specified below :—

1. For registration of any increase in the number of members from 1 rupee to 4 annas.
2. For registering any documents, &c., from 8 annas to 2 annas.

2. The submission to the Registrar, Joint Stock Companies, of printed copies of Resolutions as required by Section 79 of the Mysore Companies Regulation cannot be dispensed with.

Letter No. 397—96, dated the 24th July 1897, from the Deputy Commissioner, Kolar district.

No. 2270-73—R. F. 21-97, DATED, BANGALORE, 27TH AUGUST 1897.

ORDER THEREON.—Virabhadranna, *alias* Paupiah, and 15 others pray for the establishment of an Agricultural Bank at Tippenhalli in the Chikballapur taluk. The Bank is intended for the benefit of the raiyats of the said Tippenhalli and six other villages. The value of the property owned by the members is estimated at Rs. 18,300, with a liability of Rs. 2,900. The members apply for a loan of Rs. 16,000, but the Inspector of Agricultural Banks recommends the grant of a loan of Rs. 10,000 for the said Bank. The Deputy Commissioner, however, considers that as the rules provide for an actual loan of Rs. 1,000 to each member and as the property is fully worth Rs. 16,000, deducting the present encumbrances, the full amount, *viz*, Rs. 16,000 as applied for, may be granted.

Government observe that the grant of advances for Agricultural Banks cannot be regulated by the maximum amount allowed to each individual member, and that because such a maximum has been fixed to meet hard and deserving cases, it does not follow that each member should be paid the maximum amount, and that the Government should advance the full estimated value of the property owned by the members. The value of the property minus the encumbrances amounts to Rs. 15,400, not 16,000.

Government are, therefore, pleased to sanction an advance of Rs. 13,000 (including the amount required for the discharge of existing encumbrances) for the proposed Agricultural Bank at Tippenhalli, and to authorize the Deputy Commissioner to place the said sum in the Chikballapur Taluk Treasury for the purpose of being drawn as required. Interest at four per cent per annum should be recovered half yearly from the Bank up to 30th June and 31st December of each

year on the sums actually borrowed by the Bank. The Memorandum and Articles of Association received in duplicate will be returned to the Deputy Commissioner, with a request that he will take steps to get the same duly registered.

Early steps should be taken to see that the existing encumbrances are discharged, and that the documents are taken back and properly secured.

Letter No. 149—103, dated the 28th July 1897, from the Deputy Commissioner, Shimoga district.

No. 2274-7—R. F. 22-97, DATED, BANGALORE, 27TH AUGUST 1897.

ORDER THEREON.—With the above, the Deputy Commissioner submits the Memorandum and Articles of Association of the proposed Agricultural Bank at Nyamti, Honnali taluk.

2. Sinappa, patel at Nyamti and 44 others propose to establish the Bank for the benefit of Nyamti and four other villages, and they own 474 acres and 16 guntas of land (of which 21 acres and 36 guntas are inam) the aggregate value thereof being Rs. 17,051, with a liability of Rs. 5,550.

3. The members propose to start the Bank with a capital of Rs. 20,000 but the Inspector, Agricultural Banks, restricts the loan by Government to Rs. 10,000, which is supported by the Deputy Commissioner.

4. Government accordingly sanction an advance, not exceeding Rs. 10,000 being made for the Agricultural Bank at Nyamti, and authorize the Deputy Commissioner to place the said amount for the purpose in the Honnali Taluk Treasury. Interest must be recovered from the Bank half yearly up to 30th June and 31st December of each year at four per cent per annum on the sums actually borrowed by the Bank.

5. The Memorandum and Articles of Association, received in duplicate, will be returned to the Deputy Commissioner, with a request that he will take steps to get the same duly registered.

6. In the duplicate copy of the Memorandum and Articles of Association, the signatures of the members have not been attested as required. The omission should be supplied.

7. The Inspector of Agricultural Banks must see that the existing debts are discharged and the documents connected therewith are taken back and kept in safe custody.

8. With refereuce to the Deputy Commissioner's remark that the maximum limits for loans laid down in the 42nd clause of the Articles of Association seem to be somewhat too high for a Bank whose capital is only Rs. 10,000, and that parties seem to be following without any consideration the figures given in para 6 of Government Proceedings No 5038-47—Fl. 274, dated 2nd December 1895, Government observe that whatever limits the members concerned may prescribe, they cannot, without risk to the whole body, advance more than what each individual member is worth, and this should be pointed out to them by the Amildar and the Inspector of Agricultural Banks during their inspection.

Petition of Appeal No. 2435—A. S. 91 of 1896-97 presented by Tirumaladevaraiya, nagadi gumasta, Mandya taluk, against the judgment and decision of the Deputy Commissioner of Mysore in Revenue Regular Appeal No. 5 of 96–97, on the file of his Court, dismissing the appeal against the decision of the Sub-Division Officer, French Rocks, in Revenue* Regular Case No. 4 of 1891-92.

Plaintiff (Appellant).	*Vs.*	*Defendants (Respondents).*
Tirumaladevaraiya.		1. Timmanarasaiya, minor, by guardian Venkatadasappa. 2. Venkatadasppa. 3. Ramanna. 4. Dasappa.

2. Letter No. 1474, dated 1st April 1897, from the Deputy Commissioner, Mysore district, and the records received therewith from which the facts appear to be as follows:—

The shanbhogi of Mekhasi firka has been hereditary in the family of the appellant and respondents who are distant cousins. At a partition of the family property made in 1849, the shanbhogi of four Government villages, *viz.*, Honnenhalli, Bunagere, Chittanahalli, Chikkanahalli and that of jodi Naragolu, fell to the share of the appellant's grandfather's brother. This division was in 1875 acquiesced in by the 1st, 2nd and 3rd respondents' father between whom and the 4th respondent, the shanbhogi of the remaining eight villages was divided. The appellant who inherited the shanbhogi of the villages which fell to the share of his grandfather's brother never conducted the duties thereof himself, but left them in the hands of the 1st, 2nd and 3rd respondents, receiving an annual allowance of Rs. 10 as miras. At the Survey Settlement in 1888, the twelve Government villages of the Mekhasi firka were formed into four circles without reference to the above partition and the appellant's four villages were included in two different circles. Both before and after the Survey Settlement, the appellant applied for being put in charge of the villages appertaining to his share and for permission to do the duties himself, but was referred to a regular suit. In the regular suit brought by the appellant for the recovery of the shanbhogi of the five villages equivalent to his one-third hissè in the shanbhogi of the firka and for their formation into a separate circle, the Sub-Division Officer of French Rocks decreed that the appellant should be registered as the shanbhog of the jodi village and one of the circles containing three villages, two of which were among those assigned to him at the family partition. On appeal, the Deputy Commissioner confirmed the Sub-Division Officer's order. Petitioner has appealed to Government against his order on the ground that the potgi of the circle assigned to him by the Sub-Division Officer is less than the emoluments he would obtain under the partition deed.

No. 1760-67 - PET. 248, DATED, BANGALORE, 13TH AUGUST 1897.

ORDER THEREON.—Government observe that the appellant's objection to the order appealed against is untenable. Division of villages into separate shanbhogi charges is an act of administrative convenience and cannot be regulated with reference to its result on the amount of the potgi allowance which becomes payable to the officiators. It is also an essential condition of this measure that there should be a separate officiator for each such charge. In this view the appellant's contention that he should be awarded more villages than are included in one scale to make up the amount of the remuneration of all the villages which according to a private partition had fallen to his share, is untenable, and if granted, would be subversive of the principles of the potgi settlement. His appeal is, therefore, dismissed.

2. It is observed that the appellant Tirumaladevaraiya is already in Government service as nagadi gumasta of the Mandya taluk and this hack cannot therefore be registered in his name. It is said that he has a son, who is a minor. The shanbhog's right will accordingly be registered in the name of the appellant's eldest son and a gumasta of the appellant's nomination, who is not already an officiator of any other charge will be appointed to act during the minority of the barawarddar.

3. Letter No. 6120—P. F. 37-96, dated 6th January 1897, from the Secretary to the Government, General and Revenue Departments, to the Registrar to the Chief Court, forwarding for the decision of that Court, under Section 226 of the Mysore Land Revenue Code, the records of the case together with a statement of the questions for decision.

4. Letter No. 5370—217, dated 10th April 1897, from the Registrar to the Chief Court, forwarding copy of the opinion of that Court in Referred Case No. 5 of 1896-97.

5. Records of the case from which the facts appear to be as follows:—

The 2nd Plaintiff's father Subraya was the shanbhog of Irasavadi. He was dismissed for embezzlement of Government money, and it was ordered that a sharer divided in interest from him should be appointed in his place. Accordingly his younger brother Devaiya was appointed to the office, and he held it till his death in 1890. After some temporary arrangement, the 2nd Defendant Lakshminaramappa was appointed to succeed Devaiya, as he was a divided cousin of both Subraya and Devaiya. The 2nd Plaintiff, through his guardian Devamma, then instituted this suit for the recovery of the office. His father Subraya is still alive, but it was urged in the Lower Courts that the 2nd Plaintiff was adopted by his uncle Devaiya and the present claim on his behalf was based on this ground, though in the plaint it was based on a will said to have been executed by Devaiya, in which the boy was stated to have been brought up and fostered by him through affection. In the event of this failing, the 1st Plaintiff prayed that her own claim as the mother of Devaiya might be recognised. The oral evidence adduced in regard to the adoption was to the effect that the 2nd Plaintiff when a child of eighteen months was handed over by Subraya to Devaiya on the understanding that he was to be the latter's son if he recovered from the sickness from which he was then suffering, that no *homam* or other ceremony was performed nor was any deed of adoption executed, that the 2nd Plaintiff was brought up by Devaiya and that the latter's funeral ceremonies were performed in the former's name. The Assistant Commissioner who tried the suit disbelieved the above evidence and, holding that the 1st Plaintiff had no right to the office under the rules, dismissed the suit. But the Deputy Commissioner on appeal believed the evidence and, holding that gift and acceptance were sufficient to constitute adoption, gave a decree in favor of the 2nd Plaintiff. The 2nd Defendant in his appeal to Government urged *inter alia* that the adoption was not proved and that, in the absence of the necessary religious ceremonies, it was invalid. As it was considered desirable that there should be a final decision on the question of 2nd Plaintiff's status, Government referred the following questions for the decision of the Chief Court, under Section 226 of the Land Revenue Code:—

(1) whether, as a matter of fact, the 2nd Plaintiff was given to or taken in adoption by Devaiya; and

(2) if so, whether the conditions of, and the circumstances attending, the transaction constitute a legal and valid adoption.

The Chief Court has decided the first question in the negative on the grounds.—

(1) that all that the evidence proved, if true, was the handing over of the child to Devaiya,

(2) that the intention to perform the ceremony on a subsequent date showed that, on the date of handing over of the child, there was no complete adoption,

(3) that no mention was made of the adoption in the so called will or in the plaint,

(4) that the evidence of Davaiya's funeral ceremonies having been performed in the name of 2nd Plaintiff was unsatisfactory, and

(5) that the failure of the 1st Plaintiff and the 2nd Plaintiff's natural father to appear as witnesses though frequently summoned by the 2nd Defendant, told strongly against the 2nd Plaintiff's claim.

Having decided the 1st question in the negative, the Chief Court has thought it unnecessary to consider the second.

No. 1804—PET. F. 37-96, DATED, BANGALORE, 14TH AUGUST 1897.

ORDER THEREON.—The 2nd Plaintiff Subramanya is the son of a shanbhog dismissed from the office for an offence committed in the execution of his official duties, and not being divested by an adoption of his rights and liabilities in his father's family, can have no claim whatever to the office. The mother of the dismissed shanbhog with whom she is living cannot be appointed as successor of the deceased shanbhog. The Deputy Commissioner's decree is accordingly reversed and that of the Assistant Commissioner dismissing the suit is restored.

1. Petition of Appeal No. 38 of 1896-97, presented by Balasangappa of Channagiri against the order of the Deputy Commissioner of Shimoga, fining the appellant for interfering with the boundary marks of his land Survey No. 83 of the village and for encroaching upon the bed of the adjoining tank called **Mallawannkatte**.

2. Letter No. 800—670, dated 30th January 1897, from the Deputy Commissioner, Shimoga District, reporting on the above petition.

3. Records of the case received with the above letter.

No. 2324-31—P. 339, DATED, BANGALORE, 27TH AUGUST 1897.

ORDER THEREON.—The facts are as follows:—

During the annual inspection of boundary marks in the year 1895-96, the Amildar of Channagiri taluk found that some boundary marks of Survey No. 83 of Channagiri in the appellant's holding had disappeared, and after holding an enquiry, reported that the appellant Balasangappa had put up a bund in the bed of the adjoining tank burying in it several boundary marks of his field, had also erected a new mark on the slope of the said bund and thereby encroached upon the tank bed to the extent of two guntas. The Officiating Deputy Commissioner found the appellant guilty under Sections 59 and 133 of the Land Revenue Code, fined him Rs. 20, and ordered the boundary marks to be restored at his cost. He further directed the removal of the bund on the ground that it arrested the spread of water which in consequence would overflow the tank bund and the road passing over it. But subsequently the permanent Deputy Commissioner on the representation of the appellant, ordered the bund to be left alone, being of opinion that it was only a small bund put up for the protection of the land and did not seem to be dangerous to the tank. The present appeal is against the order imposing the fine referred to above.

2. Government see no sufficient reason to interfere with the Deputy Commissioner's order appealed against. This appeal is therefore rejected.

3. Government observe that the petitioner has admitted that his servant erected a new boundary mark on the heap of earth which he threw in the bed of the tank. This bund which was thrown under his direction is said to have caused some boundary marks to disappear. These facts are sufficient to bring the case under Section 133 of the Land Revenue Code. The fine imposed on the petitioner is supported by that section as well as by Section 59 of the said Code. But Section 133 of the same Code requires that the summary enquiry should be held before the Deputy Commissioner. No doubt the Deputy Commissioner took the statement of the petitioner who was before him. But that alone is not sufficient to find all the facts of the case. The Deputy Commissioner's conclusion was based upon the Amildar's report. This does not appear to be a correct procedure, as, unless the evidence is recorded by the Deputy Commissioner himself as required for a summary enquiry by Section 203 of the Regulation, the evidence would not be legal and could not be acted upon.

4. The bund thrown in the bed of the tank seems to be 9 feet broad and 8 feet high. It is desirable that professional opinion should be taken as to whether it can safely be allowed to remain there.

Petition No. 4009, dated 9th June 1896, from Ramaiya of Kalpanahalli in the Shimoga taluk, appealing against the order of the Deputy Commissioner, Shimoga district, rejecting his application for the cancelment of the alienation of a portion of the pateli umbli lands by the petitioner's cousin Rudrappa.

2. Correspondence ending with letter No. 91—58, dated 16th July 1897, from the Deputy Commissioner, Shimoga district, from which the facts appear to be as follow:—

The patel hissedars mortgaged in 1876 to a stranger 3 acres and 37 guntas assessed at Rs. 36-8-0 out of Survey No 17 which formed a portion of the umbli lands, and sold it in 1886. On the application of the Registerdar patel for the transfer of the khata of the above land to the name of the purchaser the Amildar reported the matter in May 1892 to the Deputy Commissioner who approved of the transfer. The petitioner presented a petition protesting against the alienation in February 1894 to the Deputy Commissioner who declined to interfere as nearly 18 years had elapsed since the date of alienation.

2. The present Deputy Commissioner recommends that, taking into consideration the lapse of time and the fact that the alienated lands are fully assessed, they should be declared to be freed from the nominal inam tenure and entered in the accounts as ordinary unalienated lands.

No. 1934-41—Pet. 292, DATED, BANGALORE, 20TH AUGUST 1897.

ORDER THEREON.—Government observe that the assessment of the land does not represent the full value of it to its possessor. In restraining the alienation of these lands, the policy of Government has been to render permanent the sources of official income to a hereditary village officer's family apart from the potigi allowance which is payable to, and enjoyable by, the officiator alone. If sanction is accorded to the alienation in this instance, the result will be that not only the patel's family will be deprived of its official land, but an inconvenient precedent will be established. The Deputy Commissioner should therefore endeavour to induce the parties concerned to come to an amicable settlement by which the sale of the land by the hissedar may be cancelled. It may be pointed out that the hissedar who is guilty of this unauthorized act is liable to be removed from the register of heirs. The result of the Deputy Commissioner's further proceedings should be reported for the information of Government.

Petition No. 3625, dated 8th June 1897, from Hyath Sab, son of Muhammad Sab, Chikmagalur town, appealing against the order of the Deputy Commissioner, Kadur district, rejecting the petitioner's application for the grant of Survey No. 13 in Togarihankal village, Chikmagalur taluk, for cultivation.

2. Letter No. 130, dated 7th August 1897, from the Deputy Commissioner, Kadur district, reporting on the above and submitting the records of the case.

The facts are briefly these:—

The appellant made a darkhast for Survey No. 13 (measuring 2 acres and 24 guntas and assessed at Rs. 9-8-0) in the Togarihankal village in the Chikmagalur taluk, and after necessary enquiries the land was put up to auction on the 8th November 1895 when the darkhastdar himself purchased it for Rs. 30.

2. Mr. Cayley of the Hospet village complained to the Deputy Commissioner on the 9th November 1895 that the appellant would interfere with a stream running through Survey No. 13 which supplied drinking water to the coolies of the Hospet estate.

3. The Deputy Commissioner, after inspecting the land passed an order on the 9th December 1895, directing that the appellant should, before the land was made over to him, execute a muchalika binding himself not to utilize the water of the stream for irrigating his land.

4. On a reference made to the Survey Superintendent, it was also ascertained that the land in question which was classed as wet depended entirely on the stream for irrigation.

5. As the appellant refused to execute the muchalika unless the land was re-assessed at dry rates, the Deputy Commissioner cancelled the sale on 5th October 1896 on the ground that the water-supply to Hospet should be conserved.

No. 2370-77—PET. 354, DATED, BANGALORE, 28TH AUGUST 1897.

ORDER THEREON.—The land is an assessed wet land and the stream in it is intended to irrigate it. It does not appear that there are valid and adequate reasons to refuse the application of the petitioner. The order of the Deputy Commissioner "resuming the land" to Government does not appear to have the support of law. Denying the petitioner the use of water which is of the essence of classification of the land in wet cannot be regarded as the annexing of any reasonable condition to the occupancy such as is contemplated by Section 60 of the Land Revenue Code. Under these circumstances the appeal is allowed and the Deputy Commissioner is requested to put the land in possession of the petitioner and levy from him wet assessment in accordance with law.
